## FY 2023-2024 City Grant Proposal Term Sheet

Grant Recipient: The Human Collective Foundation, Inc. ("Recipient")

Program Name: The Human Collective Awareness Programs

**City Funding Request:** \$70,000

Contract/Grant Term: Upon City execution of agreement - September 30, 2024

Any substantial change to this FY 2023-2024 City Grant Proposal Term Sheet (the "Term Sheet") or a budget change not within 10% of the attached Program budget line-items will require City Council approval.

## **PROGRAM OVERVIEW:**

One of the key initiatives of the Human Collective Foundation is to provide much needed training to social workers in Duval County schools. We recognized that these professionals play a vital role in the well-being of our students, but often lack the resources and support required to address the complex mental health and emotional needs of the students they serve who may show signs of mental health issues. By partnering with the foundation, we have the opportunity to significantly amplify the impact of our local mental health professional's workers working in Duval County schools and those in the Jacksonville community working with school age youth through this professional training.

The Human Collective Foundation's second initiative focuses on raising awareness about the fight against the human trafficking by educating our community about the signs, risks, and prevention strategies related to human trafficking. We can work together to protect vulnerable individuals from falling victims. We can create an impactful and memorable event open to the public that not only raises awareness but also empowers individuals with knowledge and tools to fight human trafficking.

# PROGRAM SCOPE OF WORK AND DELIVERABLES:

Social Worker Appreciation and Mental Health Awareness event:

This event will entail:

- 1. Providing additional support and resources via professional workshops/training to equip mental health professionals working youth with the skills needed to address the mental health challenges students face.
- 2. Facilitating workshops and support groups to foster a network of collaboration among professionals and share best practices.
- 3. Enable mental health professionals to provide more individualized care to students.

Human Trafficking Awareness event:

- 1. The primary goal of this event is to create a welcoming and relaxed atmosphere that is open to the public.
- 2. This includes educating members of the public on recognizing the signs of human trafficking and the necessary steps to prevent it.
- 3. The event's focus on raising awareness and promoting engagement and underscores our commitment to combatting this critical issue.

## **PROGRAM COSTS/PAYMENT TERMS:**

## See the attached budget sheet.

## **PROGRAM IMPACT & REPORTING:**

The attainment of each Program's goals and objectives, as described above, will be realized through the creation of a community-wide awareness event, which will serve as a collaborative platform for like-minded organizations to convene and share crucial awareness topics in a welcoming networking environment. The effectiveness of these efforts will be assessed through measurable metrics, including attendance counts and the number of partnering organizations in attendance.

Moreover, the Program's achievements in the year immediately preceding this funding request will be demonstrated by our proactive efforts to significantly expand our volunteer base, thereby strengthening our presence in local schools focused on these two critical topics.

It's important to note that the anticipated impact of each Program extends beyond the initial event. While we estimate serving a range of 300-500 residents directly, the ripple effect of our awareness campaigns will be considerably greater. We intend to inspire these residents to take individual actions by organizing their own awareness events within their schools, businesses, and communities. By doing so, we anticipate reaching an additional 2500-5000 people, thereby amplifying the Program's overall impact and fostering a more informed and vigilant community.

## ADDITIONAL GRANT REQUIREMENTS AND CONDITIONS:

Recipient's expenditure of City funds for the Program(s) and the provision of services shall be subject to Chapter 118, Parts 1-5 of the *Jacksonville Ordinance Code*, and the terms and conditions of any contract entered between the City and Recipient. Recipient shall use the City funds for the Program in accordance with the City Council approved Term Sheet and Program budget. The City's Grant Administrator may amend this Term Sheet and the approved Program budget consistent with the Program needs, provided that any substantial change to this Term Sheet or a budget change not within 10% of the attached Program budget line-items will require City Council approval.
