To COJ President Randy White and City Council:

JSA would like to extend its endorsement of Bobby Stein's reappointment to the JEA board.

With his expertise at the Regency Group and service to the community in various leadership roles, JSA trusts he will continue to be a great resource working with all the Unions and JEA leadership to review and provide guidance for JEA's organizational efforts to serve its employees and customers.

Respectfully,  
Paul Avedon
