**Bill Type and Number:** Ordinance 2022-121

**Introducer/Sponsor(s):** Council President at the request of the Council Secretary

**Date of Introduction:** February 22, 2022

**Committee(s) of Reference:** R

**Date of Analysis:** February 24, 2022

**Type of Action:** Codification of Ordinance Code supplements

**Bill Summary:** The bill officially codifies Supplements 45 through 55 to the 1990 edition of the Ordinance Code, incorporating ordinances and applicable state laws passed between 2017 and January 2022.

**Background Information:** It has long been the practice to officially codify the Ordinance Code supplements produced one or times a year by the City's codifying company in order to ensure their incorporation into the Code and to have the latest edition of the Code be updated as the official, unified record of all applicable local law. When the Ordinance Code became available in an online version and was updated bi-weekly as ordinances were approved by the City Council, the hard-copy supplements were no longer approved and codified by Council action as regularly as in the past. The last supplement approval occurred in 2017. This ordinance ratifies and codifies Supplements 45 – 55 covering the period from 2017 to January of 2022.

**Policy Impact Area:** Ordinance Code update

**Fiscal Impact:** None
