Bill Type and Number: Ordinance 2024-72

Introducer/Sponsor(s): Council President at the request of the Mayor

Date of Introduction: January 23, 2024

Committee(s) of Reference: F, TEU

Date of Analysis: January 25, 2024

Type of Action: Appropriation; CIP amendment; designation of oversight agency

Bill Summary: The bill appropriates \$84,651.22 from the Public Parking Fund's fund balance to a parking garage maintenance CIP project to provide funding for engineering assessment and condition evaluation of the Main Library and Ed Ball Building parking garages. It amends the 2024-28 Capital Improvement Plan to add this project. The Public Works Department is designated as the City's oversight agency for the project.

Background Information: The appropriation provides funding to hire a consultant to examine construction documents and evaluate the current conditions of the Main Library and Ed Ball Building parking garages and determine what, if any, repairs or improvements are needed to ensure the continued safety of those structures. The collapse of the top level of a parking garage in the Riverside area last year demonstrated the need for periodic evaluation of the condition of such structures and repair of any identified problems.

Policy Impact Area: Parking garage structural conditions

Fiscal Impact: The bill appropriates \$84,651.22 from the Public Parking Fund's fund balance.
