## General Fund Operating Fund Revenue and Expenditure Forecast Information and Assumptions

### Revenue

#### Ad Valorem Taxes

Gross: 5% growth for FY 22, 4% for FY23 - FY24 and 3.5% for FY 25

#### State Shared Revenue

Due to covid\_19 impact on FY21 revenue estimates several of the revenues including Municipal Fuel tax, County / Municipal State Shared and Local Government Half Cent taxes are using FY19 year-end as the basis for the projections. By doing this any increase that would have happened in FY21 without the impact of covid\_19 are not taken into account. This makes the FY 22 through FY 25 conservative.

#### General Fund Loan

Assumes loans to Solid Waste continuing at FY 21 proposed level

#### Contribution From Local Units

Category assumes only 1% increase annually (Minimum floor per section 21.07) from JEA

### Expenditures

The Supervisor of Elections budget has been adjusted to reflect the number of elections schedule for each fiscal year. Expenditures reflect costs associated fire station projects on the FY 21 - 25 proposed CIP.

#### Personnel Costs

Current collective bargaining agreements ran through FY 20

The City is currently in negotiations with the employee unions so FY 21 and FY 22 contain no COLA Increases

FY 23 through FY 25 Include a 2.5% COLA increase

Assumes that School Guardian Program costs continue through FY 25

Defined benefit pension estimates by pension type have been provided by the City's actuary

Defined contribution pension plans will continue to have significant growth as positions become vacant

Workers' Compensation increase 7% annually and Heart Hypertension increase 10% annually

Includes costs for 40 firefighter positions in SAFER grant moving into the General Fund Operating fund in FY23

#### Internal Services Charges

IT Equipment and Radio Refresh: Based on IT 5 year plan

Computer Sys Maint / Security and IT System Development: Based on IT 5 year plan

Vehicle replacement based on previous, proposed and anticipated replacements

#### Debt Service

Based on amortization schedules. This category will continue to decline as older bond issues are retired. Newer, current and future bond issues are included in a different category titled "Debt Management Fund Repayments".

#### Contingencies

Forecast includes on those contingencies that are included each year including: 1) Federal Programs Contingency 2) Federal Matching Grants (B1b), F.I.N.D Grant Match (B1c), and Council / Mayor's Operating Contingencies

It does not include any special council contingencies.

#### Debt Management Fund Repayments

Based on amortization schedules for existing loans and estimates based on outstanding authorization as well as the proposed FY 21 - 25 CIP.

#### General Fund - Loan / Loan Repayment

Solid Waste: Assumes loans continuing at the FY 21 amount

This schedule contains the vehicles that will be replaced in FY21 as approved by Council. In order to receive the replacement vehicle the "old vehicle" as stated here by vehicle number must be turned in. Fleet Management has the option to keep turned in patrol vehicles on the City cap to be used exclusively for JSO wreck replacements and to keep JFRD apparatus on the City cap for one fiscal year for various purposes. Any changes to this schedule will have a financial impact in FY21. Fleet Management maintains all related documentation pursuant to section 106.216.

Program Name	Description	FY 20-21
STD	<p>This program is responsible for investigating, educating and treating individuals within our community who have been exposed to a sexually transmitted disease. This program employs Disease Intervention Specialists (DIS) whose task is to investigate reports of STD exposure. More specifically, this program is called to investigate the source and spread of disease in our community with a focus on pregnant women and teenagers. Our division of communicable disease control tasks DIS to perform investigations that determine the source and spread of disease. These DIS take steps to then intervene and prevent additional individuals in our community from becoming infected with a STD or HIV. This program also works with private providers to ensure all providers and laboratories that diagnose and treat an individual for a sexually transmissible disease also report the information in an appropriate and timely manner. Program also offers treatment for those who have tested positive for STD's in our community. Our clinical staff offers treatment for all individuals or partners of individuals who have tested positive for a STD.</p>	147,000
Immunizations	<p>This program offers vaccines to the community for various infectious diseases which include measles, mumps, rubella, pertussis, diphtheria, tetanus, polio, varicella, pneumococcal disease, hepatitis A, hepatitis B, influenza, meningococcal and Haemophilus influenzae type b (Hib). These common childhood and adult diseases are easy to spread from one person to another. They are particularly dangerous to very young children who have low resistance to infection and are more likely to develop serious problems such as deafness, retardation, brain and spinal cord damage and, occasionally, death. The diverse population receiving immunizations at our center are offered services on a scheduled and walk-in basis. The South Jacksonville Immunization Center continues to be a valuable source of immunizations, information, and education. This site is particularly vital as we see an increase in the number of medical providers who either no longer offer immunizations or do so only in a limited capacity.</p>	258,292
HERAP	<p>This is a clinic-based case management and education program designed to improve health outcomes for uninsured, underinsured, and low-income residents of our community. This program provides case management and education services to HIV clients. Nutritional counseling is also provided for these clients. Self-Management workshops (diabetes and chronic disease aka Living Healthy Workshops) are taught by our qualified staff in conjunction with our community partner AHEC in the community. Additional services provided by this program includes: Nutrition counseling for diabetes, hypertension, hyperlipidemia and obesity; Case management services; Outreach events (B/P and diabetes screenings); and a New DEAL Diabetes Program of the Florida Department of Health in Duval County provides diabetes self- management education workshops that are accredited by the American Association of Diabetes Educators.</p>	350,243
