Reversion of Funds:
(if applicable)

Fund / Center / Account / Project * / Activity / Interfund / Future

Fiscal Yr(s) of carry over (all-years funds do not require a carryover)

Section of Code Being Waived (if applicable):

128.311

CIP (yes or no): No

Justification for Waiver

The Municipal Code sets up a process for dividends to be distributed back to the plan participants based on the portion over the reserve levels. This would bypass the code section process given the amount of excess City reserves in the fund and the overall operating and emergency reserves of the City.

Justification for / Description of Transfer:

This is intending to transfer the City's portion of the unassigned balance (amount above reserve maximums) and a portion of the City's reserve for workers compensation. The reserve amount is over and above the liability amount booked pursuant to the actuarial study. The \$45 million will be placed in a contingency in the Downtown Economic Development Fund subject to City Council approval for DT Riverfront Residential incentives. This does not impact the contributions made by the other plan participants.

Net Amount Appropriated and/or Transferred:

\$45,000,000.00
