Date of Analysis: October 28, 2020

Type of Action: Appropriation. Agreement authorization and designation of oversight agency

Bill Summary: This bill is an appropriation from within the Office of the Property Appraiser's fund balance in the amount of \$255,852.00 for the provision of contractual services by Aumentum for FY 2020-2021. The Single Source Contract is authorized between the City of Jacksonville and Manatron, Inc., Aumentum Technologies. The Office of the Property Appraiser will provide contract oversight.

Background Information: The purpose of this legislation is to appropriate available fund balance within the property appraiser's subfund to pay for FY20 Manatron contract obligations. The funds were budgeted in FY20 but not spent due to the vendor closing down for COVID-19, so they have not been paid for FY20 yet and they have continued to provide service (Computer Assisted Mass Appraisal (CAMA) system services, including disaster recovery and technical support services) while waiting for the contract to be finalized.

Policy Impact Area: Office of the Property Appraiser
