The Developer has submitted a new proposal to the DIA (the “Proposal”) to redevelop the Project Parcel as set forth herein. Accordingly, the Prior Redevelopment Agreement, inclusive of any other documents, agreements or easements executed or granted thereunder (exclusive of the deed conveying the Project Parcel to Developer and the Right of First Refusal Agreement dated August 2, 2021 between City and Developer, both of which are being amended as provided in this Agreement), are hereby terminated as of the Effective Date hereof consistent with Section 9.8 below, and City, DIA and Developer, as applicable, agree to execute any additional documentation as necessary to affect the termination of the same.

The Project is depicted on the final plan submittal (the “Final Plan Submittal”) as approved by DDRB on October 17, 2023, with conditions, as may be amended by any subsequent approval by the DDRB, in its sole discretion with regard to modifications to the Final Plan Submittal requiring resubmittal to

REV GRANT**

6.1 Recapture Enhanced Value Program; Amount.

The DIA shall make a Multi-Family Market-Rate Recapture Enhanced Value grant (“REV Grant”) in the up-to, maximum amount of \$19,798,000 to the Developer, partially payable beginning in the first year following the Substantial Completion of the Improvements on the Project Parcel and its inclusion on the City tax rolls at full assessed value (the “Initial Year”) and ending on the earlier of: (i) 15 years thereafter, but not later than 2045 payable in 2046 (the “Final Year”). The City agrees to assume the obligations of the DIA to pay the REV Grant in accordance with this Agreement in the event of the expiration or termination of Southbank Community Redevelopment Area TIF (the “Southside CRA”) during the term of the REV Grant as set forth herein, all as more fully described below in this Article 6.

6.2 Payments of REV Grant.

The REV Grant shall be paid by the DIA to the Developer or its permitted assigns of the Residential Improvements by check or wire transfer, in annual installments determined in accordance with Section 6.3, due and payable on or before May 15 of each calendar year, commencing May 15 of the Initial Year and ending May 15 of the Final Year, or when the maximum amount of the REV Grant shall have been paid to the Developer, whichever occurs first. The DIA shall have no liability for any REV Grant in excess of the amount stated in Section 6.1 or after payment of the final installment due May 15 of the Final Year, and, except as expressly provided in this Agreement, the REV Grant payments as determined pursuant to Section 6.3 shall not be subject to reduction or repayment. Notwithstanding anything contained in Section 15.23 of this Agreement, any

termination of this Agreement due to a failure to appropriate any portion of the REV Grant shall be conditioned on Developer's written approval of such termination.

6.3 **Determination of Annual Installments of REV Grant.**

The amount of each annual installment of the REV Grant shall be the sum which is equal to 75% (the "REV Grant Percentage Rate") of the "Annual Project Revenues" (as defined and determined in this Section 6.3) actually received by the City during the twelve (12) month period ended April 1 preceding the due date of such annual installment. For the purposes of this Agreement, "Annual Project Revenues" means the amount of all municipal and county ad valorem taxes (e.g., exclusive of, among other things, ad valorem real property taxes imposed by or on behalf of the Duval County Public Schools, St. Johns River Water Management District, or Florida Inland Navigation District), exclusive of any amount from any debt service millage or Business Improvement District ("BID") millage, actually paid by any taxpayer for that tax year (net of any discount pursuant to Section 197.162, Florida Statutes, or any successor provision, actually taken by the taxpayer) during such period with respect to all real property and tangible personal property comprising the Project, less the amount of all municipal and county ad valorem taxes that would have been levied or imposed on the Project using the assessed value for the Base Year, which for the purpose of this Agreement shall be \$5,263,168.00 exclusive of any debt service millage. The foregoing references to ad valorem taxes shall be deemed to include any other municipal or county taxes, or other municipal or county fees or charges in the nature of or in lieu of taxes, that may hereafter be levied or imposed on the Developer with respect to real property comprising the Project, in lieu of or in substitution for the aforesaid taxes and which are levied or imposed for general municipal or county purposes or shall be available for the DIA's southbank trust fund, but not including stormwater or garbage fees or assessments.

By April 1 of each calendar year, commencing April 1 of the Initial Year and ending April 1 of the Final Year, Developer shall give written notice to the DIA of the amount of county ad valorem taxes paid during the preceding twelve (12) month period ending April 1, quantified by real property amounts. If, by April 1 of any year, the Developer has failed to give notice of such taxes paid during the preceding twelve (12) month period, but Developer has timely paid such taxes for such year, Developer shall have the right to provide the written notice no later than September 1 of such fiscal year, and in such event the Developer shall still be eligible for the REV Grant payment for that year. Further, if the Developer provides timely notice in future years in accordance with this Agreement, the Developer shall be eligible for a REV Grant payment based on the Annual Projected Revenues in such future year's notice.

Except as provided below, within thirty (30) days of receipt of said notice, DIA shall provide Developer with a calculation as to the annual REV Grant. If the Developer does not give written notice to the DIA of its objection to the DIA's calculation within thirty (30) days after its receipt thereof, the DIA's calculation shall be considered

acceptable. Except as provided below, the DIA shall make payment of the REV Grant by the later of May 15th of each calendar year or thirty (30) days after DIA's receipt of notification by the Developer that it is in agreement with the DIA's annual calculation. In the event of a disagreement as to the calculation, the DIA shall make payment of the amount not in dispute and the parties shall negotiate in good faith any disputed amount.

The foregoing dates for the DIA to provide the REV Grant calculation and make the REV Grant payment shall be extended if on either of such dates the Developer has a pending proceeding before the City Value Adjustment Board, Circuit Court, or otherwise that could change the amount of the Annual Project Revenues that Developer was obligated to pay for that tax year and upon which the REV Grant payment would be based. In that event, the date that the DIA is required to provide the REV Grant calculation to Developer shall be extended until 30 days after the date that Developer notifies the DIA that any such proceeding has been finally resolved (including any appeals) and any adjustment to the Annual Project Revenues for that tax year has been made and paid. Such notice shall include (i) a copy of any final order or final judgment or other evidence of the resolution of such proceeding that sets forth any change to the assessed value of the Property upon which the Annual Project Revenues are based for that tax year, and (ii) the amount of the adjusted Annual Project Revenues paid by the Developer.

6.4 **Maintenance Contribution.**

Commencing with the first payment year of the REV Grant and extending for a thirty (30) year term, Developer will pay to the City on an annual basis \$98,117, which will increase by 2% annually each year after the first payment date (the "Maintenance Contribution"). The payment will be made each May 15 of the thirty (30) year term. The Maintenance Contribution is intended to be used for additional contract maintenance services to maintain St. Johns River Park and Friendship Fountain above the standard maintenance obligations of City and City agrees to use the Maintenance Contribution annually for such purpose. In the event Developer has exercised its right of set-off pursuant to the terms of this Agreement in regard of the City's Bulkhead Improvements and/or Riverwalk Parcel maintenance obligations set forth in the Riverwalk Access Easement against all or a portion of an annual Maintenance Contribution, City agrees to fund an amount equal to the Maintenance Contribution it would have received in the absence of the set-off.

6.5 **Further Disclaimer.**

The REV Grant shall not be deemed to constitute a debt, liability, or obligation of the City, DIA or of the State of Florida or any political subdivision thereof within the meaning of any constitutional or statutory limitation, or a pledge of the faith and credit or taxing power of the City, DIA or of the State of Florida or any political subdivision thereof, but shall be payable solely from the funds provided therefor in this Article 6. The City and DIA shall not be obligated to pay the REV Grant or any installment thereof except from the non-ad valorem revenues or other legally available funds provided for that purpose,

and neither the faith and credit nor the taxing power of the City, DIA or of the State of Florida or any political subdivision thereof is pledged to the payment of the REV Grant or any installment thereof. The Developer, or any person, firm or entity claiming by, through or under the Developer, or any other person whomsoever, shall never have any right, directly or indirectly, to compel the exercise of the ad valorem taxing power of the City, DIA or of the State of Florida or any political subdivision thereof for the payment of the REV Grant or any installment of either.

Article 7. COMPLETION GRANT

7.1 Completion Grant; Amount.

The Developer shall be eligible for a completion grant (“Completion Grant”) in the maximum amount equal to \$39,000,000, payable in accordance with this Agreement. The City’s obligation to make the Completion Grant is subject to the terms and conditions of this Agreement. Prior to any disbursement of the Completion Grant: (i) the Developer shall have provided documentation or required its Senior Construction Lender to provide documentation to the DIA demonstrating Developer has disbursed and paid a minimum of \$67,000,000 of Developer Equity into the Capital Investment relating to the Project (“Developer Equity Requirement”).

7.2 Disbursement of Completion Grant.

The Completion Grant will be made available for funding after Commencement of Vertical Construction of the Improvements in accordance with the terms and conditions of this Agreement with the first draw made on a pari-passu basis with the Developer’s senior construction lender (the “Senior Construction Lender”) funds. Thereafter, the Completion Grant will be funded on a pari-passu basis with the Senior Construction Lender funding, with payments made on a semi-annual basis (no more than a single payment made by City in any six-month period). Pari passu calculations for City funding requests shall be based on actual payments made by the Senior Construction Lender, as supported by draw requests, inspection reports from a third-party inspector and the architect’s certification of progress made or materials delivered, in proportion to the initial construction loan commitment evidenced in the executed loan documents between Developer and Senior Construction Lender. Each draw request shall detail the retainage withheld from the general contractor for each such payment. The City shall receive a copy of the lender draw request and lender’s inspector’s report with the draw requests made to the escrow agent. Any protective advances required at any point during the construction shall be the sole requirement of the Senior Construction Lender and shall not be paid from the Completion Grant. Upon Developer obtaining a certificate of occupancy for all of the residential units in the Project, any remaining balance required to complete disbursement of the Completion Grant shall be disbursed to Developer.

Upon the later of (i) Developer submitting its application for a building permit for the Improvements, and (ii) October 1, 2025, DIA will coordinate with the City to escrow the full amount of the Completion Grant, pursuant to the escrow agreement in the form attached hereto as **Exhibit Q** (the “Completion Grant Escrow and Disbursement Agreement”), subject to and contingent upon a lawful appropriation of funds therefor by City Council. Disbursement requests and draws shall be made in accordance with the Completion Grant Escrow and Disbursement Agreement. City and DIA agree and acknowledge that Developer has not selected a Senior Construction Lender and the parties agree to work in good faith to accommodate reasonable changes to the Completion Grant Escrow and Disbursement Agreement if requested by Developer’s Senior Construction Lender. All interest on funds held in escrow shall inure to the exclusive benefit to the City.

Developer shall take all action necessary to have any mechanic’s and materialmen’s liens, judgment liens or other liens or encumbrances filed against the Project Parcel (other than any consensual mortgage) released or transferred to bond within twenty (20) days of the date Developer receives notice of the filing of such liens or encumbrances. If any such lien or encumbrance is filed, the City shall not be required to make any disbursement of the Completion Grant until such lien or encumbrance is bonded over or removed and the City receives a copy of the recorded release. The City shall not be obligated to disburse any of the Completion Grant to Developer if, in the reasonable opinion of the City, any such disbursement or the Project Parcel would be subject to a mechanic’s or materialmen’s lien or any other lien or encumbrance other than inchoate construction liens. Developer shall be fully and solely responsible for compliance in all respects whatsoever with the applicable mechanic’s and materialmen’s lien laws.

The Developer shall have provided to the DIA, in form and substance reasonably satisfactory to the DIA, any such other document, instrument, information, agreement or certificate the DIA may reasonably require related to the construction or completion of the Improvements.

If the Residential Improvements, the Parking Garage Improvements and the Riverwalk Improvements (collectively, the “Guaranty Termination Improvements”) are not completed by the date that the REV Grant is forfeited pursuant to Section 13.3(b)(ii) below, the City may thereafter at any time prior to Developer obtaining a certificate of occupancy (or its equivalent) for the Guaranty Termination Improvements provide its written demand to the guarantor (the “Guaranty Demand Notice”) exercising its right to payment pursuant to Developer’s corporate repayment guaranty in the form attached hereto as **Exhibit R** (the “Payment Guaranty”) pursuant to which the guarantor shall repay the City those portions of the Completion Grant released from escrow to or for the benefit of Developer and the escrow agent will refund the City the balance of funds in the escrow account pursuant to the terms of the Completion Grant Escrow and Disbursement Agreement. Upon Developer obtaining a certificate of occupancy (or its equivalent) for the Guaranty Termination Improvements prior to the delivery of a Guaranty Demand Notice the Payment Guaranty to the City will terminate and the guarantor will have no

further liability thereunder. Notwithstanding the foregoing, guarantor's liability under the Payment Guaranty will be capped at \$1,000,000 if, at the time of Developer's receipt of a Guaranty Demand Notice, Developer has obtained a certificate of occupancy (or its equivalent) for the Residential Improvements and the Parking Garage Improvements but not the Riverwalk Improvements.

7.3 **No Warranty by City or DIA**

Nothing contained in this Agreement or any other document attached hereto or contemplated hereby shall constitute or create any duty on or warranty by City or the DIA regarding: (a) the accuracy or reasonableness of the Project budgets; (b) the feasibility or quality of the construction documents for the Project; (c) the proper application by the Developer of the Completion Grant funds; (d) the quality or condition of the work; or (e) the competence or qualifications of any third party furnishing services, labor or materials in connection with the construction of the Project. Developer acknowledges that it has not relied and will not rely upon any experience, awareness or expertise of the City or DIA, or any City or DIA inspector, regarding the aforesaid matters.

7.4 **Further Disclaimer.**

The Completion Grant shall not be deemed to constitute a debt, liability, or obligation of the City, DIA or of the State of Florida or any political subdivision thereof within the meaning of any constitutional or statutory limitation, or a pledge of the faith and credit or taxing power of the City, DIA or of the State of Florida or any political subdivision thereof, but shall be payable solely from the funds provided therefor in this Article 7. The City and DIA shall not be obligated to pay the Completion Grant or any portion thereof except from the non-ad valorem revenues or other legally available funds provided for that purpose, and neither the faith and credit nor the taxing power of the City, DIA or of the State of Florida or any political subdivision thereof is pledged to the payment of the Completion Grant or any portion thereof. The Developer, and any person, firm or entity claiming by, through or under the Developer, or any other person whomsoever, shall never have any right, directly or indirectly, to compel the exercise of the ad valorem taxing power of the City, DIA or of the State of Florida or any political subdivision thereof for the payment of the Completion Grant or any portion thereof

Article 8. PARKING RIGHTS

8.1 **City use of Parking Garage.**

Prior to Commencement of Construction of the Parking Garage Improvements, the Developer and City will record a Parking Rights Easement in the Public Records of Duval County sufficient to protect the City's interest in the City Spaces in the form attached hereto as **Exhibit S**. Developer shall coordinate with its lenders to provide that the Parking Rights

Easement shall be superior in title to all other liens and encumbrances on the Project Parcel as shown by a title commitment obtained by Developer at its expense using Greenberg Traurig, P.A., as agent for the Title Company, and in a form reasonably satisfactory to the DIA. City shall have the right to assign such use rights in the Parking Garage in its sole discretion, and shall promptly provide written notice of any such assignment to Developer. Notwithstanding anything contained herein, the City Spaces shall be used exclusively for the parking of non-commercial vehicles by the City, its employees, patrons, designees and general public for general short term parking. For the avoidance of doubt, City Spaces may not be used for (a) the parking of commercial vehicles, including, without limitation, City trucks and fleet vehicles or (b) residential parking for a residential development located outside of the Project Parcel. Developer shall install a gate in order to separate the residential parking spaces for the Project from the City Spaces and other guest spaces located in the Parking Garage.

Article 9.

GRANT OF EASEMENTS TO DEVELOPER BY CITY; RIVERWALK PARCEL; ADDITIONAL CITY OBLIGATIONS.

9.1 Grant of Temporary Construction Easements from City to Developer.

On the Effective Date of this Agreement, the City shall grant the Riverwalk Temporary Construction Easement in the form attached hereto as **Exhibit K** to the Developer, or its assignee, in connection with the construction of the Project. At the request of the Developer, City shall grant the Tower Crane License Agreement in the form attached hereto as **Exhibit L** to the Developer, or its assignee, in connection with the construction of the Project. City will work in good faith with Developer to complete the exhibits to the Tower Crane License Agreement consistent with the reasonable requests of Developer and its general contractor. In the event that the City and Developer agree on a mutually acceptable construction staging area on property owned by the City, at the request of Developer, the City shall grant the Construction Staging Temporary Construction Easement to the Developer, or its assignee, in connection with the construction of the Project.

9.2 Grant of Easements Upon Substantial Completion of Improvements.

The City shall grant the following easement to the Developer, or its assignee, in connection with the Project upon Substantial Completion of the Improvements:

(a) Non-exclusive, perpetual vehicular and pedestrian access easement to: (i) the loading area for the benefit of the Parking Garage in form and substance as set forth on **Exhibit V** attached hereto (the "Loading Area Easement").

(b) A non-exclusive, pedestrian easement over the Riverwalk Parcel to provide access to any future marina for the benefit of residents, guests and invitees of

improvements located on the Project Parcel, in form and substance as set forth on **Exhibit W** attached hereto (the “**Riverwalk Access Easement**”). The Riverwalk Access Easement shall also include a restrictive covenant regarding vertical development on the Riverwalk Parcel by the City. To the extent the Developer exercises its self-help remedy consistent with and as set forth in the Riverwalk Access Easement, such expenditures (to the extent a reimbursement is owed by the City on the date the Maintenance Contribution is due hereunder) may be set off against the Maintenance Contribution. The self-help remedy set forth in the Riverwalk Access Easement and right of set off as set forth herein shall be Developer’s sole and exclusive remedy under this Agreement and the Riverwalk Access Easement for any default by City for failure to maintain the Riverwalk Improvements or Bulkhead Improvements.

9.3 **Riverwalk Parcel.**

The City shall retain the fee title to the Riverwalk Parcel, subject to a restrictive covenant included within the Riverwalk Access Easement in favor of Developer prohibiting the construction of vertical improvements greater than six (6) feet in height other than landscaping, cultural pieces, lighting fixtures, shade devices and signage within the Riverwalk Parcel.

9.4 **Bulkhead.**

As of the Effective Date, City is in the process of reconstructing the existing bulkhead along the northern boundary of the Project Parcel and the St. Johns River. City agrees to construct the Bulkhead Improvements consistent with resilience recommendations current as of the Effective Date hereof and in accordance with the Bulkhead Plans and the existing bulkhead as improved and reconstructed in accordance with the Bulkhead Plans, the “**Bulkhead**”. City shall retain ownership of the Bulkhead and maintain the Bulkhead as set forth in the Riverwalk Access Easement. In the event that any approved reimbursement under the Riverwalk Access Easement remains outstanding at the time that a Maintenance Contribution is due pursuant to the terms of this Agreement, Developer may set off the amount owed by City against the Maintenance Contribution (and any future Maintenance Contribution) until Developer has recouped its expenditures. The self-help remedy and right of set off described above in this paragraph shall be Developer’s sole and exclusive remedy for any default by City for failure to maintain the Bulkhead as required under this Agreement.

9.5 **Stormwater Credits.**

Consistent with and pursuant to Chapter 55, Part 2, *Ordinance Code*, Developer may apply for and upon approval of such application and payment of the applicable fee based on the rates in effect as of the application date¹, the City shall convey any Water

Quality Compensatory Credit(s) as necessary for the construction of the Improvements in accordance with this Agreement.

9.6 **Repurchase Right.**

On the Effective Date, the City and Developer shall amend that certain “repurchase right” contained in that certain Quit-Claim Deed With Repurchase Right dated August 2, 2021 delivered by City to Developer, recorded in Official Records Book 19870, page 1410 of the public records of Duval County Florida to reference this Agreement and the relevant dates contained herein, in substantially the form attached hereto as **Exhibit X.**

9.7 **Right of First Refusal.**

On the Effective Date, the City and Developer shall amend that certain Right of First Refusal Agreement dated August 2, 2021 between City and Related Development, LLC, recorded in Official Records Book 19870, page 1495 of the public records of Duval County Florida with regard to the MOSH Parcel to extend the termination date for a period of ten (10) years from the Effective Date of this Agreement, in substantially the form attached hereto as **Exhibit Y.**

9.8 **Allocation of Development Rights and Mobility Fee Credits.**

The DIA allocates the lesser of: (i) 400 units of multi-family and 9,000 square feet of commercial retail; or (ii) the actual necessary multi-family and commercial retail entitlements after internal conversion of the 23,408 square feet of prior retail/restaurant utilizing the CBD Land Use Transportation/Trade-Off Matrix adopted as part of the City’s Comprehensive Plan to multi-family and/or commercial retail to the Developer for use on that property commonly referred to as the River City Brewing Company site and currently identified by Duval County Tax Parcel 080270 1000, subject to the site plan provided to and approved by the Downtown Development Review Board. The DIA assigns to Developer mobility fee credits necessary to construct the project contemplated by this Agreement. The Developer may assign these entitlements and mobility fee credits to another entity approved by DIA pursuant to this Agreement to serve as developer of the project. The entitlements and mobility fee credits must be assigned, if at all, to the same entity and are only available for use on the subject site. Any balance of unused or unconstructed entitlements and their corresponding mobility fee credit value existing as of the earlier of: (a) the date of Substantial Completion of the Improvements; or (b) in the event of a default with respect to the Developer's obligations pursuant to this Agreement, the date on which any applicable cure period has expired, and the default has not been cured, and DIA has elected to exercise its right to terminate this Agreement, shall automatically terminate and return to the DIA without any further action by the DIA and without execution of any document by Developer or its assignee. Such return of entitlements and mobility credits shall be recorded by DIA in its permanent record of entitlements and credits.

9.9 **Termination of Prior Agreements.** On the Effective Date, Developer, DIA and City will execute the termination of the Prior Redevelopment Agreement and certain documents that were executed in connection therewith and/or as part of the closing pursuant to the Prior Redevelopment Agreement in substantially the form attached hereto as **Exhibit Z.**

Article 10. THE DEVELOPMENT

10.1 Scope of Development.

The Developer shall construct and develop or cause to be constructed and developed, the Improvements, which the Developer is obligated to construct and develop in accordance with the Performance Schedule (subject in all cases to authorized extensions of the applicable Performance Schedules contemplated by this Agreement including Force Majeure) and this Agreement.

10.2 Cost of Development.

Except as otherwise set forth in this Agreement, the Developer shall pay all costs of constructing and developing the Improvements incurred by Developer at no cost to the DIA or the City. For purposes of clarity, the City's and DIA's only financial obligations in connection with this Agreement are the financial obligations included in the City/DIA Obligations to be disbursed or paid in accordance with the terms and conditions of this Agreement.

10.3 Approval by Other Governmental Agencies.

All of the parties' respective rights and obligations under this Agreement are subject to and conditioned upon approval of the Project and all project documents by such other governmental agencies, whether state, local or federal, as have jurisdiction and may be required or entitled to approve them. Notwithstanding any provision of this Agreement to the contrary, neither the City nor the DIA guarantee approval of this Agreement or any aspect of the Project by any government authorities and agencies that are independent of the City.

10.4 Authority of DIA to Monitor Compliance.

During all periods of design and construction, the CEO of the DIA and the City's Director of Public Works, or their respective designees, shall have the authority to monitor compliance by the Developer with the provisions of this Agreement. Insofar as practicable, the DIA shall coordinate such monitoring and supervising activity with those undertaken by the City so as to minimize duplicate activity. To that end, during the period of construction and with prior written notice to the Developer, representatives of the DIA and the City shall have the right of access to the Project Parcel and to every structure on the

Project Parcel during normal construction hours, but such representatives shall not unreasonably interfere with the work in progress and such inspections shall not occur more frequently than once per month. All such entry shall be at the City and DIA's sole risk.

10.5 **Timing of Completion.**

The Improvements shall be completed substantially in accordance with the terms of this Agreement and the Performance Schedule subject to extension of such timelines pursuant the terms of this Agreement including Force Majeure.

10.6 **Construction and Operation Management.**

Except as otherwise expressly provided herein, the Developer shall have discretion and control, free from interference, interruption or disturbance, in all matters relating to the management, development, redevelopment, construction and operation of the Project (as their respective obligations are set forth in this Agreement), provided that the same shall, in any event, conform to and comply with the terms and conditions of this Agreement, and all applicable state and local laws, ordinances and regulations (including, without limitation, applicable zoning, subdivision, building and fire codes). The Developer's discretion, control and authority with respect thereto shall include, without limitation, the following matters:

(a) the construction and design of the Project, subject to the express terms and conditions of this Agreement;

(b) the selection, approval, hiring and discharge of engineers, architects, contractors, subcontractors, professionals and other third parties (collectively, the "Vendors") on such terms and conditions as the Developer deems appropriate;

(c) the negotiation and execution of contracts, agreements, easements and other documents with third parties, in form and substance satisfactory to Developer; and

(d) the preparation of such budgets, cost estimates, financial projections, statements, information, and reports as the Developer deems appropriate.

**Article 11.
JSEB PROGRAM**

11.1 **Jacksonville Small and Emerging Businesses (JSEB) Program.**

The Developer, in further recognition of and consideration for the public funds provided to assist the Developer pursuant to this Agreement, hereby acknowledge the importance of affording to small and emerging vendors and contractors the full and

reasonable opportunity to provide materials and services. Therefore, the Developer hereby agree as follows:

The Developer shall obtain from the City's Procurement Division the list of certified Jacksonville Small and Emerging Businesses ("JSEB"), and shall exercise commercially reasonable good faith efforts, in accordance with Municipal Ordinance Code Sections 126.608 et seq., to enter into contracts with City certified JSEBs to provide materials or services in an aggregate amount of not less than \$11,596,000, which amount represents 20% of the City's and DIA's maximum contribution to the Project with respect to the development activities or operation of the Project over the term of this Agreement.

The Developer shall submit JSEB report(s) regarding their respective actual use of City certified JSEBs on the Project, (i) on the date of any request for City/DIA funds which are payable prior to the Substantial Completion of the Improvements, (ii) upon Substantial Completion of the Project and Improvements. The form of the report to be used for the purposes of this section is attached hereto as Exhibit AA (the "JSEB REPORTING FORM").

Article 12. REPORTING

12.1 Reporting.

On an annual basis, the Developer shall submit reports to the DIA regarding the status of construction of the Project and all other activities affecting the implementation of this Agreement, inclusive of the notice of ad valorem taxes paid pursuant to Section 7.3 hereof, including a narrative summary of progress on the Project. Samples of the general forms of these reports are attached hereto as Exhibit BB (the "Annual Survey"); however, the specific data requested may vary from the forms attached. In addition, the Developer shall submit monthly construction reports in form and content reasonably acceptable to the DIA regarding the status of construction of the Project.

The Developer' obligation to submit such reports shall continue until Developer has complied with all of the terms of this Agreement concerning the Project, the Completion Grant and the Improvements, and end upon Substantial Completion of the Improvements, except that the Developer shall continue its reporting requirements as required for the REV Grant for the remaining term of the REV Grant.

Within thirty (30) days following a written request of the DIA or the City, the Developer (as applicable) shall provide the DIA or the City with additional documentation and information relating to this Agreement as reasonably requested by the DIA or the City.

Article 13.
DEFAULTS AND REMEDIES

13.1 General.

An “Event of Default” under this Agreement with respect to the Project shall consist of the breach of any covenant, agreement, representation, provision, or warranty (that has not been cured prior to the expiration of any applicable grace period or notice and cure period contained in this Agreement or such other documents, as applicable) contained in: (i) this Agreement; (ii) the documents executed in connection with the Agreement; (iii) any material document provided by the Developer to the City or DIA relating to the Project; or (iv) any default beyond the applicable cure periods under any and all financing agreements of the Developer relating to any portion of the Project that entitles the lender to accelerate or foreclose on the loan and exercise its remedies under the applicable loan documents (collectively, the “Project Documents”), and the failure to cure any such breach within the cure periods set forth below.

Notwithstanding anything to the contrary contained herein, no occurrence under (i) - (iv) above shall constitute an Event of Default until the City has given the Developer written notice of the default and thirty (30) calendar days within which to cure the default; provided, however, that defaults in connection with the Performance Schedule shall have no notice or cure period and shall be governed by Section 13.3 below; provided, further, however, that the City/DIA may withhold any portion the REV Grant immediately upon the occurrence of a default and throughout any notice or cure period until such default is cured. If any default cannot reasonably be cured within the initial thirty (30) calendar days, no Event of Default shall be deemed to occur so long as the Developer has commenced and is diligently implementing a cure within such thirty (30) day period and diligently pursues such cure to a conclusion.

If any such Event of Default occurs under this Agreement, with respect to the Project, the City may refuse to pay any portion of the REV Grant and additionally the City may at any time or from time to time proceed to protect and enforce all rights available to the City and DIA under this Agreement with respect to the Project by suit in equity, action at law or by any other appropriate proceeding whether for specific performance of any covenant or agreement contained in this Agreement, or damages, or other relief (provided, however, that in no event shall the Developer be liable to the City or DIA for any punitive, speculative, or consequential damages of any kind), or proceed to take any action authorized or permitted under applicable laws or regulations. Notwithstanding the foregoing, (i) City’s remedy for an Event of Default related to the Performance Schedule with regard to the REV Grant shall be limited to the remedies in Section 13.3(b), and (ii) the Developer shall immediately and automatically be in default with respect to the Project, and the City shall not be required to give the Developer any notice or opportunity to cure such default (and thus the City/DIA shall immediately be entitled to act upon such default), upon the occurrence of any of the following: should the Developer make any assignment

for the benefit of creditors; or should a receiver, liquidator, or trustee of the Developer of any of the Developer's property be appointed; or should any petition for the adjudication of bankruptcy, reorganization, composition, arrangement or similar relief as to the Developer, pursuant to the Federal Bankruptcy Act or any other law relating to insolvency or relief for debtors, be filed by Developer; or should the Developer be adjudicated as bankrupt or insolvent; or should the Developer be liquidated or dissolved; or should an involuntary petition seeking to adjudicate the Developer as a bankrupt or to reorganize the Developer be filed against the Developer and remain undismissed for a period of ninety (90) days after the filing date thereof.

13.2 **Breach by City.**

No occurrence shall constitute an Event of Default until the Developer has given the City written notice of the default and thirty (30) calendar days within which to cure the default. If any default cannot reasonably be cured within the initial thirty (30) calendar days, no Event of Default shall be deemed to occur so long as the defaulting party has commenced and is diligently implementing a cure within such thirty (30) day period and diligently pursues such cure to a conclusion. If the City commits an Event of Default under this Agreement, Developer shall have, in addition to the remedies expressly provided herein, all remedies allowed by law or equity; provided, however, that in no event shall the City be liable to Developer for any punitive, speculative, or consequential damages of any kind, and notwithstanding anything herein, in no event shall the City be liable for any costs or damages exceeding the maximum indebtedness amount described in Section 1.6 for any and all City and DIA obligations at issue.

Notwithstanding anything to the contrary in this Agreement, in the event (i) an Event of Default by Developer with respect to Developer's obligations under this Agreement has occurred and is continuing, or (ii) an event which, with the giving of notice or the passage of time, or both, would constitute an Event of Default by Developer with respect to Developer's obligations under this Agreement has occurred and is continuing, City and DIA as applicable shall have no obligation to disburse any portion of the REV Grant or the Completion Grant; provided, however, that, if such event is cured within the applicable notice and cure period under this Agreement and prior to September 1 of such year, then the Developer shall be eligible for the applicable payment.

13.3 **Specific Defaults.**

Additionally, for any of the specific Events of Default described in this Section 13.3 below, the parties agree that the City's and DIA's damages recoverable from the Developer shall include, but not be limited to, the following:

(a) in the event reporting requirements are not met in the time period specified in Article 12 of this Agreement and such default is not cured within the time period provided in Section 13.1 hereof after written notice from the City and DIA, the City

and DIA will be entitled to withhold any undisbursed amount of the REV Grant; provided, however, that if Developer satisfies such reporting requirements at a later date and before September 15 of the same fiscal year, Developer shall have the right to the disbursement of any withheld amounts;

(b) in the event Developer fails to Substantially Complete construction of the Project by the Completion Date above, subject to extensions due to Force Majeure or other extensions pursuant to this Agreement, the REV Grant Percentage Rate shall be (i) reduced by five (5) basis points for every two (2) month delay following the Completion Date, and (ii) the REV Grant shall be forfeited in its entirety if the Project is not Substantially Complete within two (2) years following the Completion Date;

(c) If, by the Completion Date, the Developer fails to invest or cause the investment of at least \$173,597,000 of Minimum Required Construction Costs in the Project, the REV Grant will be reduced proportionately. If, by the Completion Date, the Developer fails to invest or cause the investment of at least \$156,237,300 of Minimum Required Construction Costs in the Project, the REV Grant will be terminated and the Developer will repay the City the entire amount of the REV Grant that has been previously paid to the Developer, if any.

(d) In the event that the Developer fails to Commence Construction of the Residential Improvements and Parking Garage Improvements in accordance with the terms of this Agreement and the Performance Schedule, subject to extensions as set forth in this Agreement, including for Force Majeure, and such failure continues for more than thirty (30) days after the Developer's receipt of written notice of its failure to do so, the City may for a period of nine (9) months from the date of such default exercise in written notice to Developer the Repurchase Right for the Project Parcel. Developer shall cooperate and execute all documents reasonably necessary to demonstrate that its interest in the Project Parcel has ceased and that the Project Parcel has been conveyed to the City. The instruments of conveyance shall be substantially the same as those executed and delivered upon conveyance of the Project Parcel to the Developer, except that the conveyance shall be made by special warranty deed. If the Developer has encumbered all or any portion of the Project Parcel with a mortgage, security agreement or the Project Parcel has other liens placed on it, the Developer shall secure a full release of the same and the cost of paying or discharging the same in full shall be at the Developer's sole expense. Developer shall incur all costs incurred in reconveying the Project Parcel to the City. Ad valorem taxes will be prorated between the Developer and the City as of the date of reconveyance of title to the Project Parcel.

If any streets, roads or alleys within or without the Project Parcel have been vacated by the City prior to any conveyance or reconveyance to the City hereunder, then the Developer shall include in such reverter, or if necessary in such conveyance or reconveyance all right, title and interest which the Developer acquired pursuant to such vacation.

Once the Developer has Commenced Construction of the Residential Improvements and Parking Garage Improvements in accordance with this Agreement, the City's Repurchase Right to the Project Parcel shall terminate. Said termination of the Repurchase Right shall be evidenced by the recording of a document duly executed by the City evidencing the termination of the Repurchase Right.

13.4 Liens, Security Interests.

The DIA and City and agree and acknowledge that this Agreement does not create any security interest in the Project.

The City is also entitled to prejudgment interest from the date of default plus costs and attorney's fees incurred by the City.

Article 14.
ANTI-SPECULATION AND ASSIGNMENT PROVISIONS

14.1 Purpose.

The Developer represents and agrees that its acquisition of the Project Parcel and undertakings pursuant to this Agreement are for the purpose of developing the Project Parcel pursuant to this Agreement and not for speculation in land holding. The Developer further recognizes, in view of the importance of the development of the Project Parcel to the general health and welfare of the City, that the qualifications, financial strength and identity of the principal shareholders and executive officers of the Developer are of particular concern to the City and the DIA.

14.2 Assignment; Limitation on Conveyance.

Developer agrees that, with respect to the Project, until the (a) Substantial Completion of the Improvements applicable to the Project, it shall not, without the prior written consent of the DIA (which consent shall not be unreasonably withheld), assign, transfer or convey (i) the Project or any portion thereof, (ii) the Project Parcel or any portion thereof, (iii) this Agreement or any provision hereof as it relates to the Project, or (iv) a controlling interest in the Developer. If any such prohibited assignment, transfer or conveyance is made, the obligation of the City to pay any further amounts of the REV Grant or Completion Grant to the Developer shall immediately terminate. Notwithstanding the foregoing, Developer may assign, transfer or convey items (i)-(iv) above to an entity in which the principals of Developer have a majority or controlling interest without the prior written consent of the City and DIA; provided, however, that no such assignment, transfer or conveyance shall release Developer from any liability or obligation hereunder, and provided any assignee of such assignment enters into an assignment and assumption agreement in form and content as acceptable to the DIA in its reasonable discretion. In addition, (a) interests in the Developer may be assigned, transferred or conveyed to tax

credit investors without limitation, (b) Developer may collaterally assign its rights and obligations pursuant to this Agreement to any lender providing financing for the Project and any foreclosure or similar action and subsequent assignment by such lender or its assignees shall constitute a permitted assignment pursuant to this Agreement. In connection with any such collateral assignment and transfers by the lender contemplated herein, DIA and City agree to execute a consent reasonably acceptable to such lender, and such lender or assignee shall enter into an assignment and assumption agreement in form and content as reasonably acceptable to City and DIA.

If any Event of Default under the terms of the Agreement shall occur, then and in any such event, the City shall, give written notice of such default(s) (“Notice of Default”) to Developer’s lender at its address as noticed to City and DIA by certified mail, return receipt requested pursuant to Section 15.3 hereof, specifying the event of default and the methods of cure, or declaring that an event of default is incurable. During the period of one hundred twenty (120) days commencing upon the date the Notice of Default was given to Developer’s lender, Developer’s lender may cure any Event of Default. Notwithstanding the foregoing, in the event the Developer has not provided written notice to the City and DIA by certified mail, return receipt requested pursuant to Section 15.3 of the name, address and contact information of Developer’s lender or such notice has not been acknowledged by the Finance and Compliance Manager of the City (provided, however, that a return receipt obtained by Developer shall be sufficient for purposes of such acknowledgment), neither the City nor the DIA shall have any obligation to provide a Notice of Default to Developer’s lender.

Article 15. GENERAL PROVISIONS

No member, official, officer, employee or agent of the DIA or the City shall be personally liable to the Developer or to any person or entity with whom the Developer shall have entered into any contract, or to any other person or entity, in the event of any default or breach by the DIA or the City, or for any amount which may become due to the Developer or any other person or entity under the terms of this Agreement.

15.2 Force Majeure.

15.4 **Time.**

Time is of the essence in the performance by any party of its obligations hereunder.

15.5 **Entire Agreement.**

This Agreement constitutes the entire understanding and agreement between the parties and supersedes all prior negotiations and agreements between them with respect to all or any of the matters contained herein.

15.6 **Amendment.**

This Agreement may be amended by the parties hereto only upon the execution of a written amendment or modification signed by the parties. Notwithstanding the foregoing, the CEO of the DIA is authorized on behalf of the DIA and the City to approve, in his or her sole discretion, any “technical” changes to this Agreement. Such “technical” changes include, without limitation, non-material modifications to legal descriptions and surveys, ingress and egress, easements and rights of way, Performance Schedule (for up to six months) and design standards, as long as such modifications do not involve any increased financial obligation or liability to the City or the DIA.

15.7 **Waivers.**

Except as otherwise provided herein, all waivers, amendments or modifications of this Agreement must be in writing and signed by all parties. Any failures or delays by any party in insisting upon strict performance of the provisions hereof, or asserting any of its rights and remedies as to any default shall not constitute a waiver of any other default or of any such rights or remedies. Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the parties hereto are cumulative, and the exercise by any party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by any other party.

15.8 **Indemnification.**

Developer shall indemnify, hold harmless and defend the City of Jacksonville, DIA and their respective members, officials, officers, employees and agents from and against, without limitation, any loss, claim, suit, action, actual damage, injury, liability, fine, penalty, cost, and expense of whatsoever kind or nature (including, without limitation, court, investigation and defense costs and reasonable expert and attorneys' fees and costs) related to any suits and actions brought against the City, DIA and their respective members, officials, officers, employees and agents or other damages or losses incurred or sustained, or claimed to have been incurred or sustained, by any person or persons, arising out of or in connection with: (i) any breach of any representation or warranty of Developer, contained in this Agreement; (ii) any breach or violation by Developer of any covenant or other obligation or duty of Developer under this Agreement or under applicable law; (iii) any negligent act, error or omission, or intentionally wrongful conduct on the part of Developer or those under its control that causes injury to persons (including death) or damage to property, whether arising out of or incidental to Developer's performance under this Agreement or relating to the Project, except to the extent caused by the negligence or willful misconduct of the City and/or DIA. Nothing contained in this paragraph shall be construed as a waiver, expansion or alteration of the City's sovereign immunity beyond the limitations stated in Section 768.28, Florida Statutes.

This indemnification shall survive the expiration or termination (for any reason) of this Agreement and remain in full force and effect. The scope and terms of the indemnity obligations herein described are separate and apart from, and shall not be limited by any insurance provided pursuant to this Agreement or otherwise. The terms "City" and "DIA" as used in this Section 15.8 shall include all officers, board members, City Council members, employees, representatives, agents, successors and assigns of the City and the DIA, as applicable.

15.9 **Severability.**

The invalidity, illegality or unenforceability of any one or more of the provisions of this Agreement shall not affect any other provisions of this Agreement, but this Agreement will be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

15.10 **Compliance with State and Other Laws.**

In the performance of this Agreement, the Developer must comply with any and all applicable federal, state and local laws, rules and regulations, as the same exist and may be amended from time to time. Such laws, rules and regulations include, but are not limited to, Chapter 119, Florida Statutes, (the Public Records Act) and Section 286.011, Florida Statutes, (the Florida Sunshine Law). If any of the obligations of this Agreement are to be performed by a subcontractor, the provisions of this Section shall be incorporated into and become a part of the subcontract.

15.11 **Non-Discrimination Provisions.**

In conformity with the requirements of Section 126.404, *Ordinance Code*, the Developer represents that it has adopted and will maintain a policy of non-discrimination against employees or applicants for employment on account of race, religion, sex, color, national origin, age or handicap, in all areas of employment relations, throughout the term of this Agreement. The Developer agrees that, on written request, it will permit reasonable access to its records of employment, employment advertisement, application forms and other pertinent data and records, by the Executive Director of the Human Rights Commission, or successor agency or commission, for the purpose of investigation to ascertain compliance with the non-discrimination provisions of this Agreement; *provided however*, that the Developer shall not be required to produce for inspection records covering periods of time more than one (1) year prior to the day and year first above written. The Developer agree that, if any of its obligations to be provided pursuant to this Agreement are to be performed by a subcontractor, the provisions of this Section 15.11 shall be incorporated into and become a part of the subcontract.

15.12 **Contingent Fees Prohibited.**

In conformity with Section 126.306, *Ordinance Code*, Developer warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Developer, to solicit or secure this Agreement, and that it has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for the Developer, any fee, commission, percentage, gift, or any other consideration, contingent upon or resulting from the award or making of this Agreement. For the breach or violation of these provisions, the City and DIA shall have the right to terminate this Agreement without liability and, at its discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, gift or consideration.

15.13 **Ethics.**

The Developer represents that it has reviewed the provisions of the Jacksonville Ethics Code, as codified in Chapter 602, *Ordinance Code*, and the provisions of the Jacksonville Purchasing Code, as codified in Chapter 126, *Ordinance Code*.

15.14 **Conflict of Interest.**

The parties will follow the provisions of Section 126.110, *Ordinance Code*, with respect to required disclosures by public officials who have or acquire a financial interest in a bid or contract with the City, to the extent the parties are aware of the same.

15.15 **Public Entity Crimes Notice.**

The parties are aware and understand that a person or affiliate who has been placed on the State of Florida Convicted Vendor List, following a conviction for a public entity crime, may not submit a bid on a contract to provide any goods or services to a public entity; may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and, may not transact business in excess of \$35,000.00 with any public entity for a period of thirty-six (36) months from the date of being placed on the Convicted Vendor List.

15.16 **Survival.**

Any obligations and duties that by their nature extend beyond the expiration or termination of this Agreement shall survive the expiration or termination of this Agreement and remain in effect. Without limiting the foregoing, all obligations for the payment of fees or other sums accruing up to the expiration or termination of this Agreement and all provisions relating to the City's right to conduct an audit shall survive the expiration or termination of this Agreement.

15.17 **Incorporation by Reference.**

All exhibits and other attachments to this Agreement that are referenced in this Agreement are by this reference made a part hereof and are incorporated herein.

15.18 **Order of Precedence.**

In the event of any conflict between or among the provisions of this Agreement and those of any exhibit attached hereto or of any amendment, the priority, in decreasing order of precedence shall be: 1) any fully executed amendment; 2) provisions in this Agreement; and 3) exhibits to this Agreement.

15.19 **Counterparts.**

This Agreement may be executed in several counterparts, each of which shall be deemed an original, and all of such counterparts together shall constitute one and the same instrument.

15.20 **Independent Contractor.**

In the performance of this Agreement, the Developer will be acting in the capacity of an independent contractor and not as an agent, employee, partner, joint venturer or association of the City or the DIA. The Developer and their respective employees or agents

shall be solely responsible for the means, method, technique, sequences and procedures utilized by the Developer in the performance of this Agreement.

15.21 **Retention of Records/Audit**

The Developer agrees:

(a) To establish and maintain books, records and documents (including electronic storage media) sufficient to reflect all income and expenditures of funds provided by the City under this Agreement.

(b) To retain, with respect to each Project, all client records, financial records, supporting documents, statistical records, and any other documents (including electronic storage media) pertinent to this Agreement for a period of six (6) years after completion of the date of final payment by the City under this Agreement with respect to such Project. If an audit has been initiated and audit findings have not been resolved at the end of six (6) years, the records shall be retained until resolution of the audit findings or any litigation which may be based on the terms of this Agreement, at no additional cost to the City.

(c) Upon demand, at no additional cost to the City, to facilitate the duplication and transfer of any records or documents during the required retention period.

(d) To assure that these records shall be subject at all reasonable times to inspection, review, copying, or audit by personnel duly authorized by the City, including but not limited to the City Council Auditors.

(e) At all reasonable times for as long as records are maintained, to allow persons duly authorized by the City, including but not limited to the City Council Auditors, full access to and the right to examine any of the Developer's contracts and related records and documents, regardless of the form in which kept.

(f) To ensure that all related party transactions are disclosed to the City.

(g) To include the aforementioned audit, inspections, investigations and record keeping requirements in all subcontracts and assignments of this Agreement.

(h) To permit persons duly authorized by the City, including but not limited to the City Council Auditors, to inspect and copy any records, papers, documents, facilities, goods and services of the Developer which are relevant to this Agreement, and to interview any employees and subcontractor employees of the Developer to assure the City of the satisfactory performance of the terms and conditions of this Agreement. Following such review, the City will deliver to the Developer a written report of its findings and request for development by the Developer of a corrective action plan where

appropriate. The Developer hereby agrees to timely correct all deficiencies identified in the corrective action plan.

(i) Additional monies due as a result of any audit or annual reconciliation shall be paid within thirty (30) days of date of the City's invoice.

(j) Should the annual reconciliation or any audit reveal that the Developer owe the City or DIA additional monies, and the Developer do not make restitution within thirty (30) days from the date of receipt of written notice from the City, then, in addition to any other remedies available to the City, the City may terminate this Agreement, solely at its option, by written notice to the Developer.

15.22 **Non-merger.**

None of the terms, covenants, agreements or conditions set forth in this Agreement shall be deemed to be merged with any deed conveying title to the Project Parcel.

15.23 **Exemption of City and DIA.**

Neither this Agreement nor the obligations imposed upon the City or DIA hereunder shall be or constitute an indebtedness of the City or DIA within the meaning of any constitutional, statutory or charter provisions requiring the City to levy ad valorem taxes, or a lien upon any properties of the City or DIA. Payment or disbursement by the City or DIA of grant amounts hereunder is subject to the availability of lawfully appropriated funds which appropriations City and DIA agree to pursue in good faith. If funds are not available pursuant to a lawful appropriation thereof by the City Council or DIA Board, this Agreement shall be void and the City shall have no further obligations hereunder.

15.24 **Parties to Agreement; Successors and Assigns.**

This is an agreement solely between the DIA, the City and Developer. The execution and delivery hereof shall not be deemed to confer any rights or privileges on any person not a party hereto. Subject to the limitations contained in Section 14.2, this Agreement shall be binding upon and benefit Developer, and Developer' successors and assigns, and shall be binding upon and benefit of the City and DIA, and their successors and assigns. However, Developer except as contemplated in Section 14.2, shall not assign, transfer or encumber its rights or obligations hereunder or under any document executed in connection herewith without the prior written consent of the City and the DIA, which consent shall not be unreasonably withheld. Notwithstanding the foregoing, Developer may assign, transfer or encumber its rights or obligations hereunder or under any document executed in connection herewith to an entity in which the principals of Developer have a controlling interest without the prior written consent of City and the DIA; provided, however, that no such assignment, transfer or conveyance shall release Developer from any liability or obligation hereunder.

15.25 **Venue; Applicable Law.**

The rights, obligations and remedies of the parties specified under this Agreement shall be interpreted and governed in all respects by the laws of the State of Florida. All legal actions arising out of or connected with this Agreement must be instituted in the Circuit Court of Duval County, Florida, or in the U.S. District Court for the Middle District of Florida, Jacksonville Division. The laws of the State of Florida shall govern the interpretation and enforcement of this Agreement.

15.26 **Civil Rights.**

The Developer agree to comply with all of the terms and requirements of the Civil Rights Act of 1964, as amended, and the Civil Rights Act of 1968, as amended, and the antidiscrimination provisions of Chapter 126, Part 4, of the City Ordinance Code, and further agrees that in its operation under this Agreement it will not discriminate against anyone on the basis of race, color, age, disability, sex or national origin.

15.27 **Further Assurances.**

Each party to this Agreement will, on request of any other party,

- (a) promptly correct any defect, error or omission herein;
- (b) execute, acknowledge, deliver, procure, record or file such further instruments and do such further acts reasonably deemed necessary, desirable or proper by the such requesting party to carry out the purposes of this Agreement and to identify and subject to the liens of this Agreement any property intended to be covered thereby, including any renewals, additions, substitutions replacements, or appurtenances to the subject property;
- (c) provide such certificates, documents, reports, information, affidavits and other instruments and do such further acts reasonably deemed necessary, desirable or proper by the requesting party to carry out the purposes of this Agreement.

15.28 **Exhibits.**

In the event of a conflict between any provisions of this Agreement and any exhibit attached to or referenced in this Agreement, the provisions of this Agreement shall govern.

15.29 **Construction.**

All parties acknowledge that they have had meaningful input into the terms and conditions contained in this Agreement. Developer further acknowledges that it has had ample time to review this Agreement and related documents with counsel of its choice. Any doubtful or ambiguous provisions contained herein shall not be construed against the

party who drafted the Agreement. Captions and headings in this Agreement are for convenience of reference only and shall not affect the construction of this Agreement.

15.30 **Further Authorizations.**

The parties acknowledge and agree that the Mayor of the City, or his designee, and the City's Corporation Secretary and the Chief Executive Officer of DIA, or their respective designees, are hereby authorized to execute any and all other contracts and documents and otherwise take all necessary action in connection with this Agreement.

15.31 **Estoppel Certificate.**

RIVERWALK PARK DESIGN CRITERIA: FEBRUARY, 2019

GOALS OF THE RIVERWALK

- Create a safe, pedestrian friendly recreational trail that connects people and places along the St. John's River.
- Provide public access to the riverfront.
- Unite the Northbank and Southbank Riverwalks through common, subtle complementary design features that develop, emphasize and enhance existing infrastructure rather than requiring additional, extensive infrastructure investment.
- Allow the Northbank and Southbank Riverwalks to retain their own identity for wayfinding purposes. The Northbank connects the sports district, restaurants, shops, offices, businesses and the Downtown, Brooklyn and Riverside neighborhoods. Earthy brown and red colors, straight lines, angular and square patterns dominate the design style of the Northbank. The Southbank Riverwalk provides connection among many medical facilities, restaurants, shops, offices, businesses and the San Marco neighborhood. Bright colors and curvilinear lines enhance a nautical themed design style that defines the Southbank.
- Create lasting, memorable experiences throughout the Riverwalk with hubs, nodes and nodettes that provide immersive and interactive landscapes describing unique features of Jacksonville and the St. John's River.
- Create a vibrant, interactive waterfront experience that improves access to parks, hotels, museums, restaurants and shops.
- Provide connection across the St. John's River through increased pedestrian bridge access, water taxi, and enhanced sight lines.
- Provide critical pedestrian and biking safety downtown. Pedestrians and cyclist can travel safely on the Riverwalk from downtown Jacksonville to the Riverside neighborhood, for example, without intersections, traffic signals and automobiles.
- Create a timeless Riverwalk framework establishing connectivity with the understanding that styles, product availability and development will change.
- Increase hospitable features of our Riverwalk including shade, seating, access to food, water and sanitation facilities.
- Create a resilient Riverwalk that can withstand hurricane, high wind and flood conditions.
- Connect Jacksonville's increasingly diverse and vibrant cultural, economic and recreational hubs.
- Serve as a part of the larger multi-use and greenway trail plans for Jacksonville therefore connecting more people and more neighborhoods to the St. John's River.

INFRASTRUCTURE STANDARDS

The City of Jacksonville is bisected by the St. John's River, and the Riverwalk is adjacent to the river. The Riverwalk varies in its spatial relationship to the river: it is partly built over the water, atop a bulkhead or separated from the waterfront with a reinforced rip-rap bank. Because the St. John's River is tidal and prone to storm surges the stream banks, waterfront parks and walkways have been flooded and stressed. After each storm, washed out walkways, landscaping, infrastructure and fountains are rebuilt. Compromised bulkheads are reinforced.

In order to create a buffer for river flooding, reduce infrastructure damage and reduce resulting recovery and maintenance cost, create more pedestrian friendly landscapes, future Riverwalk developments shall be set back from the water's edge to allow for a natural, planted reinforced shoreline where appropriate based on wave impact, tidal conditions, velocity, soil composition, etc. Planted reinforced shorelines shall be reviewed and approved on a case by case basis by the City Engineer. This should be done in areas where there aren't existing bulkheads or planned shoreline changes in a development agreement. A living shoreline or hybrid stream edge treatment will allow floodwater to slowly recede over rocks and planted landscape to preserve Riverwalk infrastructure and create a naturally shaded, visually appealing walkway. In locations where a living shoreline will not provide superior upland protection for the Riverwalk, a bulkhead will be required. A hybrid living shoreline should be created in conjunction with bulkheads in areas with no boat dockage and under the review of the City Engineer.

The path width shall conform to current FDOT standards for a shared use path; however FDOT minimum turning radius and grading standards will not be used for the Riverwalk, as the Riverwalk is anticipated to be a more urban, specialized use path. The current FDOT standard of minimum 15' wide with a minimum vertical clearance of 12' high shall be maintained throughout the length of the walkway except in short intervals where width is constrained and in no event shall any constrained location be narrower than 12' in width. Trees, shade structures, lighting, signage and furnishings shall all be placed outside the 15' minimum Riverwalk width or if within the Riverwalk out of necessity due to constraints such as over water location, then shall not reduce the effective width to less than 12' with minimum vertical clearance. The Riverwalk path design shall provide for use by pedestrians and bicyclists of various abilities and be designed for many users entering and exiting the walkway at various, irregular intervals. All path design requirements shall comply with ADA standards. Every effort will be made to provide ADA compliancy as the first design option. For example, ramps will create the primary entrance and exit points along the Riverwalk. Ramps will be fully integrated into the first design option and will not be merely a secondary design feature.

LIGHTING

Appropriate lighting is crucial to creating a unique and safe visitor experience. Lighting design will reinforce and define activity areas and provide interest at night. Lighting will facilitate safe and convenient circulation for pedestrians and bicyclists. Overspill of light and light pollution will be avoided. Minimizing the visual impacts of lighting in related or adjacent parking areas is critical to maintaining the Riverwalk atmosphere and experience.

The Riverwalk shall have an average ambient light level of between one (1) and three (3) footcandles with a minimum of half (0.5) and a maximum of six (6) footcandles at any point as measured on the ground plane. Accent lighting or recreational lighting may exceed these standards by a multiple of 2.5.

The position of the lamp in a pedestrian way light should not exceed 16' from the ground plane. Lighting shall focus on lighting the pathways and pedestrians. Light fixtures shall be installed on the side opposite of the river whenever possible to ensure ease of maintenance and reduced flooding risk. Light fixtures shall have tops to enhance the nighttime sky and prevent glare into adjacent properties. The color of light has also been shown to help people accurately identify colors at night and be more conducive to human health and wildlife. Warm colors, with color temperatures of no more than 3000 Kelvins should be used instead of cool blue light. LED lights with these standards shall be used to increase electrical efficiency. Accent or up lights of

fountains, art, structures and plant material are encouraged to increase visual interest on specimen trees or sculptural design elements. Accent or up lights need to be used in conjunction with the overall lighting plan so the effectiveness of the specialized lighting is pronounced.

SERVICE AREAS

Service areas, constructed stormwater infrastructure, electrical and mechanical equipment shall be visually unobtrusive and should be integrated with the site and adjacent buildings. Landscape screening shall be used as feasible; however use of landscape screening shall be incorporated into the area without creating dead spaces around infrastructure. Light lockers or housing that encloses transformers or back flow valves shall be decorative in nature.

SIGNAGE

Signage shall be provided to assist wayfinding to the Riverwalk, parking and along the Riverwalk. A signage package, outlining color choices, dimensions and materials is located in Appendix A. All signage shall incorporate the Jacksonville Riverwalk logo. Directional signage is located along the roadway, one block away from public access points, and outside of Jacksonville Skyway Monorail Stations. Directional signs direct people to the Riverwalk from sidewalks and streets. Parking is noted on directional signs if parking is adjacent or across the street from a directional sign.

Signage along the Riverwalk includes directory/directional signs and directional signs. The directory/directional signs are located at public access points. The directory map signs are designed to be electronic in the future, however, until such time, the map shall be updated if any of the key locations as outlined in the legend change or as the Riverwalk expands. Directional signage above the directory sign identify features along the Riverwalk or easily accessible from the Riverwalk. Points of interest outside the Riverwalk are listed with the number of blocks from the Riverwalk. Points of interest that are not directly accessible are not listed on directional signage. Directional signs are placed at public access points where a directory sign is clearly visible. River taxi signs are also noted along the Riverwalk.

All signage and locations shall be approved by the Parks Director. No commemorative markers or storyboards shall be located on the Riverwalk without the express approval of the Parks Director and shall conform to or compliment the color palette and materials adopted in Appendix A. Sign locations shall be field verified to minimize interference with other signs, utilities and trees. Signs shall be mounted as described in Appendix A. No sign shall reduce the effective width of the Riverwalk to less than 12 feet.

HARDSCAPE

Segments of the Northbank and Southbank Riverwalks were constructed at different times and with varying materials. Each installation offers interesting experiences and designs. It is

important to keep key design elements of all segments as they increase the length and diversity of the public space. Planting patterns and key hardscape elements will tie the Riverwalks together, while they remain distinctly different.

The benches shall provide contrasting colors to the greens or blues of the Riverwalk, and be in the orange to red hues. (Pantone 1585C, 1797C, 5455U or equivalent). The design shall be approved by the Parks Director. The benches styles shall be placed on both sides of the Riverwalk in an effort to tie the design styles together and create a more playful design aesthetic.

Examples of potential, acceptable artistic benches.

NORTHBANK RIVERWALK

The Northbank connects the sports district, restaurants, shops, offices, businesses and the Downtown, Brooklyn and Riverside neighborhoods. Earthy brown and red colors, straight lines, angular and square patterns dominate the paving design of the Northbank. The walkway changes from pavers to concrete at various locations, but all of the internal paving design includes some square design of paver accents in the brown color family. The fencing is primarily black or galvanized metal in straight lines with accents of squares with an “X” through them. This design style should be maintained, however the material and detail design choices shall be flexible. All designs shall be submitted to the Parks Director for written approval prior to submission to the Building Department.

Many of the pavers that are used throughout the current Northbank Riverwalk are no longer available and the design has been costly to maintain. New walkways should be constructed of concrete with pavers being used as accents in rectilinear patterns. These accents should occur where the two paths meet or where turns occur. Pavers shall be installed per tolerances and specifications outlined in the Interlocking Concrete Pavement Institute guidelines. Concrete portions of the walkway shall be reinforced concrete and be a minimum of 5” thick. Concrete shall comply with existing City of Jacksonville concrete specifications. Concrete shall have a salt finish. Any colored concrete shall be colored throughout the concrete.

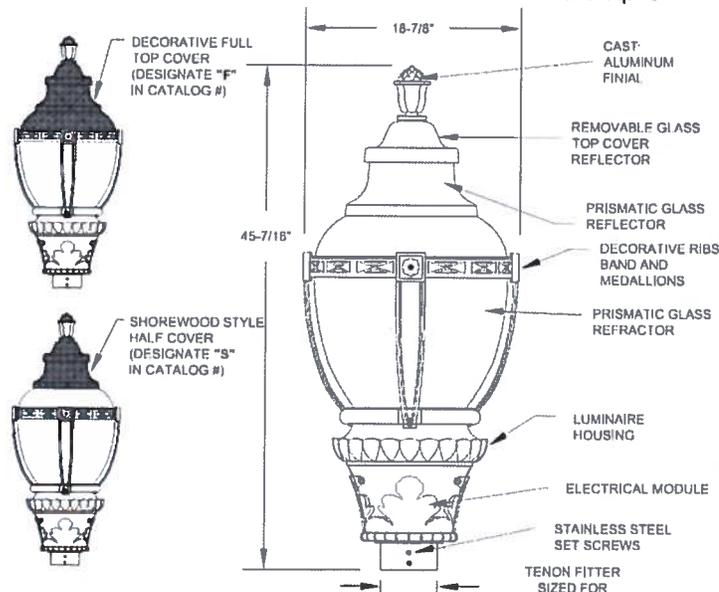

Railings that are used along Northbank Riverwalk shall be either powder coated black or hot dipped galvanized steel. Railing shall be upright and accent patterns shall be rectilinear in nature. Railings shall be as unobtrusive as possible so the waterfront is more dominant than the railing. Railings should only be used in areas where it is necessary according to safety code.

Examples of potential, acceptable Northbank Riverwalk railing.

Light standards shall be historic in character and powder coated black. Current lights should be matched in quality and style. Existing lights are similar to the State Street, Acorn Style Luminaire with full decorative cover. The primary lighting along Northbank Riverwalk will be from light standards. Bollard path lights may compliment the light standards, with style complimenting the light standards.

STATE STREET LUMINAIRE

 MAXIMUM WEIGHT - 80 lbs.
 MAXIMUM EFFECTIVE PROJECTED AREA - 2.26 sq. ft.

Benches along Northbank Riverwalk shall be historic in character and all steel. Existing wood benches will be phased out. Acceptable benches shall be black or green FMS-324 bench from Victor Stanley. Where appropriate, the backless bench model could be used or approved equal. Trash cans shall also be all steel and open from the top. Acceptable trashcans shall be the ES-42 Victor Stanley or Lexington 36 gallon with rain bonnet lid, or approved equal. Bike racks shall be black or green Victor Stanley BRHS-101 or approved equal. Drinking fountains shall be Canterbury Designs, New York Fountain or approved equal. All site furnishings shall be attached with stainless steel, tamper proof hardware.

Examples of acceptable Northbank Riverwalk site furnishings.

SOUTHBANK RIVERWALK

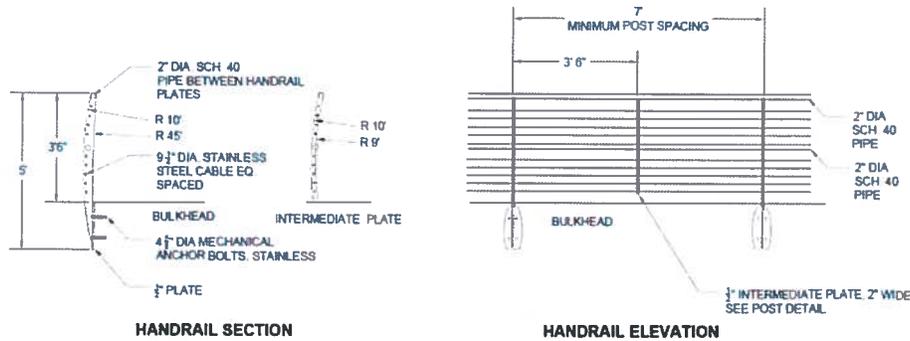

The Southbank Riverwalk provides connection among many medical facilities, restaurants, shops, offices, businesses and the San Marco neighborhood. Bright colors and curvilinear lines enhance a nautical themed design style that defines the Southbank. The current Southbank Riverwalk is constructed over the water. As the Southbank Riverwalk is built out, the walkway design should shift to areas on land, and concrete should be used with paver details. Alternative shade sails should be used that allow for more head room. This design style should be maintained, however the material and detail design choices shall be flexible. All designs shall be submitted to the Parks Director for written approval prior to submission to the Building Department.

Many of the pavers that are used throughout the current Southbank Riverwalk are faded, custom colors and have been costly to maintain. New walkways should be constructed of concrete with pavers being used as accents in curvilinear patterns similar to the existing radii. These accents should occur on a regular basis along the walkway to add interest. Bands of a two tan pavers (Pantone 467C), in an offset stacked bond configuration, shall be used to differentiate between color changes. Pavers shall be installed per tolerances and specifications outlined in the Interlocking Concrete Pavement Institute guidelines. Concrete portions of the walkway shall be reinforced concrete and be a minimum of 5” thick. Concrete shall have a salt finish. Any colored concrete shall be colored throughout the concrete. Concrete and paver color palette shall consist of the following (or equivalent):

Pantone 174C	Pantone 7452C	Pantone 7416C
Pantone 1797C	Pantone 7499C	Pantone 3294C

Railings that are used along Southbank Riverwalk shall contain steel wire with galvanized posts and

a thicker top railing. If more walkways are built over the water, the railing shall be arced into the walkway to match the area between Friendship Fountain and Duval County School Board. Railings on walkways not over the water shall be upright. Railings shall be as unobtrusive as possible so the waterfront is more dominant than the railing. Railings should only be used in areas where it is necessary according to safety code.

Example of acceptable Southbank Riverwalk railing mounted to a bulkhead.

Existing Southbank Riverwalk railing and materials.

Light standards for general path lighting shall be a similar style to the existing Southbank Riverwalk lights. These are the Architectural Area Lighting, Universe Collection, medium or pedestrian scale. The fixtures are illuminated solid rings, straight hoods, black with a flat glass lens. The pole is a 12' pole with fluted decorative base and a SLA 17 arm.

Benches and trashcans can be sourced from DuMor and the steel black trash can is model 84-32-DM and the bench is the DuMor Steel Bench 95 in a 10' length. The drinking fountain is Murdock #M43-2-PF. Acceptable alternatives can be approved by the Parks Director. All site furnishings shall be attached with stainless steel, tamper proof hardware. Direct connections of the hardware

into brick should be avoided.

Examples of acceptable Southbank Riverwalk site furnishings.

LANDSCAPE

GENERAL

Landscape design, installation, and maintenance shall comply with RPDC and with Part 12, Chapter 656, City of Jacksonville Ordinance Code, Tree Preservation and Landscape Standards; should there be a conflict between Chapter 656, Landscape Design Standards and RPDC, the more stringent requirement shall prevail. Proposed landscape design by the Property Owner within the easement may be considered in satisfying applicable portions of the requirements of the Landscape Ordinance; existing landscape within the easement may be considered with new development work using Chapter 656 "Credit for existing trees and understory." Screening of parking lots and drives shall be in compliance with Chapter 656, Landscape Design Standards.

QUALITY CONTROL

Landscape Work shall be installed based on approved landscape documents prepared by a State of Florida registered Landscape Architect. Approval shall be completed in the 10 set review process and concurrence with City of Jacksonville, Parks Recreation and Community Services, Office of Director. Installation of landscaping shall be in accordance with Chapter 656 "Landscape Design Standards." See Chapter 656, "Invasive Species" for prohibited material. Site inspections shall be conducted by a landscape architect during the installation and at completion. Maintenance inspections for all formal landscape areas shall be completed by a landscape architect on a monthly basis. A maintenance report with accompanying photographs and map shall be generated to ensure issues are addressed properly.

PLANTING ZONES

Planting designs shall be established by planting zones. The areas closest to the river will have a less manicured appearance and will be able to withstand tidal changes and flooding. Areas closer to the Riverwalk shall be more formal in design and node planting design shall be highly designed and maintained. Plants appropriate for each area are outlined in the planting lists, Appendix B.

FLOATING WETLAND MATS (SOUTHBANK, 2016)

Floating wetland mats shall be installed in small water areas that are located between the bulkhead and the Southbank Riverwalk. The mats are constructed of framework that supports

planting media to grow grasses/rushes and will offer changing floristic interest. The mats will need to be replanted yearly as the plant material will become too large for the mat structure.

RIVERSHORE (SLOPED AREAS ADJACENT TO THE RIVER)

Rivershore areas are areas with slopes adjacent to the river. These areas often contain rip-rap and have slopes that near 4:1. The purpose of planting in these areas is to create floristic diversity and stabilize the banks. No areas along the Riverwalk shall have slopes that exceed 4:1.

RIVERWALK

The main Riverwalk walkway shall have consistent plantings that are formal in nature and tie into the adjacent plantings. In order to do this, key or thread plants shall be used. These plants will be used to provide 60% of the plant materials along the walkway. These plants are noted in the plant list.

ADJACENT TO CORPORATE CAMPUS

These are existing areas adjacent to corporate campuses. The companies have tied the Riverwalk planting and maintenance into their corporate landscapes. There shall be no change in these planting designs for the areas that are already maintained.

POPS/ACCENTS

These areas will incorporate more formal planting designs and may include planters and hanging baskets. Use of native plants is encouraged in these areas. These will provide smaller pops of color or interest, but not be as large as the nodes in scale.

NODES/HUBS

Node shall be designed in accordance with the theme of the node and only required to plant 20% of the plants in the planting list. Use of native plants is encouraged in these areas. The node design shall incorporate the key/thread planting material to maintain consistency along the Riverwalk.

DESIGN PRINCIPLES

DESIGN FRAMEWORK

In formal planting areas, mass plantings should be used to increase the readability of the landscape. Textures should be considered when pairing plants. Plants that are seasonally dormant should be paired with plants that offer interest during the dormant season.

In areas of natural plantings, foreground plantings shall create a formal edge. The foreground plantings shall be limited in species and size/height. These plants are noted in the plant list.

Under plantings in shady areas should focus on varying colors of green and texture. Plantings in sunny areas shall also utilize texture changes, however blooming plants that continue throughout the seasons are strongly encouraged.

Planting areas shall be lined with small fencing to protect plantings and further reinforce planting zones. This fencing should be 2-3' tall, sized according to the associated planting and location along the Riverwalk. The intent of the fencing is to create another visual cue to visitors that the plantings

are not be walked through.

Walls and hedges utilized to screen visibility of unsightly areas such as service yards require a six (6) foot wide (minimum) landscaped bed of smaller shrubs and groundcovers. However, the berm or hedge may not to be constructed where it interferes with vision or safety.

All areas of the Riverwalk landscaping shall be designed in accordance with Crime Prevention through Environmental Design Guidelines (CPTED).

STORMWATER TREATMENT

Wherever feasible, best management practices shall be incorporated in the Riverwalk. No hardscape structures shall be used to directly channel flow into the river; all stormwater shall sheet flow through formally planted filter strips into the landscape. Planting shall be integrated with water quality treatment areas and selected based on their

ability to tolerate standing water time after storm events.

Where above ground stormwater management facilities are required, such facilities shall contain multi-purpose amenities. For example, a bioswale could be used to screen other infrastructure or a dry retention basin can be used for active recreation.

EROSION CONTROL

Along the waterfront, where bulkheads are not present a minimum of a 3:1 slope shall be maintained. Any areas that contain rip-rap, the rip rap shall be a consistent size, no smaller than 1-1.5ft. and weighing between 150-500 pounds, unless a hydrologist deems smaller material is able to maintain the slope. Rip rap shall meet all St. John's River Water Management District standards and the outermost layer shall be comprised of gray granite or similar material that provides a uniform appearance. The sloped and rip rap slopes shall be planted with soil, as feasible so root systems are able to help maintain the slope. Appropriate plant materials are identified in the planting list. Grasses, perennial and forbes (native perennial) species shall be planted no more than 2' OC.

SHADE

Shade trees shall be used to ensure a canopied Riverwalk. Seventy percent of the Riverwalk shall be shaded either by trees or shade structures. Shade shall be measured by the canopy size as outlined in the Jacksonville Tree Commission's Approved Tree Planting List ("Tree Planting List"), or by the shadow cast by a shade sail at noon. Shade trees or large trees as identified by the Tree Planting List shall be used in areas with areas large enough for planting. The planting area requirements for a large tree shall be a minimum of 15' x 15; however, if less space is available a structural soil, custom support system, or suspended pavements shall be used to accommodate the root system. Only small and medium trees as identified by the Tree Planting List shall be specified in planters. Planting of groundcovers should be considered under trees as feasible. Shade structures shall be placed in areas that cannot support tree plantings. Shade structures shall be designed for easy removal if fabric is used and affordable replacement. Shades shall be at a height to minimize vandalism and conform to the minimum vertical clearance height of 12'. All shade structures shall be approved by Parks

Director.

IRRIGATION

All irrigation shall be designed to be consistent with water efficient landscaping design standards in accordance with Chapter 656; informal/natural theme to include areas of re-established native plant communities with temporary irrigation system.

If feasible, irrigation systems shall use reclaimed water.

Temporary irrigation systems shall be abandoned after plantings are established in Rivershore Planting Zones. Irrigation systems in nodes, nodettes and Riverwalk shall be maintained in fully functional condition at all time. If planters or baskets are used, they shall be watered with a water truck.

Equipment and design shall be as vandal resistant as possible.

PLANT LIST

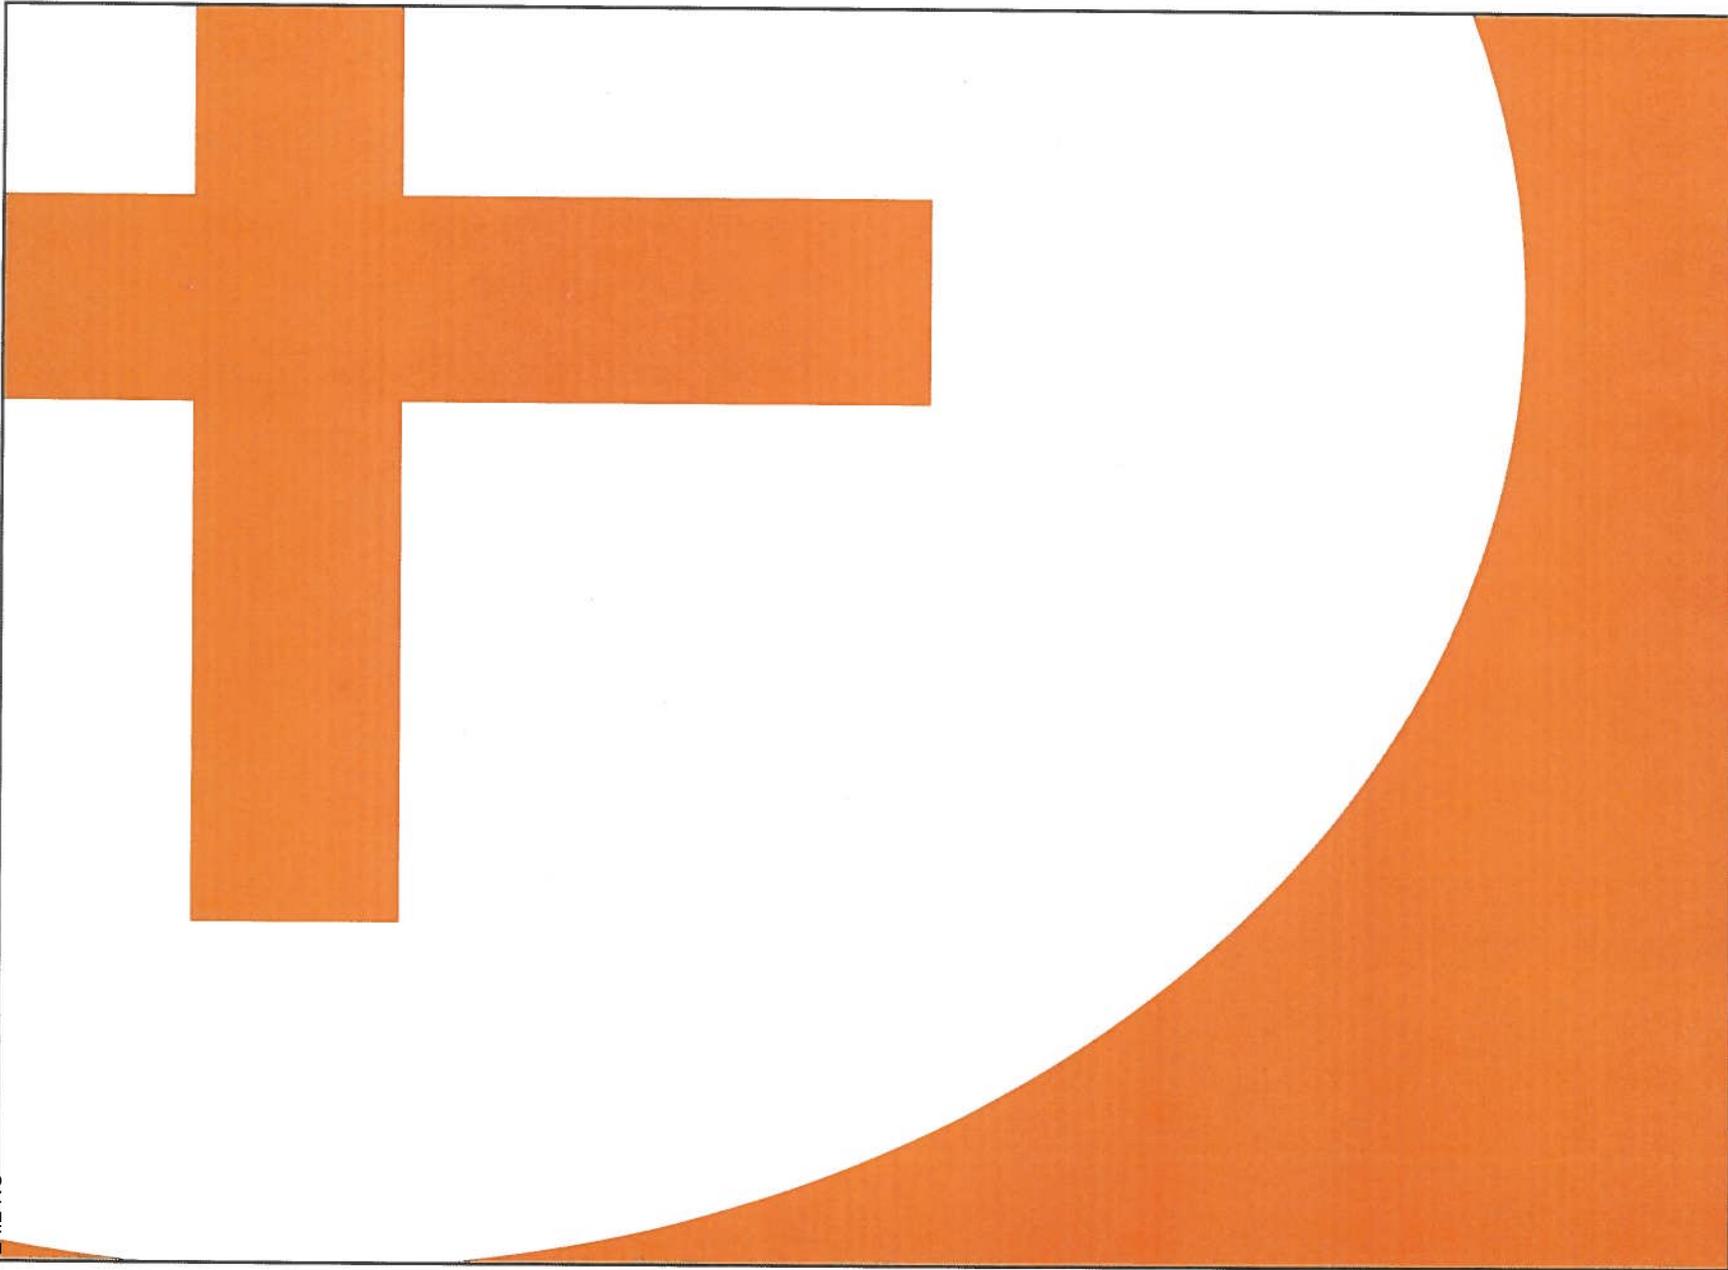

For the purpose of continuity and compatibility, the attached plant list is provided. Continuity from development to development is gained along the riverfront where RPDC has provided for certain requirements such as plant materials; design compatibility is gained by repetition in detailing and design elements, such as landscape features and textures.

EXHIBIT H

Riverwalk Improvements

The Riverwalk improvements, roughly 187 linear feet in length along the riverfront (generally as depicted below) and turning the corner along the boat ramp to the circular overlook, will include a 25' wide pedestrian pathway with colorful paving patterns conforming to the Riverwalk Design Guidelines along with 70% shade coverage, provided by both landscaping and shade sail elements consistent with the Riverwalk Plant palette and Riverwalk Design Guidelines. Plant material shall be irrigated to ensure viability. In addition, street furnishings including benches and trash receptacles and lighting fixtures meeting the Riverwalk Design Criteria will be included. Signage conforming to the Riverwalk Wayfinding sign package shall be included where appropriate. The improvements will include necessary foundations, soil remediation, and other infrastructure required to install the above.

of Sidewalk Improvements (as defined in the Redevelopment Agreement) installed by Grantor according to the terms and conditions more particularly set forth herein.

NOW, THEREFORE, in consideration of Ten and no/100 Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. **Grant of Easement Rights.** Grantor hereby bargains, sells, grants and conveys unto Grantee, its successors and assigns, a perpetual, unobstructed, non-exclusive easement on, over and across the Easement Area, inclusive of the Sidewalk Improvements that have been installed by Grantor as part of the Grantor's Improvements pursuant to the Redevelopment Agreement for the purpose of pedestrian access, ingress, egress and passage by Grantee, its successors and assigns, and the general public. 2. **"As Is" Condition.** Grantee accepts each easement and the Easement Area to which it is granted rights hereunder based on their "AS IS" physical condition and in an "AS IS" state of repair. Grantor expressly disclaims and makes no representations or warranties, whether expressed or implied, to Grantee with respect to the various easements granted to Grantee hereunder or the Easement Area or facilities located therein, including, without limitation, with respect to merchantability of title, the suitability or fitness of the Easement Area or such facilities for any of the uses or purposes contemplated by this Easement Agreement or otherwise, or the compliance of same with all Applicable Laws.

3. **Construction.**

- (a) Grantee shall be responsible, at its sole cost and expense, to install and construct the Utility Improvements. The Utility Improvements shall be constructed and completed in compliance with applicable governmental

requirements, laws, codes, ordinances, rules, regulations, and restrictions (collectively, "Applicable Laws") and, to the extent plan approval by Grantor is required pursuant to this Easement Agreement, substantially in accordance with the plans and specifications pertaining to such work approved by Grantor and, to the extent required to obtain a permit for construction and installation of the Utility Improvements, the applicable governmental authorities, departments, bodies, bureaus and agencies with jurisdiction (collectively, "Governmental Authorities").

- (b) To the extent required to comply with Applicable Laws or to satisfy the requirements of the approvals obtained in connection with the Utility Improvements, Grantee shall, at its sole cost and expense, construct, install and pay for any signage, barriers, or other improvements required in connection with the construction, installation or operation of the Utility Improvements.
- (c) Once Grantee commences construction of the Utility Improvements or any portion thereof, Grantee shall diligently pursue same to completion. Grantee shall use reasonable efforts to perform such work in such a manner as to minimize any material interference with the construction of the Grantor's Improvements. Grantee agrees to coordinate the installation of the Utility Improvements with the construction activities by Grantor of the Grantor's Improvements with the goal of completing installation of the Utility Improvements prior to the time Grantor commences construction of its improvements within the Easement Area and agrees that any use of the Easement Area for construction of the Utility Improvements by Grantee must be coordinated with and approved by Grantor (such approval shall not be unreasonably withheld, conditioned or delayed to the extent such use does not materially and adversely interfere with such other construction activities). Grantee will install its Utility Improvements in coordination with and in sequence with Grantor's construction to minimize interference with and future damage to the Grantor's Improvements.
- (d) If Grantee or any of its contractors damages any portion of the Sidewalk Improvements (as defined in the Redevelopment Agreement) during the installation of the Utility Improvements, Grantee shall be responsible for promptly repairing such damage at its sole cost and expense. Grantee shall have the non-exclusive right and privilege to temporarily access areas of the Grantor Parcel and adjacent to the Easement Area to the extent necessary to install, repair or maintain the Utility Improvements at such times as Grantee is installing, repairing, replacing or maintaining the Utility Improvements.
- (e) Grantee agrees that all construction, installation, maintenance, replacement or repair work required or permitted hereunder, shall be performed by contractors licensed and insured in the State of Florida, and that all such work shall be performed in accordance with all Applicable Laws. Upon completion

of any work by Grantee or its employees, agents or contractors pursuant to this Easement Agreement, the areas affected thereby shall be promptly restored to substantially the same condition as existed prior to commencement of such work or better.

- (f) Upon written request from Grantor, Grantee will provide Grantor with as-built drawings and schematics depicting the Utility Improvements constructed by Grantee in the Easement Area.
- (g) No storage of materials (including, but not limited to, construction materials), and/or construction staging shall be allowed on any portion of any Easement Area by Grantee unless consented to by Grantor in its reasonable discretion, not to be unreasonably withheld, conditioned or delayed.

4. **Maintenance and Repair.** Grantor and Grantee intend to enter into a Marina Operating and Maintenance Agreement (“Marina Agreement”) that shall delineate, as among, as applicable, Grantor, Grantee, and a third-party Marina operator, the respective obligations attendant to the performance of operation, maintenance, repairs and replacements, and environmental liabilities with respect to the Utility Improvements located in the Easement Area in order to keep the same in a good condition and state of repair and in accordance with all Applicable Laws. Until such Marina Agreement is entered into, Grantee shall be responsible, at its sole cost and expense, for the performance of maintenance, repairs and replacements with respect to the Utility Improvements located in the Easement Area in order to keep the same in a good condition and state of repair and in accordance with all Applicable Laws. Grantee shall use reasonable efforts to perform such work in such a manner as to minimize any material interference with the operation of the Grantor Parcel. Grantor shall be responsible, at its sole cost and expense, for the performance of maintenance, repairs and replacements with respect to the Sidewalk Improvements located in the Easement Area in order to keep the same in a good condition and state of repair and in accordance with all Applicable Laws. To the extent the terms of the Marina Agreement with regard to operation, maintenance, repairs and replacements, and environmental liabilities with respect to the Utility Improvements conflict with the terms of this Agreement, the terms of the Marina Agreement shall control and the parties shall enter into an amendment to this Easement Agreement to reflect the same.

5. **Liens.** Grantee shall keep the Easement Area at all times free of mechanics’ liens and any other liens for labor, services, supplies, equipment or materials purchased or procured, directly or indirectly, by or for Grantee. In no event will Grantee have the right to create, or permit there to be established by virtue of any act or omission, any lien or encumbrance of any nature against the Grantor Parcel or the Easement Area. If any such lien or encumbrance is filed against any of the Grantor Parcel or the Easement Areas as a result of any action by or on behalf of Grantee, then Grantee shall discharge same of record by payment or bonding off the lien within twenty (20) days after receipt of written notice of the filing thereof, failing which Grantee will be in default under this Agreement and Grantor shall have the right to pay or bond off the lien and shall be entitled to reimbursement by Grantee for all reasonable costs and expenses actually incurred in

connection therewith, together with interest at the statutory rate established pursuant to Section 55.03(1), Florida Statutes, from the date paid until so reimbursed.

6. **Fuel Facilities.**

(a) Grantee intends to utilize the Easement Area in part to install above ground fuel storage tanks and fuel lines and related facilities (collectively, the "Fuel Facilities") for the same to serve the adjacent marina to be constructed in the future ("Marina"). The location of the Fuel Facilities shall be as depicted on Exhibit C attached hereto, or otherwise in a location as mutually agreed upon by the parties hereto. The Fuel Facilities will only be used in connection with the operation of the Marina and/or the adjacent boat ramp and for no other purpose. Grantee shall remain the sole and exclusive owner of the Fuel Facilities. The Fuel Facilities will not be filled with fuel or operated by Grantee or any party claiming by, through or under Grantee including, without limitation, any third-party Marina operator, during any period that Grantor and Grantee are not parties to a mutually acceptable written agreement regarding operation, maintenance, repair and environmental responsibility with regard to the Fuel Facilities. Notwithstanding the foregoing, in the event Grantor does not elect to serve as the Marina manager, Grantor and Grantee agree to amend the terms of this Easement Agreement to be consistent with the Marina Agreement, which shall require the City or the Marina manager to assume responsibility for the operation, maintenance, repair and environmental responsibility with regard to the Fuel Facilities.

7. **Default; Self-Help.** If Grantee defaults in any of its obligations under this Easement Agreement and such default is not commenced within thirty (30) days of written notice from Grantor and thereafter diligently pursued until completion, then Grantor shall have the right, but not the obligation, to take such steps as are reasonably necessary to cure such breach. In addition, in the event that an emergency arises which threatens imminent injury to persons, material damage to Grantor's Improvements or environmental liability to any portion of the Grantor Parcel, then Grantor may use any means, including, without limitation, telephone, to notify Grantee of such emergency, and if Grantee does not commence the cure of such default within one (1) business day following receipt of such notice, then Grantor may exercise its self-help rights hereunder. In the event that Grantor exercises its self-help rights in accordance with the terms and conditions set forth above, then in effecting such cure, Grantor may, without limitation, hire repairmen, pay bills, and generally perform any other act which Grantee is required to perform hereunder. Grantee shall, within thirty (30) days after receipt of written notice and invoices therefor, reimburse Grantor for all actual, third party costs reasonably incurred by Grantor in effecting such cure. If Grantee does not make such reimbursement to Grantor within such thirty (30) day period, then (i) such amount shall bear interest at the at the greater of (i) twelve percent (12%) per annum or (ii) a rate per annum equal to three percent (3%) in excess of the

rate that The Wall Street Journal (or equivalent successor journal) publishes as the prime rate, from time to time.

8. **Insurance.** Grantee is self-insured for general liability, automobile liability and workers' compensation claims. The self-insured program ("Program") is established pursuant to Chapter 128 of the City Ordinance and is administered by the City of Jacksonville's Division of Risk Management.

The Program will respond to general liability and automobile liability losses arising directly and indirectly from the negligent acts or omissions of the City employees and participating authority's employees subject to the provision and limitations imposed under section 768.28 Florida Statutes. The Program does not provide for a waiver of sovereign immunity beyond the statutory limitations on liability provided in section 768.28 Florida Statutes. Any state court judgment in excess of \$200,000 per claimant or \$300,000 per occurrence must be approved by the Florida Legislature through the legislative claim bill process.

In the event one or more of the general liability, automobile liability and workers' compensation self-insurance portions of the Program are discontinued, Grantee shall provide Grantor with reasonably equivalent insurance coverage.

9. **Indemnity.** Subject to the provisions and limitations of Section 768.28, Florida Statutes, which are not hereby expanded, altered or waived, Grantee shall indemnify and hold harmless Grantor and its officers, employees, and agents from any and all liability, losses or damages, including reasonable attorneys' fees and costs of defense, which Grantor or its officers, employees, or agents may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature to the extent such claims, demands, suits, causes of actions or proceedings arise out of, relate to or result from the negligent actions or inactions of Grantee or its employees, agents, or contractors in its performance of this Easement Agreement. Grantee shall pay all claims and losses in connection therewith and shall investigate and defend all claims, suits or actions of any kind or nature relating to the foregoing indemnity, where applicable, including appellate proceedings, and shall pay all costs, judgments, and reasonable attorneys' fees which may be incurred in connection therewith. Grantee expressly understands and agrees that any insurance protection required by this Easement Agreement shall in no way limit its responsibility to indemnify, keep and save harmless and defend Grantor and its officers, employees, agents as herein provided.

Provided, however, that regardless of whether any such obligations are based on tort, contract, statute, strict liability, negligence, product liability or otherwise, the obligations of the Grantee and Grantee's members, officials, officers, employees and agents under this indemnification provision shall be limited in the same manner that would have applied if such obligations were based on, or arose out of, an action at law to recover damages in tort and were subject to section 768.28, Florida Statutes, as that section existed at the inception of this Easement Agreement.

The indemnities contained in this Section shall survive any termination of this Agreement for a period of five (5) years.

10. **Reserved Rights.** Notwithstanding anything in this Agreement to the contrary or the foregoing grant of easement rights, Grantor, for itself and its successors and assigns, hereby reserves and retains the right, so long as the following are not in conflict with or inconsistent with the grants made herein, to (a) use, and to grant to others the right to use the Easement Area for any lawful purpose or use not inconsistent with the grants made herein, (b) grant additional easements and licenses to others over, across, and under the Easement Area, and (c) alter, modify or replace all or part of the Grantor's Improvements including landscaping located within the Easement Area in such a manner which does not materially diminish or prevent the access and use of the Utility Improvements installed by Grantee.

11. **Restrictions on Use of Easement Area.** Grantee agrees that in utilizing the Easement Area, Grantee will not unreasonably interfere with any existing use of the Easement Area as of the date of this Easement Agreement by the Grantor, or its successors and assigns.

12. **Notices.** Any notice required or permitted to be given pursuant to the terms of this Easement Agreement shall be in writing and personally delivered or sent by registered or certified mail, return receipt requested, or delivered by an air courier service utilizing return receipts, only to the parties at the following addresses (or to such other or further addresses as the parties may designate by like notice similarly sent) and such notices shall be deemed given and received for all purposes under this instrument and shall be effective only upon receipt or when delivery is attempted and refused.

Completion Grant Escrow and Disbursement Agreement

COMPLETION GRANT ESCROW AND DISBURSEMENT AGREEMENT

THIS COMPLETION GRANT ESCROW AND DISBURSEMENT AGREEMENT (this “**Agreement**”), dated as of _____, 20__ (the “**Effective Date**”), is among **CHICAGO TITLE INSURANCE COMPANY** (“**Escrow Agent**”), **CITY OF JACKSONVILLE**, a municipal corporation and a political subdivision of the State of Florida (the “**City**”), and **RD RIVER CITY BREWERY, LLC**, a Florida limited liability company (“**Developer**”).

W I T N E S S E T H

WHEREAS, the City, the **DOWNTOWN INVESTMENT AUTHORITY**, a community redevelopment agency on behalf of the City (the “**DIA**”) and the Developer entered into that certain Redevelopment Agreement dated as of _____, 2024 (as the same has been or may hereinafter be amended, amended and restated, supplemented or otherwise modified renewed or replaced from time to time, hereinafter referred to as the “**Redevelopment Agreement**”) in connection with the redevelopment of the Project Parcel; and

WHEREAS, the Redevelopment Agreement provides that the Completion Grant shall be funded by the City and disbursed by the Escrow Agent to Developer pursuant to the terms of this Agreement.

NOW, THEREFORE, the parties hereto agree as follows:

1. Appointment of Agent.

1.1 The City and the Developer hereby appoint Escrow Agent to act as their escrow agent on the terms and conditions hereinafter set forth, and Escrow Agent accepts such appointment on such terms and conditions.

1.2 On or about the date hereof the City deposited the amount of [**\$39,000,000**] (the “**Completion Deposit**”) with the Escrow Agent. The Escrow Agent agrees to hold Completion Deposit on behalf of the City and the Developer and to disburse and deliver the Completion Deposit as provided in the Redevelopment Agreement and this Agreement. Except as expressly provided to the contrary in this Agreement, Escrow Agent does not have any interest in the Completion Deposit but is serving as an escrow holder in a fiduciary capacity (as that fiduciary capacity may be created, controlled, or limited by this Agreement) only and having only possession of the Completion Deposit in accordance with this Agreement.

2. Disposition of the Completion Deposit.

2.1 Escrow Agent shall hold the Completion Deposit in a federally insured interest bearing savings account (the “**Completion Account**”) which rate of interest need not be maximized, with a domestic banking institution with a Moody’s credit rating not less than A1 and an Standard & Poor’s credit rating of not less than A-. Escrow Agent shall not commingle the Completion Deposit with any other funds.

2.2 From time to time, but not more than one (1) time during any three (3) month period commencing on or after Commencement of Vertical Construction of the Improvements in accordance with the terms and conditions of the Redevelopment Agreement and this Agreement, the Developer shall submit a written notice (each, a “**Draw Request**”) to the City and the Escrow Agent requesting a release of funds from the Completion Deposit equal to the product of (i) the amount previously funded by the Senior Construction Lender divided by the total original construction loan amount, and (ii) \$39,000,000, less the amount previously drawn from the Completion Deposit (the “**Requested Amount**”). By way of example, if the total original construction loan amount is \$100,000,000, and the Senior Construction Lender has funded \$50,000,000 at the time of the Draw Request, and \$17,000,000 had previously been released from the Completion Deposit, then the Requested Amount would equal \$2.5MM and would be calculated as follows $((\$50MM / \$100MM) \times \$39MM) - \$17MM = \$2.5MM$.

The Draw Request shall contain the items listed on Exhibit “A” attached hereto (the “**Draw Request Requirements**”). The Requested Amount shall be disbursed to the Senior Construction Lender and the Senior Construction Lender shall thereafter disburse the Requested Amount to the Developer in connection with the next senior construction loan draw made by the Senior Construction Lender.

2.2.1 The Escrow Agent’s disbursement of each Requested Amount shall be made within thirty (30) calendar days following the City and Escrow Agent’s receipt of such Draw Request, unless the City provides written notice of an objection thereto to Developer and Escrow Agent within fifteen (15) calendar days from the date the Draw Request is received by the City (the “**Deficiency Notice**”), which objection shall identify the Disputed Amount (as hereinafter defined) (if the objection relates to matters in item (z) below) and shall be limited to the City’s good faith belief that (x) the Requested Amount is not pari passu with the Senior Construction Lender’s previously funded draws, (y) such Draw Request did not include the Draw Request Requirements, or (z) during review of Draw Request Requirements as presented, the City finds that (i) the amount advanced by the Senior Construction Lender’s previously funded draws is inconsistent with the information contained in the Draw Request including, without limitation, not supported by the third-party inspection report and the architect’s certification or (ii) the amount of stored materials being funded in such a Draw Request were not actually delivered (the amounts set forth being the “**Disputed Amount**”). To the extent the City delivers a Deficiency Notice, the Developer shall resubmit or otherwise supplement the portion of the Draw Request reasonably required to address the items noted in any Deficiency Notice (the “**Resubmittal**”).

2.2.2 In the event the Escrow Agent receives a properly made objection, Escrow Agent shall disburse the portion of the Requested Amount that is not a Disputed Amount and shall retain the Disputed Amount until the earlier of (a) the deemed approval of the Resubmittal pursuant to Section 2.2.3 below, (b) a written notice executed by the City and the Developer mutually directing the disbursement of such funds or balance thereof which the City and Developer agree to execute in good faith upon the City’s reasonable satisfaction as to its Deficiency Notice, or (c) an order issued by a court of competent jurisdiction, which order is not subject to

2.5 Nothing in this Section 2 shall have any effect whatsoever upon Escrow Agent's rights, duties, and obligations under Section 3.

3. Concerning Escrow Agent.

3.1 Escrow Agent shall be protected in relying upon the accuracy, acting in reliance upon the contents, and assuming the genuineness of any notice, demand, certificate, signature, instrument or other document which is given to Escrow Agent without verifying the truth or accuracy of any such notice, demand, certificate, signature, instrument or other document.

Payment Guaranty

PAYMENT GUARANTY

THIS PAYMENT GUARANTY (“Guaranty”) is made, executed and delivered as of _____, 2024, by PRH INVESTMENTS, LLC, a Florida limited liability company (“Guarantor”) to and in favor of CITY OF JACKSONVILLE, a municipal corporation and a political subdivision of the State of Florida (the “City”).

Preliminary Statement

A. The City, the Downtown Investment Authority, a community redevelopment agency on behalf of the City (the “DIA”) and RD River City Brewery, LLC, a Florida limited liability company (the “Developer”) entered into that certain Redevelopment Agreement dated as of _____, 2024 (as the same has been or may hereinafter be amended, amended and restated, supplemented or otherwise modified renewed or replaced from time to time, hereinafter referred to as the “Redevelopment Agreement”) in connection with the redevelopment of the Project Parcel; and

B. The Redevelopment Agreement provides that the Completion Grant shall be funded by the City and disbursed by the Escrow Agent to the Senior Construction Lender pursuant to the terms of that certain Completion Grant Escrow and Disbursement Agreement entered into by and between the City, the Developer and an entity as selected by the City and approved by the Developer in its reasonable discretion (the “Escrow and Disbursement Agreement”).

C. The Guarantor derives direct and material benefits and valuable consideration as a result of the work being done and paid for, in part, by the Completion Grant. As a material condition precedent to the City funding the Completion Grant, Guarantor has agreed to guaranty repayment of the Completion Grant disbursed under the Escrow and Disbursement Agreement in the event the Developer fails to meet the Completion Date deadline contained in Article 4 of the Redevelopment Agreement (as the same may be extended pursuant to the terms of the Redevelopment Agreement) and the REV Grant is forfeited pursuant to Section 13.3(b) of the Redevelopment Agreement.

NOW, THEREFORE, in consideration of the premises, and in order to induce the City to fund the Completion Grant, the Guarantor agrees as follows:

1. Introduction. The above Preliminary Statement is true and correct and is incorporated into and made a part of this Guaranty. Capitalized terms used herein that are not defined herein shall have the meanings given to such terms in the Redevelopment Agreement.

2. Guaranty. The Guarantor hereby irrevocably, absolutely and unconditionally guarantees (as primary obligor and not merely as a surety) to the City the full, faithful and punctual payment and performance of the Guaranteed Obligations (as defined below). As and to the extent

the Developer fails to meet the Completion Date deadline contained in Article 4 of the Redevelopment Agreement (as the same may be extended pursuant to the terms of the Redevelopment Agreement) and the REV Grant is forfeited pursuant to Section 13.3(b) of the Redevelopment Agreement, the Guarantor guarantees to the City the due and punctual repayment by Developer of any amounts previously disbursed under the Escrow and Disbursement Agreement and all fees, costs and other expenses incurred by the City related to the enforcement of this Guaranty including, without limitation, all Guaranteed Obligations that would become due but for the operation of the automatic stay pursuant to Section 362(a) of the Bankruptcy Code or the operation of Sections 365, 502(b) or 506(b) of the Bankruptcy Code (the “Guaranteed Obligations”). Notwithstanding the foregoing, in the event the Developer Substantially Completes (i) the Residential Improvements, the Garage Improvements and the Riverwalk Improvements and obtains a certificate of occupancy (or its equivalent) that permits the use of the applicable improvements for the same prior to the date of any Written Demand of the City (as defined below), this Guaranty will terminate, and (ii) the Residential Improvements and the Garage Improvements (but not the Riverwalk Improvements) and obtains a certificate of occupancy (or its equivalent) that permits the use of the applicable improvements for the same prior to the date of any Written Demand of the City (as defined below) the maximum amount recoverable by the City hereunder shall be reduced to \$1,000,000.

3. Effectiveness of Guaranty and Acts by the City. The City may in its discretion and without notice to or approval by Guarantor, but acting in good faith, take any action which might otherwise be deemed a legal or equitable release or discharge of the Guaranteed Obligations hereunder without either impairing or affecting the liability of any Guarantor for payment of the Guaranteed Obligations, which actions might include, by way of illustration and not limitation:

- (a) the acceptance of partial payment of any amounts due under this Guaranty;
- (b) the settlement, release, compounding, compromise, cancellation, rearrangement or consolidation of Guaranteed Obligations;
- (c) any action giving rise to any defenses, set-offs, claims or counterclaims which may be available to Developer or to any third party;
- (d) the collection of or other liquidation of any claims the City may have in respect of the Guaranteed Obligations;
- (e) the granting of indulgences, forbearance, compromises, extensions or adjustments in respect to any covenant or agreement under the Redevelopment Agreement;
- (f) the release from liability of any additional parties who may guarantee payment of the Guaranteed Obligations or any portion thereof;
- (g) the release, surrender, exchange or compromise of any lien held by or for the City as security for the Guaranteed Obligations or as security for a guaranty of the Guaranteed Obligations; or

(h) taking any action, which might arise by operation of law or any other cause, whether similar or dissimilar to the foregoing.

4. Demand by the City. Subject to termination of this Guaranty or reduction of the maximum indebtedness as provided in Section 2 of this Guaranty, the Guaranteed Obligations shall be due and payable by Guarantor to the City within five (5) business days of the City's written demand to Guarantor confirming that: (i) the Developer failed to meet the Completion Date deadline contained in Article 4 of the Redevelopment Agreement (as the same may be extended pursuant to the terms of the Redevelopment Agreement); (ii) the REV Grant was forfeited pursuant to Section 13.3(b) of the Redevelopment Agreement (a "Written Demand"). Payment by Guarantor shall be made to the City in immediately available funds at the address set forth in the Notice section or at any other address that may be specified in writing from time to time by the City. If acceleration of the time for payment of the Guaranteed Obligations is stayed, or demand for payment thereof is precluded upon injunction or the bankruptcy, insolvency or reorganization of the Developer (determined without regard to whether a court of competent jurisdiction might act favorably on a request for relief from any such stay or other preclusion), or the City is otherwise stayed, enjoined or precluded from exercising its rights and remedies pursuant to the Redevelopment Agreement, then, the entire amount of the Guaranteed Obligations shall nevertheless be due and payable by Guarantor to the City within five (5) business days of the City's written demand.

5. Enforcement of Guaranty. The City has no obligation to proceed against the Developer, or any other guarantor of the Guaranteed Obligations, or any other person, or any collateral, before seeking satisfaction from the Guarantor. The City shall not be required to mitigate damages or take any other action to reduce, collect, or enforce the Guaranteed Obligations. The City may proceed, prior or subsequent to, or simultaneously with, the enforcement of its rights hereunder, to exercise any right or remedy which it may have against any collateral as a result of any lien it may have as security for the Guaranteed Obligations, or against any other guarantor of the Guaranteed Obligations, for all or any portion of the Guaranteed Obligations. The City shall not be required to liquidate any lien or any other form of security, instrument, or note prior to making such demand. THIS IS A GUARANTY OF PAYMENT AND PERFORMANCE AND NOT OF COLLECTION, and Guarantor waives all rights that Guarantor may have, if any, to require that any action be brought against Developer (or any other person) or to require that resort be first made against any security prior to demanding payment or performance hereunder.

6. Benefit of Guaranty. The provisions of this Guaranty are for the benefit of the City, and nothing herein contained shall impair, as between or among the Developer or Guarantor, on the one hand, and the City, on the other hand, the obligations of the Developer under the Redevelopment Agreement. Nothing shall discharge or satisfy the liability of Guarantor hereunder except the full, final and indefeasible payment and performance of the Guaranteed Obligations.

7. Waivers and Acknowledgements by Guarantor.

(a) Guarantor hereby waives: (i) notice of acceptance of this Guaranty and of creation of the Guaranteed Obligations; (ii) protest, notice of protest, and notice of dishonor or

default to Developer, the Guarantor or to any other person with respect to any of the Guaranteed Obligations; (iii) any defense of Developer to the Guaranteed Obligations, except the defense of payment or performance in full; (iv) any rights to extension, composition or otherwise under the Bankruptcy Code or any amendments thereof, or under any state or other federal statute or other Debtor Relief Law; and (v) any action, inaction, defense or circumstance (including, without limitation, the validity or enforceability of the Loan or this or any guaranty, disability, insolvency, lack of authority or power, insanity, minority, death, dissolution) that might otherwise constitute a legal or equitable discharge of Developer's obligations under the Redevelopment Agreement or Guarantor's conditional liability hereunder, other than the defense of payment or performance in full or any compulsory counterclaim.

(b) Guarantor has reviewed the Redevelopment Agreement with counsel of their choice, and consents to the Redevelopment Agreement. Guarantor shall be regarded, and shall be in the same position, as a principal debtor with respect to all of the Guaranteed Obligations.

(c) Guarantor will remain liable hereunder regardless of whether Developer is held to be not liable on the Guaranteed Obligations. Guarantor agrees that its waivers hereunder are of the essence of the Redevelopment Agreement transactions and that, but for this Guaranty and such waivers, the City would have declined to fund the Completion Grant.

(d) Guarantor is responsible for all sums and obligations comprising the Guaranteed Obligations notwithstanding that Developer's liabilities therefor may be diminished or eliminated by operation of bankruptcy or Debtor Relief Laws or otherwise. Should Developer, before or after payment of any or all sums covered by this Guaranty, take advantage of any Debtor Relief Law pursuant to which the City is required to return any portion of the sums guaranteed hereby, including, without limitation, as a result of any determination that a fraudulent conveyance or preference exists, this Guaranty shall remain in full force and effect as to such sums (and any other sums unpaid under this Guaranty) on the terms set forth herein until the City finally and irrevocably has been paid or repaid all such sums and Guarantor shall otherwise render full performance to the City.

8. Representations and Warranties. Guarantor represents and warrants to the City that:

(a) The Guarantor is a limited liability company duly organized, validly existing and in good standing under the laws of the State of Florida and has all requisite limited liability company power and authority to own, lease and operate its properties and to carry on its business as now being conducted.

(b) The Guarantor has full limited liability company power and authority to execute and deliver this Guaranty, to perform its obligations hereunder and to consummate the transactions contemplated hereby. The execution and delivery of this Guaranty by the Guarantor, the performance by the Guarantor of its obligations hereunder, and the consummation of the transactions provided for hereby have been duly and validly authorized by all necessary limited liability company action on the part of the Guarantor. This Guaranty

has been duly executed and delivered by the Guarantor and constitutes the valid and binding agreement of the Guarantor, enforceable against the Guarantor in accordance with its terms, subject to applicable bankruptcy, insolvency and other similar laws affecting the enforceability of creditors' rights generally, general equitable principles and the discretion of courts in granting equitable remedies.

(c) Neither the execution and delivery of this Guaranty nor the consummation of any of the transactions contemplated hereby nor compliance with the terms and provisions hereof contravene the organizational documents of the Guarantor or, to Guarantor's knowledge, any applicable law to which the Guarantor is subject or any judgment, decree, license, order or permit applicable to the Guarantor, or conflict or be inconsistent with, or will result in any breach of, any of the terms, covenants, conditions or provisions of, or constitute a default under, or result in the creation or imposition of a lien upon any of the property or assets of the Guarantor pursuant to the terms of, any indenture, mortgage, deed of trust, agreement or other instrument to which the Guarantor is a party or by which the Guarantor is bound, or to which the Guarantor is subject.

(d) No consent, authorization, approval, order or other action by, and no notice to or filing with, any court or Governmental Authority or regulatory body or any other person is required for the execution, delivery and performance by the Guarantor of this Guaranty or the consummation of the transactions contemplated hereby.

(e) There is no action, suit, claim, proceeding or investigation pending or, to the best knowledge of the Guarantor, currently threatened against the Guarantor that questions the validity of this Guaranty or the transactions contemplated herein or that could either individually or in the aggregate have a material adverse effect on Guarantor's obligations hereunder.

(f) The execution, delivery and performance of this Guaranty, the consummation of the transactions contemplated hereby and the fulfillment of and compliance with the terms and conditions hereunder do not or will not (as the case may be), with the passing of time or the giving of notice or both, violate or conflict with, constitute a breach of or default under, result in the loss of any benefit under, or permit the acceleration of any obligation under, (i) any term or provision of the charter documents of the Guarantor, (ii) any judgment, decree or order of any governmental entity to which the Guarantor is a party or by which the Guarantor or any of its properties is bound or (iii) any law applicable to the Guarantor, unless, in each case, such violation, conflict, breach, default, loss of benefit or accelerated obligation would not, either individually or in the aggregate, have a material adverse effect on the ability of the Guarantor to consummate the transactions contemplated hereby.

- (g) The Guarantor is solvent as of the Effective Date.

9. Further Assurances. Guarantor agrees that it will from time to time, at the reasonable request of the City, do all such things and execute all such documents as the City may consider reasonably necessary or desirable to give full effect to this Guaranty and to preserve the rights and powers of the City hereunder. Guarantor agrees that it will provide the City at the time of execution hereof and on a quarterly basis thereafter until the expiration or termination of this Guaranty, an attestation from its chief financial officer evidence of its financial capacity to fulfill the full, faithful and punctual payment and performance of the Guaranteed Obligations, which may be in the form of a written certification executed by Guarantor's chief financial officer, stating that the Guarantor has a Cash Liquidity Balance equal to or greater than \$40,000,000, and Net Worth equal to or greater than \$150,000,000. All such statements shall be certified by Guarantor's chief financial officer to be correct and in accordance with Guarantor's records, and to present fairly the Guarantor's financial position in conformity with generally accepted accounting principles ("GAAP").

As used in this Section 9, the following terms shall have the respective meanings set forth below:

- (a) "Cash Liquidity Balances" means the unrestricted and unencumbered assets of Guarantor and shall include, without limitation, (i) stocks and bonds traded on recognized exchanges that can be converted to cash in five (5) days, (ii) cash on deposit in accounts maintained by financial institutions or in money market accounts in the name of Guarantor or any subsidiary of Guarantor which is consolidated with Guarantor pursuant to GAAP (each, a "Guarantor Subsidiary"), (iii) U.S. Government securities having a maturity within one year of issuance thereof, (iv) commercial paper rated A-1 or better by Standard & Poor's or P-1 or better by Moody's which will mature within one year of issuance thereof, (v) unencumbered marketable securities or bonds rated A or better by Moody's Investors Services, Inc., (vi) direct obligations of the United States of America or any agency thereof which will mature within one year of the issuance thereof, (vii) secured repurchase agreements against any of the foregoing, and executed by a bank or trust company domiciled in the United States, (viii) Eurodollar deposits or certificates of deposits issued by a lender, and (ix) other liquid assets as may be approved by the City in its sole and absolute discretion; provided, however, that liquid assets titled in custodial accounts or trusts, or titled (in whole or in part) in the name(s) of entities other than Guarantor or any Guarantor subsidiary shall be excluded from the calculation of Cash Liquidity Balances.
- (b) "Net Worth" means (a) the Guarantor's total equity (including contributions, net of distributions and retained earnings) which would appear on a balance sheet of Guarantor prepared as of such date in accordance with GAAP, less (b) the sum of (i) the aggregate book value of goodwill shown on such balance sheet of Guarantor, prepared in accordance with GAAP, and (ii) unamortized debt discount and expenses.

10. Benefit of Guaranty. This Guaranty shall remain in full force and effect until the earlier to occur of (i) Substantial Completion of the Improvements and a certificate of occupancy for the same is obtained by the Developer in the absence of a prior Written Demand; or (ii) satisfaction in full of the Guarantor's Guaranteed Obligations for which City has made a Written

(a) Access. A non-exclusive easement in favor of the Grantee Permitted Users for vehicular and pedestrian traffic over, through and across, but not parking on, the ramps, driveways, and walkways and other portions of the Grantor Parcel and Parking Garage as, from time to time, may be paved and/or intended for vehicular and/or pedestrian purposes to afford access to and from and through the Dedicated Parking Spaces Areas and any public streets, access easements, private roads or alleys serving the Parking Garage. Ingress and egress to and from and through the Parking Garage shall not be materially altered or hindered by Grantor without the express written approval of Grantee; provided, however, in no event shall any consent of Grantee be required (x) in the event of a material alteration or hindrance as a result of an emergency involving imminent threat of serious injury or damage to persons, (y) if the material alteration or hindrance is temporary in nature for

purposes of maintenance or otherwise, or (z) with respect to alterations and modifications to the ramps, driveways and walkways located on the Grantor Parcel and the Parking Garage, so long as the Dedicated Parking Spaces Area is accessible by Grantee and the Grantee Permitted Users. Grantor shall at all times provide Grantee with access devices or codes as shall be necessary to allow Grantee and the Grantee Permitted Users it designates from time to time to enter and exit the Parking Garage and to utilize the Dedicated Parking Spaces.

(b) Parking. An exclusive easement for the use of the Dedicated Parking Spaces Area and the Dedicated Parking Spaces. The Dedicated Parking Spaces may only be used for the parking non-commercial vehicles by the Grantee Permitted Users. The Dedicated Parking Spaces may not be used for (a) the parking of commercial vehicles, including, without limitation, Grantee's trucks and fleet vehicles (b) residential parking for a residential development located outside of the Grantor Parcel, or (c) parking of vehicles overnight. Developer shall install adequate interior and exterior signage evidencing the Dedicated Parking Spaces and shall install a gate in order to separate the residential parking spaces for the Project from the Dedicated Parking Spaces and other guest spaces located in the Parking Garage that are not intended for the private use of the residential units to be constructed as part of Grantor's Planned Improvements. Each Dedicated Parking Space shall be physically marked and designated as "Reserved" by Grantor in a manner specified by Grantee, and reasonably approved by Grantor, and shall only be used by the Grantee Permitted Users. The signage related to the Dedicated Parking Spaces may indicate restrictions related to the use of the Dedicated Parking Spaces contained in this Agreement. In the event a Dedicated Parking Space is used by a Grantee Permitted User in violation of the rules established by Grantor as permitted in this Agreement, then Grantor or the Garage Manager may notify Grantee's Office of Public Parking via e-mail at the email address supplied by Grantee to Grantor from time to time of such violation, and to the extent such party has not removed its vehicle from the Dedicated Parking Space within twelve (12) hours of such notice, Grantor shall have the right to (x) instruct the Garage Manager to post a notice on such vehicle with respect to the unauthorized use of such Dedicated Parking Space and (z) no earlier than twenty-four (24) hours after posting such notice, to request Grantee's Office of Public Parking to ticket the vehicle once every 24 hours and, if permitted pursuant to applicable law, install a boot on the vehicle. For the avoidance of doubt, this easement is intended to allow the users of the Parking Garage to self-park vehicles. Grantor shall only be permitted to relocate the Dedicated Parking Spaces Area or alter the Dedicated Parking Spaces therein with Grantee's prior written consent; provided, however, no such consent shall be required if Grantor is required to reconfigure all or a portion of the Parking Garage to comply with any laws, ordinances rules or regulations first taking effect after the date hereof and not arising due to any alterations to or expansion of the Parking Garage or any of Grantor's Improvements and all or a portion of the Dedicated Parking Spaces Area must be altered or relocated in connection therewith, provided that, in such event (i) Grantor shall use its best efforts to relocate the Dedicated Parking Spaces on two (2) contiguous floors within the Parking Garage which are as close to the initial Dedicated Parking Spaces as

possible and are fully covered, and (ii) the Dedicated Parking Spaces shall not consist of less than thirty (30) parking spaces. The Parking Garage shall be open twenty-four (24) hours per day, seven (7) days per week, including all holidays; provided, however, this shall not preclude Grantor from limiting access to the Parking Garage generally (including the Dedicated Parking Spaces) in the event of an emergency involving imminent threat of serious injury or damage to persons or if temporary in nature for purposes of maintenance or otherwise. Grantee shall not make any use of the Parking Garage or the Dedicated Parking Spaces Area that is inconsistent with the uses contemplated herein. Grantee and the Grantee Permitted Users shall comply with the reasonable rules and regulations with respect to the use by users of the Parking Garage that are established by Grantor from time to time and that are consistent with this Easement Agreement; provided, however, that: (i) all such rules shall be applicable to all users of the Parking Garage and shall be enforced in a uniform and non-discriminatory manner; and (ii) Grantee and the Grantee Permitted Users shall not be required to participate in any valet parking program or to pay any fee (other than the cost reimbursements as set forth herein) with respect to the easements granted in this Easement Agreement. In the event a Dedicated Parking Space is used by a party who is not a Grantee Permitted User, then Grantee shall notify the property manager for the Grantor Parcel via e-mail at the email address supplied by Grantor to Grantee from time to time of such unauthorized use, and to the extent such party has not removed its vehicle from the Dedicated Parking Space within twelve (12) hours of Grantee's notice, Grantee shall have the right to (x) instruct the Garage Manager to post a notice on such vehicle with respect to the unauthorized use of such Dedicated Parking Space and (z) no earlier than twenty-four (24) hours after posting such notice, to instruct the Garage Manager to cause such vehicle to be removed from the Dedicated Parking Space by any reasonable and legal means (including towing) which removal shall be at the sole cost of Grantee, without liability therefor being imposed upon Grantor. Notwithstanding anything herein to the contrary, Grantee's Office of Public Parking may ticket any vehicle utilizing the Dedicated Parking Spaces that Grantee in good faith determines is not a Grantee Permitted User. Subject to applicable laws, and notwithstanding anything to the contrary contained herein, in the event of an emergency that affects public health and safety or involves an imminent threat of damage to property in which Grantor requires access to the Dedicated Parking Spaces, Grantor may tow vehicles parked in the Dedicated Parking Spaces and Grantee shall have no liability in connection therewith.

(d) Alterations to Parking Garage. Grantor shall not seek or request from governmental authority or make any change or alteration to the route, median breaks, curb cuts or grade of the roads, easement areas, alleyways providing access to and egress from the Parking Garage which would materially impede access for the intended purposes to the Parking Garage by Grantee or the Grantee Permitted Users, without the written consent of Grantee (which consent shall be considered in good faith by Grantee). Grantor shall not be prohibited from making any other changes or alterations to the Parking Garage, including without limitation converting any of the parking spaces in the Parking Garage to any other use, as long as Grantee’s use of the Dedicated Parking Spaces is not adversely affected thereby in any manner, Grantee’s Permitted Users shall always have safe and unimpeded access to the Dedicated Parking Spaces and Grantee incurs no additional costs or expenses on account thereof.

5. **REAL ESTATE TAXES.** Grantor shall pay all ad valorem real estate taxes and assessments with respect to the Grantor Parcel and improvements located thereon, including, without limitation, the Parking Garage, prior to delinquency.

6. **INSURANCE.**

Grantee is self-insured for general liability, automobile liability and workers' compensation claims. The self-insured program ("Program") is established pursuant to Chapter 128 of the City Ordinance and is administered by the City of Jacksonville's Division of Risk Management.

The Program will respond to general liability and automobile liability losses arising directly and indirectly from the negligent acts or omissions of the City employees and participating authority's employees subject to the provision and limitations imposed under section 768.28 Florida Statutes. 7. **CONDEMNATION.**

(a) **Total Taking; Termination.** If all or a material portion of the Grantor Parcel or access thereto is taken by public authority, so that all or more than fourteen (14) of the Dedicated Parking Spaces are no longer available to Grantee for the purposes of this Easement Agreement (a "**Total Taking**"), then this Easement Agreement shall terminate. In the event any award or other sum of money is received by Grantor in connection with any such taking, all such monies shall belong exclusively to Grantor. Nothing contained herein shall be deemed to limit any separate claim Grantee may have as a result of the loss of its easement rights following such Total Taking.

(b) **Partial Taking.** In the event of any taking by a condemning authority that is not a Total Taking (any such taking being referred to herein as a "**Partial Taking**"), this Easement Agreement shall remain in full force and effect; provided, however, (i) that such portion of the Grantor Parcel so taken shall be relieved and released from the terms of this Easement Agreement; and (ii) any remaining Dedicated Parking Spaces shall be reduced by an amount such that the ratio of the Dedicated Parking Spaces to the total parking spaces within the modified Parking Garage remain equal to the ratio that existed before such Partial Taking. Notwithstanding the foregoing, Grantor shall, not have the obligation to restore the Parking Garage and, in the event Grantor elects not to restore the Parking Garage, this Easement Agreement shall terminate as of the date of the Partial Taking. In the event any

award or other sum of money is received by Grantor in connection with any such taking, all such monies shall belong exclusively to Grantor. Nothing contained herein shall be deemed to limit any separate claim Grantee may have as a result of the loss of its easement rights following such Partial Taking.

10. **RISK OF LOSS OF PERSONAL PROPERTY.** All personal property belonging to Grantee or its employees, agents or invitees located in or on the Dedicated Parking Spaces Area or any other portion of the Parking Garage shall be there at the risk of the Grantee or its employees, agents or invitees, and Grantor shall not be liable for damage thereof or theft or misappropriation thereof.

11. **DEFAULT.**

- (a) In the event of a default by or a failure of either party to comply with or perform any of its obligations, covenants or easements under this Easement Agreement within thirty (30) days following written notice thereof, the non-defaulting party shall be entitled to exercise all remedies available at law or equity, provided that in no event shall Grantor have the right to terminate this Easement Agreement or deprive Grantee and or any Grantee Permitted Users with access to and use of the Dedicated Parking Spaces. Notwithstanding the foregoing, (a) in the event of a monetary default, any delinquent payment shall bear interest following such thirty (30) day period (subject to any reasonable extension as necessary for the Grantee to appropriate funds for such financial obligation) at the greater of (i) twelve percent (12%) per annum or (ii) a rate per annum equal to three percent (3%) in excess of the rate that The Wall Street Journal (or equivalent successor journal) publishes as the prime rate, from time to time (the greater of such rates being referred to herein as the "**Default Rate**"), (b) in the event of a non-monetary default, the non-defaulting party shall forebear exercising its rights hereunder provided that the defaulting party has commenced curative action within said thirty (30) day period and is diligently prosecuting same to completion. The failure of any party hereto to enforce any provision herein contained shall in no event be deemed to be a waiver of the right to do so thereafter nor of the right to enforce any other provision.
- (b) If Grantor defaults in any of its obligations under this Easement Agreement and such default is not cured within the time period specified in Section 11(a) above, then Grantee shall have the right, but not the obligation, to take such steps as are reasonably necessary to cure such breach. In addition, in the event that an

emergency arises which threatens imminent injury to persons or material damage to property in the Parking Garage, then Grantee may use any means, including, without limitation, telephone, to notify Grantor or any Parking Manager of such emergency, and if Grantor or the Parking Manager does not commence the cure of such default within one (1) business day following receipt of such notice, then Grantee may exercise its self-help rights hereunder. In the event that Grantee exercises its self-help rights in accordance with the terms and conditions set forth above, then in effecting such cure, Grantee may, without limitation, hire repairmen, pay bills, and generally perform any other act which Grantor is required to perform hereunder. Grantor shall, within thirty (30) days after receipt of written notice and invoices therefor, reimburse Grantee rights for all actual, third-party costs reasonably incurred by Grantee in effecting such cure, plus an administrative fee equal to six percent (6%) of all amounts so paid. If Grantor does not make such reimbursement to Grantee within such thirty (30) day period, then such amount shall bear interest at the Default Rate.

**NON-EXCLUSIVE PEDESTRIAN AND VEHICULAR
ACCESS EASEMENT AGREEMENT**
(Loading Area Easement)

This NON-EXCLUSIVE PEDESTRIAN AND VEHICULAR ACCESS EASEMENT AGREEMENT (“Easement Agreement”) is made as of the ____ day of _____, 2024, by and between **CITY OF JACKSONVILLE**, a body politic and municipal corporation existing under the laws of the State of Florida (“**Grantor**”), whose mailing address is c/o Downtown Investment Authority, 117 W. Duval Street, Suite 310, Jacksonville, Florida 32202, hereinafter called the Grantor and **RD RIVER CITY BREWERY, LLC**, a Florida limited liability company, (“**Grantee**”) whose address is 2850 Tigertail Avenue, Suite 800, Miami, Florida 33133.

RECITALS:

- A. Grantor owns certain property described on **Exhibit A** attached hereto and made a part hereof (the “Easement Area”).
- B. Grantee has constructed that certain structured parking facility containing no less than five hundred fifty (550) spaces (the “Parking Garage”) located on the property set forth on **Exhibit B** (the “Benefited Parcel”), which lies adjacent to the Easement Area.
- C. Grantee has requested, and Grantor has agreed to provide, a non-exclusive vehicular and pedestrian access easement to benefit only the Benefited Parcel, according to the terms and conditions more particularly set forth herein.

NOW, THEREFORE, in consideration of Ten and no/100 Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. **Grant of Easement Rights.** Grantor hereby bargains, sells, grants and conveys unto Grantee, its successors and assigns, a perpetual non-exclusive easement over and across the Easement Area for the purpose of pedestrian and vehicular ingress, egress and passage, but in no event parking, for the sole and limited purposes of loading and

unloading of passengers and property, accessing the Parking Garage, and commercial vehicle turn-around; provided that, the easement rights granted herein shall not include any right to park vehicles (other than temporarily in connection with the use of the Easement Area for loading and unloading of vehicles) or otherwise obstruct the driveways, entries and exits located on the Easement Area. The easement rights granted herein are only for the benefit of and appurtenant to the Benefited Parcel.

2. **Reserved Rights.** Notwithstanding anything in this Agreement to the contrary or the foregoing grant of easement rights, Grantor, for itself and its successors and assigns, hereby reserves and retains the right to (a) use, and to grant to others the right to use the Easement Area for any lawful purpose or use not inconsistent with the grants made herein, (b) grant additional easements and licenses to others over, across, and under the Easement Area, (c) alter, modify or replace all or part of the sidewalks, driveways and other improvements located within the Easement Area in such a manner which does not materially diminish or prevent the access and use provided as of the date of this Easement Agreement, and (d) construct and install additional or substitute improvements within the Easement Area at any location and in any configuration that Grantor determines. Grantee acknowledges and agrees that the Easement Area is a public area and Grantee's rights granted herein are co-equal to the rights of the public to use the Easement Area as a public thoroughway. 3. **Restrictions on Use of Easement Area.** Grantee agrees that in utilizing the Easement Area, Grantee will not unreasonably interfere with any existing or future use of the Easement Area by the Grantor, its successors and assigns. The self-help remedy described above in this paragraph and the right of set off as set forth in the Sections 9.2 and 9.4 of the Redevelopment Agreement shall be Grantee's sole and exclusive remedy for any default by Grantor for failure to maintain the Riverwalk Parcel or Bulkhead Improvements as required under this Easement Agreement. No default by Grantor shall limit or affect the rights of the public to access and use the Riverwalk Parcel as described herein.

7. **Indemnification.** Grantee shall indemnify, defend and hold harmless Grantor, its officers, agents, servants, employees, successors and assigns (the "Indemnified Parties") against any claim, action, loss, damage, injury, liability, cost and expense of whatsoever kind or nature (including, but not by way of limitation, attorney's fees and court costs) arising out of injury (whether mental or corporeal) to persons, including death, or damage to property, arising out of or incidental to the rights granted herein, except to the extent such claim, action, loss, damage, injury, liability, cost or expense shall have been caused by the gross negligence of the Indemnified Parties.
