

REPORT OF THE PLANNING AND DEVELOPMENT DEPARTMENT
APPLICATION FOR SIGN WAIVER SW-21-03 (ORDINANCE 2021-0537)

SEPTEMBER 21, 2021

Location: 806 Riverside Avenue
Between Riverside Park Place and Post Street

Real Estate Number: 090206 0010

Waiver Sought: Increase the number of signs from one (1) to six (6)

Current Zoning District: Commercial Residential Office (CRO)

Current Land Use Category: Residential Professional Institutional (RPI)

Planning District: 1 – Urban Core

Applicant /Agent: Taylor Sign & Design, Inc.
4162 St. Augustine Road
Jacksonville, Florida 32207

Owner: Marvin Harden
501 Riverside Avenue, Suite 1000
Jacksonville, FL 32202

Staff Recommendation: **APPROVE**

GENERAL INFORMATION

Application for Sign Waiver **Ordinance 2021-0537 (SW-21-03)** seeks to increase the number of allowed signs from one (1) to six (6). The applicant is seeking an increase in signage in order to bring the current signs into compliance while allowing for additional signs on three walls for a second tenant. The subject property is located within the CRO zoning district and the Riverside Avondale Zoning Overlay. Under the CRO zoning district, the applicant is currently allowed one wall sign.

NOTICE TO OWNER / AGENT

Section 656.1310, Ordinance Code, sets forth procedures and criteria for evaluating waivers of the Part 13 sign regulations. Section 656.1310 of the Ordinance Code defines a sign as, “a painting, structure or device which is placed, erected, or constructed or maintained on or in the ground, or on or outside of an enclosed building or other object or structure or affixed or painted on or inside an exterior window of a building for the purpose of displaying information, advertisement or

attraction of the attention of persons, including posters, pictures, pictorial or reading matter and a letter, word, model, device or representation used in the nature of an advertisement, announcement, attraction or direction.”

STANDARDS, CRITERIA AND FINDINGS

Pursuant to Section 656.1310(a)(i) through (x), Ordinance Code, provides that, with respect to action upon Applications for Sign Waivers, the Planning Commission shall grant a waiver only if substantial competent evidence exists to support a positive finding based on each of the following criteria as applicable:

- (i) *Will the effect of the sign waiver be compatible with the existing contiguous signage or zoning and consistent with the general character of the area considering population, density, scale, and orientation of the structures in the area?*

Yes. The effect of the sign waiver will be compatible with the existing contiguous zoning and general character of the area. The subject property is located within the Riverside Avondale Zoning Overlay, however, is it outside of the boundaries of the Historic District.

The following additional criteria shall be considered by the Planning and Development Department, the Local Planning Agency, and the City Council when evaluating any land use or zoning application within the Riverside/Avondale Zoning Overlay District:

- (a) ***Whether the proposed waiver is consistent with the Riverside/Avondale Zoning Overlay District and the historic district regulations;***

Staff finds the proposed request is consistent with the Riverside/Avondale Zoning Overlay District. Section 656.399.35 of the Overlay states:

Wall, projecting, marquee, or awning signs shall be clearly integrated with the architecture of the building and shall be consistent in design and materials with the architecture of the proposed building. The use of internal illumination is prohibited. Signage in the overlay should support the historic nature of the community and not detract from the area.

- (b) ***Whether the waiver will negatively affect or alter the character of the character area or corridor;***

Staff finds no evidence will negatively affect or alter the character of the Riverside/Avondale area.

- (c) ***Whether the waiver and subsequent future development would result in the destruction of natural resources such as wetlands, protected trees or exceptional specimen trees; and***

The proposed request will not affect any natural resources or subsequent development.

(d) Whether the rezoning would have a negative affect on any contributing structures within the Riverside Avondale historic district, as defined in Section 656.399.17, historic landmark or landmark site.

No, the subject property is located outside of the Riverside/Avondale Historic District and is not a contributing structure.

(ii) Would the result detract from the specific intent of the zoning ordinance by promoting the continued existence of nonconforming signs that exist in the vicinity?

No. the result of the sign waiver will not detract from the specific intent of the zoning ordinance. The situation is unique to the subject property and would not promote the existence of any other non-conforming signs in the area.

(iii) Could the effect of the proposed waiver diminish property values in, or negatively alter the aesthetic character of the area surrounding the site, and could such waiver substantially interfere with or injure the rights of others whose property would be affected by the same?

No, the effect of the proposed sign waiver is unlikely to diminish property values in, or negatively alter the aesthetic character of the area surrounding the site, in that the proposed waiver will bring the current signs into compliance while allowing a future the possibility to promote their business.

(iv) Would the waiver have a detrimental effect on vehicular traffic or parking conditions, or result in the creation of objectionable or excessive light, glare, shadows or other effects, taking into account existing uses and zoning in the vicinity?

No, the waiver is unlikely to have a detrimental effect on vehicular traffic or parking conditions. The request is for an increase in the number of wall signs, and will be required to meet all other sign requirements for the CRO zoning district and Riverside Avondale zoning overlay.

(v) Is the proposed waiver detrimental to the public health, safety or welfare, or could such waiver result in additional public expense, creation of nuisances, or cause conflict with any other applicable law?

No, the proposed waiver is unlikely to be detrimental to the public health, safety, or welfare in that the signage has traditionally existed at this location without causing any adverse effects.

(vi) Does the subject property exhibit specific physical limitations or characteristics, which could be unique to the site and which would make imposition of the strict letter of the regulation unduly burdensome?

No, the subject property does not exhibit specific physical limitations or characteristics that would make following the strict letter of the regulation burdensome. However, the building

is a multiple tenant office space and increasing the number of wall signs would be beneficial for all of the tenants.

- (vii) *Is the request based exclusively upon a desire to reduce the costs associated with compliance and is the request the minimum necessary to obtain a reasonable communication of one's message?*

No, the request is not based on a desire to reduce the costs associated with compliance. The requested number of signs would allow two tenants to have a sign on three walls of the building.

- (viii) *Is the request the result of violation that has existed for a considerable length of time without receiving a citation and if so, is the violation that exists a result of construction that occurred prior to the applicants acquiring the property, not being a direct result of the actions of the current owner?*

No, the request is not the result of any cited violation.

- (ix) *Does the request accomplish a compelling public interest, such as, for example, furthering the preservation of natural resources by saving a tree or trees?*

Yes. The request will further the public interest as it recognizes the interests of the public and the property owner are protected.

- (x) *Would strict compliance with the regulation create a substantial financial burden when considering the cost of compliance?*

Yes. While the goal of the Zoning Code is not to promote the proliferation of signs, allowing the requested amount of signs would be financially beneficial to the tenants of the subject property.

SUPPLEMENTARY INFORMATION

Upon visual inspection of the subject property on **September 14, 2021**, by the Planning and Development Department, the Notice of Public Hearing signs were not posted. However, Staff noted that the signs were posted on previous inspections of the property.

RECOMMENDATION

Based on the foregoing, it is the recommendation of the Planning and Development Department that Application Sign Waiver SW-21-03 (**Ordinance 2021-0537**) be **APPROVED**.

CRITERIA

Section 656.1310, Ordinance Code, sets forth procedures and criteria for evaluating waivers of the Part 13 sign regulations. Section 656.1302 of the Ordinance Code defines a sign as *"a painting, structure, projected image or device which is placed, erected, constructed or maintained on or in the ground or water, or on or outside of an enclosed building, boat, ship, vessel or other object or structure or affixed or painted on or inside an exterior window of a building for the purpose of display, information, advertisement or attraction of the attention of persons, including posters, pictures, pictorial or reading matter and a letter, word, model, device or representation used in the nature of an advertisement, announcement, attraction or direction."*

Section 656.133(c)1 through 10, Ordinance Code, provides that, with respect to action upon Applications for Sign Waivers, the City Council shall grant a waiver only if substantial competent evidence exists to support a positive finding based on each of the following criteria as applicable:

1. *Will the effect of the sign waiver be compatible with the existing contiguous signage or zoning and consistent with the general character of the area considering population, density, scale, and orientation of the structures in the area?*
2. *Would the result detract from the specific intent of the zoning ordinance by promoting the continued existence of nonconforming signs that exist in the vicinity?*
3. *Could the effect of the proposed waiver diminish property values in, or negatively alter the aesthetic character of the area surrounding the site, and could such waiver substantially interfere with or injure the rights of others whose property would be affected by the same?*
4. *Would the waiver have a detrimental effect on vehicular traffic or parking conditions, or result in the creation of objectionable or excessive light, glare, shadows or other effects, taking into account existing uses and zoning in the vicinity?*
5. *Is the proposed waiver detrimental to the public health, safety or welfare, or could such waiver result in additional public expense, creation of nuisances, or cause conflict with any other applicable law?*
6. *Does the subject property exhibit specific physical limitations or characteristics, which would be unique to the site and which would make imposition of the strict letter of the regulation unduly burdensome?*
7. *Is the request based exclusively upon a desire to reduce the costs associated with compliance and is the request the minimum necessary to obtain a reasonable communication of one's message?*
8. *Is the request the result of a violation that has existed for a considerable length of time without receiving a citation and if so, is the violation that exists a result of construction that occurred prior to the applicant's acquiring the property, not being a direct result of the actions of the current owner?*
9. *Does the request accomplish a compelling public interest such as, for example, furthering the preservation of natural resources by saving a tree or trees?*
10. *Would strict compliance with the regulation create a substantial financial burden when considering the cost of compliance?*

18. Given the above definition of a "sign" and the aforementioned criteria by which the request will be reviewed against, please describe the reason that the waiver is being sought. Provide as much information as you can; you may attach a separate sheet if necessary. Please note that failure by the applicant to adequately substantiate the need for the request and to meet the criteria set forth may result in a denial.

EXHIBIT 1
Legal Description

1-109 56-2S-26E .86 RIVERSIDE LOTS 1,9, 10 BLK 10

The building on this property is a multi-tenant office. The (3) non-illuminated wall signs for the tenant, My Eye Doctor, were approved by the historical dept. and permitted in 2016. A new tenant moved into the building and was informed the property is zoned CRO and they can only have (1) wall sign at a maximum of 32 square feet. The limitation hinders the tenant from getting advertising visibility on all 3 streets the property faces – May St., Riverside Park Pl., and Riverside Ave. This can cause confusion for customers trying to locate the office as it blends into the architectural character of the surrounding buildings. For instance, the building can be mistaken to be a part of the neighboring Riverside Presbyterian Day School. Furthermore, the Cummer Museum parking lot is immediately adjacent to the office. The signs on the rear elevation provide a clear indication that this is the parking lot for the occupying tenants. The property owner requests to have (1) wall sign on all 3 elevations not to exceed 32 square feet total.
