Department	Public Works			Mayor's Priority	Infrastructure	APP/Vertical Construction	No
Program Area	Roads / Infrastructure / Transportation			Urban Core	No	Est. Useful Life	

Description or Scope

This project is for the purpose of the replacement of onsite sewage treatment and disposal systems with central sewer connections in order to provide central water and sewer services to unserved areas. The Cristobel neighborhood borders the Ribault River and was identified as an area of high priority according to the agreement with JEA to phase out septic tanks.

Justification

The City of Jacksonville has identified failing septic tanks in close proximity to impaired bodies of water. In 2016, the City of Jacksonville and JEA entered into an Interagency Agreement to phase-out septic tanks. Areas of high priority include the elimination of failing septic tanks within close proximity to impaired bodies of water and replacing them with central sewer connections.
