This Ordinance amends the City's Code of Ordinances to revise threshold amounts and requirements for content and timing for submittal of certain audits to be performed by City grant recipients. This serves the public welfare by better aligning the City's audit requirements and procedures with relevant federal law/procedures with the intent that it will better assist grant recipients with achieving and maintaining compliance with the requirements.  - (c) An estimate of the City of Jacksonville's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

This legislation will not have a direct economic impact on private, for-profit businesses.

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

This legislation will not have an impact on businesses in general. It will have a positive impact on businesses receiving grants from the City of Jacksonville.
