## RESUME

**Murphy C. Nmezi, MD, FCCP, FASCP**  
1855 W. 44<sup>th</sup> Street  
Jacksonville, FL 32209  
(904) 503-2104

### EXPERIENCE

**10/2008 – Present: Western Governors University (Online), Salt Lake City, UT**

**Professor - Pharmacology, Pharmacotherapeutics and Biostatistics.** Also, support students enrolled in some of the basic science competencies, including anatomy, physiology and microbiology. Other roles include curriculum and assessment development, as well as member in faculty committees.

**1/2008 – 10/2008: Everest College, Salt Lake City, UT**

**Academic Dean - Chief Academic Officer of the College** responsible for all educational activities at the college, including instruction, curriculum development, retention, faculty development and other tasks delegated to me by the College President. These include accreditation-related tasks, Institutional Effectiveness Planning (IPED), Annual Institutional Reports (AIR), IPEDs and Sarbanes-Oxley (SOX) compliance. Also, chaired the Program Advisory Committee (PAC) meetings and saw to the implementation of their recommendations.

**7/1991 – 6/2010: Salt Lake Community College, Salt Lake City, UT**

**Adj. Professor & Curriculum Developer – Taught anatomy, physiology, biochemistry, pharmacology and cell biology.** Also, developed and taught the first online A&P course at the college. My part-time contract with the college ended in June 2010.

**8/2000 – 1/2008: Stevens-Henager College, Salt Lake City, UT**

**Academic Dean - Chief Academic Officer of the College** charged with compliance metrics. Administrative chair of the Medical, Allied Health & Computer Science Programs in conjunction with my responsibilities as overall academic dean of the college. I was also responsible for

curriculum development, faculty development and evaluation, retention and other metrics. Chaired and documented our program advisory committee meetings and implemented changes and improvements recommended by the different committees. Furthermore, I assisted in our Institutional Effectiveness Planning and programmatic/institutional accreditation readiness. I was responsible for student and faculty advising and acted as the chief retention officer of the College. In addition to the foregoing, I was tasked with developing new programs and successfully passing them through accreditation approvals. One major example is the Respiratory Therapy program, the second such program in the State of Utah, that I initiated, developed and that became fully accredited through CAAHEP and related accrediting bodies.

**5/1990 – 7/2000 University of Utah School of Medicine, Salt Lake City, UT**

**Research Associate** - Performed basic medical research, specifically, in the areas of viral genetics (laboratory of Prof. Don Summers and later, of Prof. James Overall). Conducted and participated in several in-hospital training seminars for resident physicians, medical students and allied health professionals. Performed clinical laboratory investigations, focused specifically, on viral respiratory infections. Also, participated in general patient care within the hospital setting.

**6/1988 – 4/1990 General Hospital & Ahmadu Bello University Medical School, Zaria, Nigeria**

**Consultant Physician & Chief Medical Officer** - Was the interim medical and administrative director of the hospital. Performed clinical consultations. Trained resident physicians. Conducted research in tropical diseases, specifically, relating to tropical infectious pathogens.
