**Justification for / Description of Transfer:**

This BT is necessary to appropriate grant funds from Florida Department of Environmental Protection in the amount of \$75,000.00 for their part in a study to identify critical City Infrastructure and natural resource communities which may be susceptible to increased levels of precipitation and increasing changes in sea level or tidal surge. Additionally, the study will provide resiliency information on the more severe storms, larger tidal events, and resulting impacts. This effort will endeavor to establish the vulnerability of infrastructure and resources that play a role in the City's operations and allow for proper planning.

Total Amount Appropriated: \$75,000.00
