SUMMARY DESCRIPTION OF THE PLAN

Timothy R. Brunelle, (the "Owner") proposes to rezone approximately 0.37 acres of property from Commercial Neighborhood (CN) to PUD. The Property is described as depicted on the legal description on Exhibit "1" (the "Property"). A conceptual site plan of the proposed development is attached as Exhibit "E" to this application (the "Site Plan"). Surrounding uses are single family residential, multi-family residential, retail, and commercial offices.

The site is situated on the Southern end of an 8 acre Commercial Neighborhood district next to Cortez Park that serves the Ortega area. It is proximate to RLD-90 and RMD-D zoning districts.

The Property, itself, is a conventionally shaped piece with approximately 90 linear feet along Manitou Avenue. The lot depth is 175', with the rear of the property too low to develop.

The Owner is proposing to allow for 2 multi-family, residential units, with up to 2,750 square feet of conditioned space per unit. This zoning would be admissible under the applied land use of RPI.

Specifically, this proposal would reduce the minimum lot width to 45-feet from 75-feet. It would also allow multi-family residential to be situated on the ground floor, as opposed to being vertically integrated into a structure with a permissible, commercial use on the ground floor.

Construction is estimated to be complete by first quarter of 2021
