Revised Max Leggett Parkway Phase II PUD

Written Description

Current Land Use Designation: CGC

Current Zoning District: PUD

Proposed Zoning District: PUD

**RE #s: 106276-0170, 106276-0180, 106276-0190, 106276-0210, 106277-0180, 106277-0280, 106277-0285, 106277-0290, 106277-0295, & 107885-0110
(formerly 106276-0155 & a portion of 106277-0170)**

I. SUMMARY DESCRIPTION OF THE PLAN

Duval/Owens Signature, LLP, Duval/Owens Phase II Property Owners Association, Inc. and Second Time Signature, LLP (the “Applicant”) propose to rezone approximately 74.48 acres of property from a Planned Unit Development (PUD) as approved in Ordinance 2019-372-E, to revise the uses permitted in Parcel B.

The subject property is located on the north side of Max Leggett Parkway, on the east side of Integra Drive, and on the west side of Hyatt Road. The property is more particularly described by the legal description attached hereto as Exhibit “1” (the “Property”).

The Property is located within the Community/General Commercial (CGC) future land use categories in the 2030 Comprehensive Plan and is in the Suburban Priority Development Area. The PUD will be consistent with the CGC – Suburban Priority Area in that Residential is not the sole use, nor will it exceed eighty (80) percent of the development.

As shown on the Site Plan attached hereto as Exhibit “E,” the Revised Max Leggett Parkway Phase II PUD shall include a mix of residential, senior living, commercial, medical and warehouse/flex space uses. The residential uses may include: multifamily housing such as apartments, townhomes or condominiums. The senior living uses may include: housing for seniors, including independent living, assisted living, skilled nursing living, memory care, and similar uses. The commercial uses may include: retail; service; and, a variety of medical and medical support uses. And, the warehouse/flex space uses may include: commercial; warehouse; and light industrial uses.

II. SITE SPECIFICS

The Property is currently developed with a mix of apartments, medical and retail uses. A VA Clinic will be constructed on Parcel C.

Surrounding land use designations, zoning districts, and existing uses are as follows:

	<u>Land Use</u>	<u>Zoning</u>	<u>Use</u>
South	LI & CGC	II & PUD	Light Manufacturing & Vacant
West	CGC	PUD	Multifamily apartments & Vacant
North	LI & CGC	IL & PUD	Industrial/Warehouse & Vacant
East	LI, CGC, BP & LDR	IL, CCG-2, IBP & RLD-60	Timber, Industrial, Warehouse, Single Family Residential, Lumber Yard, Storage, & Rail Road

PUD DEVELOPMENT CRITERIA

III. PERMITTED USES

This section of the Written Description addresses the items required in Section 656.341(c)(2)(ii) of the Zoning Code: Permitted Uses and Structures, Permitted Accessory Uses and Structures, Minimum Lot Requirements (width/density/area), Maximum Lot Coverage by all Buildings and Structures, Minimum and/or Maximum Yard Requirements, and Maximum Height of Structures.

As shown on the Site Plan, the PUD proposes development of three (3) interconnected parcels. The PUD permits the following uses or combinations thereof: Preservation; Commercial & Medical; Residential; Senior Living; and Warehouse/Flex Space. The parcels are identified solely for the purpose of defining permitted uses within the PUD; they do not define or correlate to ownership and do not subdivide the Property. The location, size (in area), and configuration of these parcels may be modified as an administrative modification to the PUD subject to the review and approval of the Planning and Development Department.

The PUD Site Plan is conceptual only and may be subject to change, due to site characteristics and design and engineering factors. The PUD Site Plan may be modified as an administrative modification to the PUD subject to the review and approval of the Planning and Development Department.

A. Parcels—Permitted Uses

Within Parcel A, Preservation uses as described below are permitted.

Within Parcel B, up to 145 units of Residential, limited to Townhomes and Condominiums, Commercial & Medical, Warehouse/Flex Space and/or Senior Living uses as described below are permitted.

2. *Permissible uses by exception:* Those uses permitted by exception under the CCG-1 Zoning District (except those listed above as permitted uses by right) shall be allowed with the granting of a Zoning Exception by the Planning Commission, except as prohibited below.
3. *Minimum lot width, Maximum density, Maximum lot coverage by all buildings, Minimum yard requirements, and Maximum height of structures for each use:* For the purpose of these requirements,

“lot” refers to the parent property within which the proposed buildings are located and “yard” refers to distance from the parent property boundary.

- a. Minimum lot requirement (width and area): None.
- b. Maximum lot coverage by all buildings: None.
- c. Minimum yard requirements: For the purpose of these requirements, “lot” refers to the parcel within which the office and retail commercial use is located and “yard” refers to distance from the parcel boundary.
 - (1) Front: None.
 - (2) Side: None, except that there will be ten (10) feet between buildings.
 - (3) Rear: Ten (10) feet.
- d. Maximum height of structures: Sixty (60) feet.

E. Warehouse/Flex Space (Parcel B)

That portion of the Property designated as Parcel B permits the following Warehouse/Flex Space uses.

- 1. *Permitted uses and structures.*
 - a. Wholesaling, warehousing, storage or distribution establishments (but not concrete batch mixing plants) and similar uses.
 - b. Light manufacturing, processing (including food processing but not slaughterhouse) packaging and fabrication.
 - c. Building trades contractors with outside storage yards meeting the performance standards and development criteria set forth in Part 4 of the Zoning Code.
 - d. Personal property (self-storage) establishments and similar uses.
 - e. Essential services, including water, sewer, gas, telephone, radio and electric, meeting the performance standards and development criteria as set forth in Part 4 of the Zoning Code.

2. *Permissible Uses by Exception:* None.
3. *Minimum lot width, Maximum density, Maximum lot coverage by all buildings, Minimum yard requirements, and Maximum height of structures for each use:* For the purpose of these requirements, “lot” refers to the parent property within which the proposed buildings are located and “yard” refers to distance from the parent property boundary.
 - a. Minimum lot requirement (width and area): None.
 - b. Maximum lot coverage by all buildings: None.
 - c. Minimum yard requirements: For the purpose of these requirements, “lot” refers to the parcel within which the office and retail commercial use is located and “yard” refers to distance from the parcel boundary.
 - (1) Front: None.
 - (2) Side: None, except that there will be ten (10) feet between buildings.
 - (3) Rear: Ten (10) feet.
 - d. Maximum height of structures: Thirty-five (35) feet.
4. All of the permitted uses, other than those specifically permitting outside storage, shall be conducted within an enclosed building.

F. Preservation (Parcel A)

That portion of the Property designated as Parcel A permits the following Preservation uses.

1. *Permitted uses and structures.*
 - a. Conservation, open space, greenspace, and passive open space uses, including recreational paths, benches, picnic tables, informational displays, kiosks, viewing areas, observation decks, and associated community/recreational structures.
 - b. Stormwater, surface water management and flood control improvements, as permitted by the applicable regulatory agencies.

- c. Wetland preservation, mitigation, and restoration, as permitted by the applicable regulatory agencies.
 - d. Essential services, including water, sewer, gas, telephone, radio and electric, meeting the performance standards and development criteria as set forth in Part 4 of the Zoning Code.
2. *Permitted Uses by Exception:* None.
 3. *Minimum lot width, Maximum density, Maximum lot coverage by all buildings, Minimum yard requirements, and Maximum height of structures for each use:* For the purpose of these requirements, “lot” refers to the parent property within which the proposed buildings are located and “yard” refers to distance from the parent property boundary.
 - a. Minimum lot requirement (width and area): None.
 - b. Maximum lot coverage by all buildings: None.
 - c. Minimum yard requirements: None.
 - d. Maximum height of structure: None.

G. Permitted Uses and Criteria Applicable for All Uses in All Portions of the Property

1. *Permitted accessory uses and structures:* Parking, parking decks, and detached garages shall be permitted on all parcels except Parcel A.
2. *Recreational/open space uses:*
 - a. In any portion of Parcels B and C, the following uses shall be permitted: parks, playgrounds, park structures, site furnishings, landscaping, vegetative screens or buffers, fencing, walkways, trails, exercise courses, boardwalks, footbridges, gardens, ponds, observation platforms, storage sheds for maintenance equipment, benches, picnic areas, shelters and informational kiosks, informational signage, habitat enhancement devices such as birdhouses and bat houses, and other similar uses designed for and used for low intensity/low impact recreational/open space uses.

- b. All active and passive recreational uses located within the parent Property will count towards the recreation requirements for any residential use.
3. *Dumpsters, Propane Tanks, Etc.:* Dumpsters, propane tanks and similar appurtenances shall be kept behind substantially opaque enclosures composed of the same material and painted the same color as the principle use, such that the dumpster, propane tank, and similar appurtenances are screened from view from the surrounding roadways and adjacent properties. Utility tracts, maintenance areas, and loading/unloading zones shall be screened from surrounding roadways by landscaping and/or opaque fencing which is aesthetically compatible with other structures located on the Property.
4. *Outside Display:* Where outside display is permitted, such display must be located within 10 feet of the front of each building.
5. *Warehouse/Flex Space:* The warehouse/flex space buildings shall be architecturally compatible to the surrounding area and subject to the review and approval of the Planning and Development Department.

H. Accessory Uses and Structures

Accessory uses and structures, including those set forth in Section 656.403 of the Zoning Code, are permitted if those uses and structures are of the nature customarily incidental and clearly subordinate to a permitted principle use or structure and these uses and structures are located on the same lot (or contiguous lot in the same ownership) as the principle use. Whether attached or detached to a building or structure containing the principal use, the accessory structure shall be considered as a part of the principle building. Accessory uses shall not involve operations or structures not in keeping with character of the principle use and shall be subject to the following:

1. Accessory uses shall not be located in required front or side yards except as follows:
 - a. Air conditioning compressors or other equipment designed to serve the main structure may be located in a required yard and may be located not less than two (2) feet from the property line.
2. Accessory uses and structures related to residential uses within the PUD shall include noncommercial greenhouses and plant nurseries, tool houses and garden sheds, garden work centers, children's play areas and play equipment, private barbecue pits and

swimming pools, facilities for security guards and caretakers and similar uses or structures which are of a nature not likely to attract visitors in larger number than would normally be expected with regard to a residential use. Any structure under a common roof and meeting all required yards is a principal structure. The maximum height of an accessory structure shall not exceed fifteen (15) feet in all residential developments.

3. Land clearing and processing of land clearing debris shall be accessory uses in all zoning districts; provided, however, land clearing debris may be processed only in conformity with applicable fire codes and other chapters of the City code to the extent those chapters are applicable.

I. Recreation

1. For Senior Living uses, active recreation/amenities shall be provided consistent with applicable state licensing requirements.
2. For any Residential uses, active recreation/amenities shall be provided in accordance with the requirements of the 2030 Comprehensive Plan and the Zoning Code. However, all active and passive recreation located within the parent Property will count towards compliance with the residential recreation requirements.

J. Access

1. All access points already constructed during the widening of Max Leggett Parkway may be utilized along with the access point previously permitted on Owens Road (City Development Number 7517.006), but not yet constructed.
2. Access from Hyatt Road will be generally as shown on the Site Plan. The final location of all the Hyatt Road access points is subject to the review and approval of the City's Traffic Engineer.
3. The entrance roads and other internal access roads and drives may be public or private. Private internal access roads may be gated. Internal access shall be provided by reciprocal easements among the driveways of the various parcels if ownership or occupancy is subdivided among more than one person or entity.
4. Where possible, interconnectivity between the various parcels will be provided for both vehicular and pedestrian access.

K. Signage

The signage shall be generally consistent to the signage previously approved in MM-18-001 and shall be part of the unified signage package for the overall Max Leggett Parkway development (see Exhibit J attached). The purpose of these sign criteria standards is to continue the coordinated signage program established under the Max Leggett PUD (Ord. 2015-562-E & MM-18-001) that provides for directional communication in a distinctive and aesthetically pleasing manner. All project identity and directional signs shall be architecturally compatible with each other and with the buildings represented.

1. *Development Identity Monument Signs – Overall Site:* Subject to the restriction contained in MM-18-001 limiting the Development Identity Monument Signs to a total of three (3) signs within the overall Max Leggett Parkway development, this PUD permits up to two (2) Development Identity Monument Signs within the PUD which shall be utilized to identify the overall development. These signs may be single or double sided and externally or internally illuminated or non-illuminated. These Development Identity Monument Signs shall be generally located along Max Leggett Parkway and Hyatt Road. The signs will not exceed thirty three (33) feet in height and two hundred (200) square feet (each side) in area. The Development Identity Monument Signs shall all contain the project name and/or logo, and may contain the names and logos of the tenants. Two concept plans showing alternative designs for the proposed Development Identity Monument Signs are attached hereto as Exhibit “J.” The alternative plans are conceptual in nature and the final design may differ somewhat from that shown. The developer may choose to vary the two (2) Development Identity Monument Signs in height. However, the two (2) signs shall all be architecturally similar in design and appearance with each other and with the Development Identity Monument Sign(s) erected in the Max Leggett Parkway development in order to uniformly identify the overall development.
2. *Individual Parcel/Use Identity Monument Signs – Parcels B & C:* Each parcel or use within the PUD shall be permitted one (1) single or double sided on-site or “off-site” Individual Parcel/Use Identity Monument Sign which may be externally or internally illuminated or non-illuminated. The Individual Parcel/Use Identity Monument Sign shall not exceed eight (8) feet in height and fifty (50) square feet (each side) in area.
3. *Identity Monument Sign – Parcel B:* Two (2) identity monument signs will be permitted for Parcel B. The signs may be on-site or “off-site” within Parcel C. These signs may be single or double sided and externally or internally illuminated or non-illuminated. The monument signs will not exceed fifteen (15) feet in height and fifty (50) square feet (each side) in area.

4. *Other Signs – Overall Site:*

- a. Wall signs are permitted and shall not exceed ten (10) percent of the square footage of the occupancy frontage or respective sides of the building facing the public rights-of-way, approved private street or parking lot.
- b. Under canopy/wall blade signs are permitted. One (1) under the canopy sign/wall blade sign per occupancy is permitted not exceeding a maximum of twenty (20) square feet in area per sign; provided, any square footage utilized for an under the canopy sign shall be subtracted from the allowable square footage that can be utilized for wall signs on the building in question, unless such sign is erected perpendicular to the building facades – blade sign.
- c. Awning signs are permitted: One (1) awning sign per occupancy is permitted. Awning graphics shall not exceed ten (10) square feet with a maximum letter height of eight (8) inches.

5. *Directional signs:* Directional signs for vehicles (handicapped, deliveries, no parking, directional, etc.) are permitted and shall be designed as a unified package. Directional signs indicating major buildings, common areas, various building entries, etc. are permitted. The design of these signs should reflect the character of the use and may include the project logo and name. For predominately vehicle directional signage, such signs shall be a maximum of four (4) square feet in area per sign face. For pedestrian directional signage, such signs shall be a maximum of twenty (20) square feet per side and a maximum of twelve (12) feet in height. All Vehicular Control Signs shall meet the requirements of the Manual on Uniform Traffic Control Devices with decorative post(s) and finials.

6. *Real Estate & Construction Signs:* Real estate and construction signs of a maximum of forty-eight (48) square feet in area and twelve (12) feet in height are permitted.

7. *All signs – Overall Site:*

- a. Because all identity and directional signs are architectural features intended to be compatible with and complimentary of the buildings in the PUD, they may be located in structures or frames that are part of the architecture of the project. Accordingly, sign area for all such signs as well as wall, awning, and under the canopy signs, shall be computed on the basis of the smallest regular geometric shape encompassing the outermost individual letters, words, or numbers on the sign.

- b. Multiple tenants within one building or a series of buildings may be identified on a single sign. For signage purposes, the PUD is to be considered as a single development without regard to property ownership boundaries. Thus, individual parcels or lots which may own their sites in fee simple may have signage anywhere within the PUD even though such signage would otherwise be considered “off-site” pursuant to the Zoning Code.
8. *Temporary Banner Signs:* Temporary banner signs will be permitted not to exceed fifty (50) square feet in area. The banners shall be permitted to display logos and/or the name of the project and/or owner or developer and identify sales activities. Festival banners placed on street light poles are permitted.
9. *Required Signage:* Signs required by environmental permitting to be posted in common areas such as stormwater facilities shall be permitted.

L. Silviculture Uses May Continue.

Silviculture operations are a permitted use in this PUD and may continue at this site until build-out.

M. Landscaping & Buffer.

1. Landscape and tree protection will be provided in accordance with Part 12 of the City’s Zoning Code (Landscape and Tree Protection regulations) with the following additional provisions:
 - a. Landscaping standards shall be applied taking into consideration the entire use or development at issue. For individual lots within the Property which may own their sites in fee simple, required landscaping may be provided “off-site” within the Property and may be shared with other uses, so long as the Applicant demonstrates that the Property, in its entirety, provides sufficient landscaping for all proposed uses therein. Landscape standards shall be applied within Parcels B and C without regard to property ownership boundaries, which may exist among individual uses.
 - b. A modification from the requirements of Part 12 of the Zoning Code (Landscape and Tree Protection Regulations) may be permitted within the PUD as an administrative modification to the PUD subject to the review and approval of the Planning and development Department.

2. A buffer/screen shall be provided as required in Section 656.1216, Zoning Code, between (1) Commercial & Medical or Warehouse/Flex Space uses and any Residential use, and (2) a Senior Living use and any Residential uses.

N. Modifications.

1. Amendment to this approved PUD district may be accomplished through either an administrative modification, minor modification, or by filing an application for rezoning as authorized by this PUD or by Section 656.341 of the Zoning Code.
2. PUD amendments, including administrative deviations, administrative or minor modifications, or rezonings, may be sought for individual portions of the Property or access points within the PUD. Such PUD amendments may be sought by the owner of the parcel which is the subject of the amendment and without the consent of other PUD owners.

O. Vehicular and Bicycle Parking.

1. Vehicular off-street parking will be provided in accordance with Subpart A of Part 6 of the City's Zoning Code (Off-street Parking and Loading Regulations) with the following additional and superseding provisions:
 - a. Parking shall be provided in accordance with the following standards (based upon parking generation studies conducted by the Urban Land Institute--ULI):

Office & Clinic: Minimum 3.0 spaces per 1,000 s.f. GLA, maximum 5.0 spaces per 1,000 s.f. GLA
 - b. For Residential, Commercial & Medical and Warehouse/Flex Space uses located on individual lots within Parcels B and C which may own their sites in fee simple, required off-street parking may be provided "off-site" within Parcels B and C and may be shared with other uses, so long as all of the uses within this portion, in their entirety, provide sufficient off-street parking for all proposed uses therein.
 - c. For Senior Living uses within Parcels ~~B~~ and- C, parking shall be provided at a minimum ratio of one (1) space for every four (4) beds plus 1 space for each employee or resident manager during peak shift and shall be provided in either garages, driveways, or common parking.

- d. For all other uses not specifically addressed, the provisions of Section 656.604, Ordinance Code, shall control.
 - e. A modification from the requirements of Part 6 of the Zoning Code (Off-Street Parking, On-Street Parking and Loading for Motor Vehicles) may be permitted within the PUD as an administrative modification to the PUD subject to the review of the Planning and Development Department. Grounds for such modifications include the sharing of parking among uses with parking demands at different times.
2. Bicycle parking will be provided in accordance with Subpart B of Part 6 of the City's Zoning Code (Off-Street Parking for Bicycles) with the following additional and superseding provisions:
- a. Parking for apartments, townhomes and condominiums will be provided at 0.125 spaces on-site per bedroom (2 spaces minimum).
 - b. No bicycle parking will be required for townhomes or condominiums.
 - c. Parking for nursing homes, assisted living and memory care facilities, Adult Congregate Living Facilities, and Skilled Nursing facilities will be provided at 1 space per 30,000 sf of floor area (2 spaces minimum).

P. Sidewalks.

Sidewalks shall be provided as required in the 2030 Comprehensive Plan and Code of Subdivision Regulations.

Q. Utilities

Electric, power, water and sewer will be provided by JEA.

R. Pre-application conference.

A pre-application conference was held on February 2, 2021.

S. Justification for the PUD Rezoning.

This PUD allows for the development of the second phase of the Max Leggett Parkway project. This phase will contain a mix of multifamily residential, senior housing, commercial and medical, and warehouse/flex space. As with the first phase, there will be a common scheme of development with regard to architectural appearance,

signage and landscaping. Additionally, a significant portion of the property will be preserved as conservation. The PUD provides for flexibility in the site design by way of a mix of uses on one site that could not otherwise be accomplished with conventional zoning. The PUD design results in minimal impact to environmentally sensitive lands and ensures consistency with the surrounding zoning and existing uses.

T. PUD/Difference from Usual Application of the Zoning Code

The PUD differs from the usual application of the zoning code in the following respects:

Element	Zoning Code	Proposed PUD
Development Identity Monument Signs	§656.1303(c)(3)(i): One street frontage sign per lot not exceeding one square foot for each linear foot of street frontage, per street, to a maximum size of 300 square feet in area for every 300 linear feet of street frontage or portion thereof is permitted, provided they are located no closer than 200 feet apart.	Subject to the restriction contained in MM-18-001 limiting the Development Identity Monument Signs to a total of three (3) signs within the overall Max Leggett Parkway development, this PUD permits up to two (2) Development Identity Monument Signs which shall be utilized to identify the overall development. These signs may be single or double sided and externally or internally illuminated or non-illuminated. These Development Identity Monument Signs shall be generally located along Max Leggett Parkway and Hyatt Road. The signs will not exceed thirty three (33) feet in height and two hundred (200) square feet (each side) in area. The Development Identity Monument Signs shall all contain the project name and/or logo, and may contain the names and logos of the tenants. Two concept plans showing alternative designs for the proposed Development Identity Monument Signs are attached hereto as Exhibit "J." The alternative plans are conceptual in nature and the final design may differ somewhat from that shown. The developer may choose to vary the two (2) Development Identity Monument Signs in height. However, the two (2) signs shall all be architecturally similar in design and appearance with each other and with the Development Identity Monument Sign(s) erected in the Max Leggett Parkway development in order to uniformly identify the overall development.
Individual Parcel/Use Identity Monument Signs	§656.1303(c)(3)(i): One street frontage sign per lot not exceeding one square foot for each linear foot of street frontage, per street, to a maximum size of 300 square feet in area for every 300 linear feet of street frontage or portion thereof is permitted, provided they are located no closer than 200 feet apart.	<i>Individual Parcel/Use Identity Monument Signs – Parcels B & C:</i> Each parcel or use within the PUD shall be permitted one (1) single or double-sided on-site or "off-site" Individual Parcel/Use Identity Monument Sign which may be externally or internally illuminated or non-illuminated. The Individual Parcel/Use Identity Monument Sign shall not exceed eight (8) feet in height and fifty (50) square feet (each side) in area. <i>Identity Monument Sign – Parcel B:</i> Two (2) identity monument signs will be permitted for Parcel B. The signs may be on-site or "off-site" within Parcel C. These signs may be single or double sided and externally or internally illuminated or non-illuminated. The monument signs will not exceed fifteen (15) feet in height and fifty (50) square feet (each side) in area.
Other Signage	For CCG-1 §656.1303(c)(3): (ii) wall signs are permitted. (iii) One under the canopy sign per occupancy not exceeding a maximum of eight square feet in area is permitted; provided, any square footage utilized for an under the canopy sign shall be subtracted from the allowable square footage that can be utilized for wall signs. (iv) In lieu of the street frontage sign permitted in subsection (i) above, a flag containing a business logo or other advertising is permitted; provided, the square footage of any such flag shall not	Wall signs are permitted and shall not exceed ten (10) percent of the square footage of the occupancy frontage or respective sides of the building facing the public rights-of-way, approved private street or parking lot. Under canopy/wall blade signs are permitted. One (1) under the canopy sign/wall blade sign per occupancy is permitted not exceeding a maximum of twenty (20) square feet in area per sign; provided, any square footage utilized for an under the canopy sign shall be subtracted from the allowable square footage that can be utilized for wall signs on the building in question, unless such sign is erected perpendicular to the building facades – blade sign. Awning signs are permitted: One (1) awning sign per occupancy is permitted. Awning graphics shall not exceed ten (10) square feet with a maximum letter height of eight (8) inches. Directional signs: Directional signs for vehicles (handicapped, deliveries, no parking, directional, etc.) are permitted and shall be designed as a unified package. Directional signs indicating major buildings, common areas, various building entries, etc. are permitted. The design of these signs should reflect the character of the use and may include the project logo and name. For predominately vehicle directional signage, such signs shall be a maximum of four (4) square feet in area per sign face. For pedestrian directional signage, such signs shall be a maximum of twenty (20) square feet per side and a maximum of twelve (12) feet in height. All Vehicular Control Signs shall meet

	<p>exceed 100 square feet, or 35 percent of the allowable square footage of the street frontage sign permitted in subsection (i) above, whichever is smaller; and provided further that the pole upon which such flag is flown shall not exceed the height limitation set forth in subsection (h)(1), below. Only one flag containing a business logo or other advertising shall be permitted for a premises, regardless of any other factors such as number of tenants on the premises or total amount of street frontage. Further, any flag allowed pursuant to this subsection shall not be illuminated by any means, with the exception of lighting associated with an American flag being flown on the same flag pole.</p>	<p>the requirements of the Manual on Uniform Traffic Control Devices with decorative post(s) and finials. Real Estate & Construction Signs: Real estate and construction signs of a maximum of forty-eight (48) square feet in area and twelve (12) feet in height are permitted. Overall Site: Because all identity and directional signs are architectural features intended to be compatible with and complimentary of the buildings in the PUD, they may be located in structures or frames that are part of the architecture of the project. Accordingly, sign area for all such signs as well as wall, awning, and under the canopy signs, shall be computed on the basis of the smallest regular geometric shape encompassing the outermost individual letters, words, or numbers on the sign. Multiple tenants within one building or a series of buildings may be identified on a single sign. For signage purposes, the PUD is to be considered as a single development without regard to property ownership boundaries. Thus, individual parcels or lots which may own their sites in fee simple may have signage anywhere within the PUD even though such signage would otherwise be considered "off-site" pursuant to the Zoning Code. Temporary Banner Signs: Temporary banner signs will be permitted not to exceed fifty (50) square feet in area. The banners shall be permitted to display logos and/or the name of the project and/or owner or developer and identify sales activities. Festival banners placed on street light poles are permitted. Required Signage: Signs required by environmental permitting to be posted in common areas such as stormwater facilities shall be permitted.</p>

U. Permissible Uses by Exception.

If not otherwise listed as a permitted use herein, permissible uses by exception in the CCG-1 zoning district are permitted by exception on Parcels B and C only.

V. Continued Operation of Common Areas.

Regarding the intent for the continued operation and maintenance of those areas and functions and facilities which are not to be provided, operated, or maintained by the City of Jacksonville or other public entity: it is the Applicant's intent for the Applicant or

successor developer to operate and maintain these matters initially and, ultimately, for an owners' association to operate and maintain these matters in perpetuity.

W. Approximate Dates of Phases

Construction of the horizontal improvements has been initiated and is anticipated to be completed approximately in 2021-23. Construction of Residential and Senior Housing will be initiated when the market dictates and will be completed as the market dictates. Construction of the Commercial & Medical and Warehouse/Flex Space uses will be initiated when needed and feasible and will be completed within a reasonable time thereafter. Construction of the VA Clinic is anticipated to begin 2021-22.

Y. Land Use Table

A Land Use Table is attached hereto as Exhibit "F."

IV. PUD REVIEW CRITERIA

A. Consistency with the Comprehensive Plan: The PUD will be developed consistent with the applicable land use categories of the 2030 Comprehensive Plan and is otherwise compatible with the following Goals, Objectives and Policies:

FLUE Objective 1.1 Ensure that the type, rate, and distribution of growth in the City results in compact and compatible land use patterns, an increasingly efficient urban service delivery system and discourages proliferation of urban sprawl through implementation of regulatory programs, intergovernmental coordination mechanisms, and public/private coordination.

The Revised Max Leggett Parkway Phase II PUD is a mixed use development that will result in internal trip capture, efficient use of infrastructure, a compact pattern of land use, resulting in economical and efficient provision of public services.

FLUE Policy 1.1.9 Permit commercial infill on commercially designated sites outside nodal areas where the infill development would: 1. Create a more compact land use pattern than development of new commercial nodes in the same area. 2. Incorporate shared access with adjacent commercial sites, and/or direct access to a frontage or parallel road facility rather than a collector or arterial street; or 3. Support the commercial integrity of an historic district.

The proposed mix of residential, commercial and warehouse uses in the Revised Max Leggett Parkway Phase II PUD will result in a more compact pattern of land use than if the residential and commercial uses were to be developed separately.

FLUE Policy 1.1.10 Promote the use of Planned Unit Developments (PUDs), cluster development, and other innovative site planning and smart growth techniques in all commercial, industrial and residential plan categories, in order to allow for appropriate combinations of complementary land uses, and innovation in site planning and design, subject to the standards of this element and all applicable local, regional, state and federal regulations.

The proposed rezoning utilizes the PUD category in order to provide a unified scheme for wetland protection and maintenance, storm water management, and common area and roadway access and maintenance. The common scheme of development provides for a combination of complementary land uses.

The project is required to meet all applicable federal, state, and local regulations, including restrictions on noise levels and landscape buffer standards.

FLUE Policy 1.1.11 Ensure that mixed and multi-use projects enhance rather than detract from the character of established developed areas by requiring site plan controlled zoning such as Planned Unit Developments (PUDs) for all mixed and multi-use projects.

It is the purpose and intent of the Revised Max Leggett Parkway Phase II PUD to provide development that is compatible with the development that has already occurred within Phase I and to enhance the surrounding neighborhood. The properties in the general area are being developed with a mix of retail, residential and office uses. Development of this project is likely to contribute to the general utility or livability of surrounding properties under their existing or potential land uses.

FLUE Policy 1.1.20 Future development orders, development permits and plan amendments shall maintain compact and compatible land use patterns, maintain an increasingly efficient urban service delivery system and discourage urban sprawl.

The proposed plan of development maintains compact and compatible uses of land. Phase II shares access, a centralized circulation system and utility infrastructure with Phase 1 and provides for an efficient internal circulation system.

B. Consistency with the Concurrency Management System: A Mobility Fee Calculation Certificate and CCAS or CRC have been filed or will be filed for the proposed development within the PUD.

C. Allocation of Residential Land Use: The PUD is consistent with land use allocations under the 2030 Comprehensive Plan.

D. Internal Compatibility: The PUD provides for integrated design and compatible uses within the PUD.

E. External Compatibility/Intensity of Development: The PUD proposes uses and provides design mechanisms which are compatible with surrounding uses.

F. Maintenance of Common Areas and Infrastructure: All common areas will be maintained by an owners' association.

G. Usable Open spaces, Plazas, Recreation Areas: The PUD provides ample open spaces and recreational opportunities.

H. Impact on Wetlands: Any development impacting wetlands will be permitted pursuant to local, state and federal permitting requirements.

I. Listed Species Regulations: A Listed Species Survey is attached hereto as Exhibit "I."

J. Off-Street Parking Including Loading and Unloading Areas: The PUD provides ample off-street parking.

K. Sidewalks, Trails, and Bikeways: The PUD provides extensive pedestrian connectivity and recreational trails.
