Project Description:

The project includes planning, design, and construction of a vehicular two-lane overpass structure on Wigmore Street that will carry traffic over 4 at-grade railroad spur crossings north of Santa Claus Lane. Two of the at-grade railroad spur crossings are existing and two more are planned.

Justification:

If an overpass is not constructed, the four at-grade railroad crossings will create traffic and pedestrian disruptions on Wigmore Street. Additionally, the overpass may spur expansion of the industrial entities which rely on Wigmore Street for access.
