CRITERIA

Section 656.1310, Ordinance Code, sets forth procedures and criteria for evaluating waivers of the Part 13 sign regulations. Section 656.1302 of the Ordinance Code defines a sign as *"a painting, structure, projected image or device which is placed, erected, constructed or maintained on or in the ground or water, or on or outside of an enclosed building, boat, ship, vessel or other object or structure or affixed or painted on or inside an exterior window of a building for the purpose of display, information, advertisement or attraction of the attention of persons, including posters, pictures, pictorial or reading matter and a letter, word, model, device or representation used in the nature of an advertisement, announcement, attraction or direction."*

Section 656.133(c)1 through 10, Ordinance Code, provides that, with respect to action upon Applications for Sign Waivers, the City Council shall grant a waiver only if substantial competent evidence exists to support a positive finding based on each of the following criteria as applicable:

1. *Will the effect of the sign waiver be compatible with the existing contiguous signage or zoning and consistent with the general character of the area considering population, density, scale, and orientation of the structures in the area?*
2. *Would the result detract from the specific intent of the zoning ordinance by promoting the continued existence of nonconforming signs that exist in the vicinity?*
3. *Could the effect of the proposed waiver diminish property values in, or negatively alter the aesthetic character of the area surrounding the site, and could such waiver substantially interfere with or injure the rights of others whose property would be affected by the same?*
4. *Would the waiver have a detrimental effect on vehicular traffic or parking conditions, or result in the creation of objectionable or excessive light, glare, shadows or other effects, taking into account existing uses and zoning in the vicinity?*
5. *Is the proposed waiver detrimental to the public health, safety or welfare, or could such waiver result in additional public expense, creation of nuisances, or cause conflict with any other applicable law?*
6. *Does the subject property exhibit specific physical limitations or characteristics, which would be unique to the site and which would make imposition of the strict letter of the regulation unduly burdensome?*
7. *Is the request based exclusively upon a desire to reduce the costs associated with compliance and is the request the minimum necessary to obtain a reasonable communication of one's message?*
8. *Is the request the result of a violation that has existed for a considerable length of time without receiving a citation and if so, is the violation that exists a result of construction that occurred prior to the applicant's acquiring the property, not being a direct result of the actions of the current owner?*
9. *Does the request accomplish a compelling public interest such as, for example, furthering the preservation of natural resources by saving a tree or trees?*
10. *Would strict compliance with the regulation create a substantial financial burden when considering the cost of compliance?*

18. Given the above definition of a "sign" and the aforementioned criteria by which the request will be reviewed against, please describe the reason that the waiver is being sought. Provide as much information as you can; you may attach a separate sheet if necessary. Please note that failure by the applicant to adequately substantiate the need for the request and to meet the criteria set forth may result in a denial.

The JTA is constructing a roundabout located at the intersection of University Blvd and Merrill Rd., in front of Jacksonville University (JU) Entrance. As part of this project JU donated R/W to COJ in order to build the proposed roundabout. In order to construct the roundabout, JU's existing signs had to demo and replaced as shown on the attached exhibit to provide enough area for the roundabout. The proposed signs where moved closer to JU's existing fence, however due to the site limitation is not possible to maintain a 10 ft set back from the new R/W line or a distance greater than 200' apart from the southern sign. Its important to note that the previous signs where also out of compliance and the proposed location for the new signs are an improvement.

ATTACHMENTS

The following attachments must accompany each copy of the application.

- Survey
- Site Plan – two (2) copies on 8 ½ x 11 and two (2) copies on 11 x 17 or larger
- Property Ownership Affidavit (Exhibit A)
- Agent Authorization if application is made by any person other than the property owner (Exhibit B)
- Legal Description – may be written as either lot and block, or metes and bounds (Exhibit 1)
- Proof of property ownership – may be print-out of property appraiser record card if individual owner, http://apps.coj.net/pao_propertySearch/Basic/Search.aspx, or print-out of entry from the Florida Department of State Division of Corporations if a corporate owner, <http://search.sunbiz.org/Inquiry/CorporationSearch/ByName>.
- Photographs of sign structure showing nonconforming nature and physical impediments to compliance.
- If waiver is based on economic hardship, applicant must submit the following:
 - Two (2) estimates from licensed contractors stating the cost of bringing the sign structure into compliance; and
 - Any other information the applicant wished to have considered in connection to the waiver request.

FILING FEES

*Applications filed to correct existing zoning violations are subject to a double fee.

<u>Base Fee</u>	<u>Public Notices</u>	<u>Advertisement</u>
Residential Districts: \$1,161.00	\$7.00 per Addressee	Billed directly to owner/agent
