Council Research will complete this form for Council introduced legislation and the Administration is responsible for all other legislation. (Minimum of 350 words - Maximum of 1 page.)

Two existing wooden pedestrian bridges are unsafe and unpassable. A life safety issue, this pedestrian project will replace the bridge deck structure while leaving the existing pilings. Once the project is completed, any unspent dollars shall revert to the funding source listed in the reversion of funds section on the front page of the BT document. Deferral of this amendment of the CIP until the next annual budget and CIP review will be detrimental to the best interest of the community because such deferral will result in the unnecessary delay of replacing critical transportation infrastructure.
