Dear Mayor Curry and Council Members,

I urge you to support Ordinance 2020-0244, re-enacting LGBTQ protections in Jacksonville's Human Rights Ordinance.

In 2017 a broad coalition of citizens, faith leaders, and business leaders came together in support of adding these critical protections to Jacksonville's City Code. Support has only grown since then, and re-enacting the protections now will keep Jacksonville moving forward.

No one should face discrimination because of who they love or who they are. Three years' experience with these protections has shown that ensuring nondiscrimination makes Jacksonville a more welcoming place for residents, visitors, and business. Please support Ordinance 2020-0244.

Sincerely,

Ms. Brittany Link

In 2017 a broad coalition of citizens, faith leaders, and business leaders came together in support of adding these critical protections to Jacksonville's City Code. Support has only grown since then, and re-enacting the protections now will keep Jacksonville moving forward. I was there for each and every one of the city council meetings addressing the HRO in 2016-2017, and I know that passing the ordinance was the right thing to do in 2017 and passing the new HRO ordinance, 2020-0244, is the right thing to do now.

No one should face discrimination because of who they love or who they are. Three years' experience with these protections has shown that ensuring nondiscrimination makes Jacksonville a more welcoming place for residents, visitors, and business. Please support Ordinance 2020-0244.

If not for an unusual ruling by the 1st District Court of Appeal that cast doubt on the City of Jacksonville's 2017 ordinance writing process, there would be no need to pass this new ordinance, but since the court ruled as they did we cannot allow these life-saving protections to be left in legal limbo.

Please pass bill 244 as it is written to affirm LGBT persons should be protected from discrimination.

I look forward to final passage of this on June 9th.

Sincerely,

Mr. Dan Merkan

Subject: HRO bill

Dear Council President Wilson:

I was so proud of this city when the HRO bill was passed. Now I am writing to you today to urge public hearings on 2020-244 take place, as you had announced they would, at the upcoming City Council meeting scheduled for May 26 at 4 pm. The bill offers a simple fix to the technical concerns of the HRO

that were raised by the First District Court of Appeal and ensures equitable protections not only for Jacksonville's LGBT+ people but for everyone.

The HRO has worked on behalf of Jacksonville's people without incident for three years. I know you agree that everyone should be treated equitably under the law, including fair and timely public hearings that are consistent with the consideration you have already extended to other issues, bills and interests facing the City.

Sincerely,
Marsha Coarsey
Jacksonville Resident

Dear Mayor Curry and Council Members,

I urge you to support Ordinance 2020-0244, re-enacting LGBTQ protections in Jacksonville's Human Rights Ordinance.

In 2017 a broad coalition of citizens, faith leaders, and business leaders came together in support of adding these critical protections to Jacksonville's City Code. Support has only grown since then, and re-enacting the protections now will keep Jacksonville moving forward.

No one should face discrimination because of who they love or who they are. Three years' experience with these protections has shown that ensuring nondiscrimination makes Jacksonville a more welcoming place for residents, visitors, and business. Please support Ordinance 2020-0244.

Sincerely,

Erin Brown

Dear Mayor Curry and Council Members,

I urge you to support Ordinance 2020-0244, re-enacting LGBTQ protections in Jacksonville's Human Rights Ordinance.

In 2017 a broad coalition of citizens, faith leaders, and business leaders came together in support of adding these critical protections to Jacksonville's City Code. Support has only grown since then, and re-enacting the protections now will keep Jacksonville moving forward.

No one should face discrimination because of who they love or who they are. Three years' experience with these protections has shown that ensuring nondiscrimination makes Jacksonville a more welcoming place for residents, visitors, and business. Please support Ordinance 2020-0244.

Sincerely,

Gail Gauvin

Dear Mayor Curry and Council Members,

Please support Ordinance 2020-0244, continuing LGBTQ protections provided by Jacksonville's Human Rights Ordinance.

In 2017 Jacksonville citizens, community leaders, business leaders and people of faith joined together to support this ordinance providing much needed protections for Jacksonville's LGBTQ community. The impact was felt immediately. Jacksonville became a more welcoming place attracting vibrant new residents.

Discrimination against people because of who they are is wrong. The HRO codified that and created a positive change for so many in our city. Jacksonville has a three year track record with these protections in place. The impact clarified that Jacksonville is an inviting place for residents, visitors, and business. Please support Ordinance 2020-0244. Thank you.

Subject: Please Protect the Jacksonville HRO

Dear Mayor Curry and Council Members,

I am a pediatrician with offices in riverside and southside. I take care of a significant number of children who identify in the LGBTQ spectrum. Jacksonville's LGBTQ youth experience stigmatization and bullying in their schools and communities. The number of psychological disparities that these youth face are staggering. My greatest concern is the increased rate of suicidal ideations and suicide completion in this population. A Human Right Ordinance would send a message to these youth that, in this heterosexual- and gender-normative society, they are safe, respected, affirmed and seen as normal.

Studies have shown that acceptance and affirmation significantly decreases these disparities and frees these children to live their authentic selves. Florida faces many challenges when it comes to LGBTQ legislation. Just this year there were a number of proposed bills that were seeking to erase local protections, imprison medical providers for providing medically necessary care, and require school administrators to expose their LGBTQ students' statuses to their parents. These dangerous attempts were fortunately defeated but these legal challenges underscore the essential role an HRO would place for our local LGBTQ citizens. I urge you to support Ordinance 2020-0244.

Dear Mayor Curry and Council Members,

I urge you to support Ordinance 2020-0244, re-enacting LGBTQ protections in Jacksonville's Human Rights Ordinance.

In 2017 a broad coalition of citizens, faith leaders, and business leaders came together in support of adding these critical protections to Jacksonville's City Code. Support has only grown since then, and re-enacting the protections now will keep Jacksonville moving forward.

No one should face discrimination because of who they love or who they are. Three years' experience with these protections has shown that ensuring nondiscrimination makes Jacksonville a more welcoming place for residents, visitors, and business. Please support Ordinance 2020-0244.

Sincerely,

Mr. Shelton Hull

Jacksonville is the first place I've ever lived where I feel safe being who I am without fear of losing my job. I've been the victim of discrimination in the past, and the fact that I was protected by law was one of the reasons I accepted my job and moved here in the first place. Nobody should ever be forced to live a lie in order to eat or pay rent. We're in the 2020s now, not the 1920s, and because the wheel of history never stops, history will judge you on the basis of your vote.

Dear Mayor Curry and Council Members,

I urge you to support Ordinance 2020-0244, re-enacting LGBTQ protections in Jacksonville's Human Rights Ordinance.

In 2017 a broad coalition of citizens, faith leaders, and business leaders came together in support of adding these critical protections to Jacksonville's City Code. Support has only grown since then, and re-enacting the protections now will keep Jacksonville moving forward.

No one should face discrimination because of who they love or who they are. Three years' experience with these protections has shown that ensuring nondiscrimination makes Jacksonville a more welcoming place for residents, visitors, and business. Please support Ordinance 2020-0244.

Sincerely,

Stephanie Patton

Protections for the rights of LGBTQ peoples are an essential feature to a modern and civil society, as fundamental as racial and political equality. The protection of LGBTQ people is a deeply important issue to me, as someone who has LGBTQ friends and family, and Jacksonville should remain a safe and inclusive place for them.

Dear Mayor Curry and Council Members,

My wife and I were raised in Jacksonville. Until last year, we owned property, lived and worked there. It's where we became a couple. It's where we started our family and where our daughter was born. It's where her grandparents, aunts and uncles still live and will always be our 'home'.

We believe strongly in the need for and the importance of the HRO in Jacksonville. We were in the room when it was passed three years ago - and in that moment, we were never prouder of our community.

I urge you to support Ordinance 2020-0244, re-enacting LGBTQ protections in Jacksonville's Human Rights Ordinance.

In 2017 a broad coalition of citizens, faith leaders, and business leaders came together in support of adding these critical protections to Jacksonville's City Code. Support has only grown since then, and re-enacting the protections now will keep Jacksonville moving forward.

No one should face discrimination because of who they love or who they are. Three years' experience with these protections has shown that ensuring nondiscrimination makes Jacksonville a more welcoming place for residents, visitors, and business. Please support Ordinance 2020-0244.

Sincerely,

Cristina Gillis

Subject: Urge public hearings on 2020-240 take place

Dear Council President Wilson:

Based on good encounters with you in the past, I know you agree that everyone should be treated equitably under the law, including fair and timely public hearings that are consistent with the consideration you have already extended to other issues, bills and interests facing the City. The HRO has worked on behalf of Jacksonville's people without incident for three years.

I am writing to you today to

urge public hearings on 2020-244 take place,

as you had announced they would, at the upcoming City Council meeting scheduled for May 26 at 4 pm.

The bill offers a simple fix to the technical concerns of the HRO that were raised by the First District Court of Appeal and ensures equitable protections not only for Jacksonville's LGBT+ people but for everyone.

My name is Sydney Stavros and I am a citizen in the city of Jacksonville. My zip code is 32082. I am writing to provide public comment in support of ORD 2020-244. I believe a strong Human Rights Ordinance is good for the people who live and work in Jacksonville, and it's good for business. The HRO has been working for the past three years, and it should not be overturned now because of a technicality. The HRO should remain in place so that no one is denied employment, housing, or public accommodations simply because of who they are. Equalities such as these are the cornerstone of our democracy and fundamental to any modern society. Thank you for your support and action on this matter.

I urge you to support Ordinance 2020-0244, re-enacting LGBTQ protections in Jacksonville's Human Rights Ordinance.

In 2017 a broad coalition of citizens, faith leaders, and business leaders came together in support of adding these critical protections to Jacksonville's City Code. Support has only grown since then, and re-enacting the protections now will keep Jacksonville moving forward.

No one should face discrimination because of who they love or who they are. Three years' experience with these protections has shown that ensuring nondiscrimination makes Jacksonville a more welcoming place for residents, visitors, and business. Please support Ordinance 2020-0244.

Sincerely,

Dr. Elizabeth Gregg

Dear City Council Members,

My name is George Deitchman and I am a citizen in the city of Jacksonville. My zip code is 32233. I am writing to provide public comment in support of ORD 2020-244. I believe a strong Human Rights Ordinance is good for the people who live and work in Jacksonville, and it's good for business. The HRO has been working for the past three years, and it should not be overturned now because of a technicality. The HRO should remain in place so that no one is denied employment, housing, or public accommodations simply because of who they are. Thank you for your support on this matter.

Sincerely,

George Deitchman

Subject: CC Ordinance 2020-244

My name is Margret Meyer. I live at 1830 Dewey Place in San Marco, zip code 32207. I am asking you to vote "NO" on ordinance 2020-0244. While I have no objection whatever to a fully transgendered person

who has completed sexual reassignment surgery having access to facilities that correspond to their visible external genitalia, those who still have the physical evidences of their birth gender do have the potential to use these in a manner that could physically and emotionally harm others. They should be provided single unit bathrooms for their own and others' safety and comfort. The increased risk to women and girls from sexual predators who would exploit this law for their own ends requires us to find a solution that does not put any group of people at increased risk of physical or psychological harm in order to provide affirmation and support to another group. I'm concerned also about women and girls in shelters for the homeless and for battered women, and young people in college dorms potentially being required to room with someone who has at least the physical "equipment" to rape them. Speaking for myself (a 62-year old virgin who treasures my purity), I wouldn't be able to sleep a wink in a situation like that!

No one else should have to, either. And what about our jail? How would women in crowded cells with an open toilet in the cell be protected?

This ordinance would create far worse problems than it is designed to correct. Let us instead work together to require new public accommodations to install plenty of single unit bathrooms and to offer financial incentives to owners of existing facilities to install them.

We can work together for solutions that put no one at risk. Thank you very much, and I pray that God will grant you wisdom to deal with this difficult and divisive issue.
