CRITERIA
<p>Section 656.101(l), Ordinance Code, defines a waiver as "a relaxation of the Zoning Code minimum street frontage, pursuant to Section 656.407, Ordinance Code."</p> <p>Section 656.133(d)1 through 5, Ordinance Code, provides that, with respect to action upon Applications for Waivers, the City Council shall grant a waiver for reduction of the minimum requirements for road frontage, if the Council makes a positive finding based upon substantial, competent evidence that the application meets all of the following five (5) criteria:</p> <ul style="list-style-type: none"> i. <i>There are practical or economic difficulties in carrying out the strict letter of the regulation;</i> ii. <i>The request is not based exclusively upon the desire to reduce the cost of developing the site or to circumvent the requirements of Chapter 654 (Code of Subdivision Regulations);</i> iii. <i>The proposed waiver will not substantially diminish property values in, nor alter the essential character of the area surrounding the site and will not substantially interfere with or injure the rights of others whose property would be affected by the waiver;</i> iv. <i>There is a valid and effective easement for adequate vehicular access connected to a public street which is maintained by the City or approved private street;</i> v. <i>The proposed waiver will not be detrimental to the public health, safety or welfare, result in additional expense, the creation of nuisances or conflict with any other applicable law.</i>

PLANNING AND DEVELOPMENT DEPARTMENT

17. Given the above definition of a "waiver" and the aforementioned criteria by which the request will be reviewed against, please describe the reason that the waiver is being sought. Provide as much information as you can; you may attach a separate sheet if necessary. Please note that failure by the applicant to adequately substantiate the need for the request and to meet the criteria set forth may result in a denial.

The Property is a vacant surplus parcel formerly owned by the Lakeview Christian Fellowship (Church). The Church has sold some surplus acreage to third parties for redevelopment, including a large multi-family development front Merrill Road.

The applicant/owner purchased the vacant lakefront acreage with the intent of development a small number of single-family cabins for personal recreational use. As part of its purchase, the applicant obtained an Access Easement (attached) from Lakeview Christian Fellowship, Inc. for ingress/egress to/from Merrill Road (iv, above).

The southern portion of the property is immediately adjacent to the Holland Street right-of-way, however, that portion of Holland Street that actually touches the Property is neither cleared, nor paved. Further, Holland Street is a small and narrow road that accesses a limited number of single-family residences. Therefore, in order for the Property Owner to utilize Holland Street, the right-of-way would need to be cleared of vegetation and trees and a paved surface would need to be installed on the currently unimproved portion of the right-of-way.

The above information pertains to the practical and economic difficulties in carrying out the strict letter for the regulation (i, above). The request for a waiver is not based exclusively on the desire to reduce costs or circumvent the requirements. Instead, the request for a waiver is to allow use of an existing easement connecting the property through an established development to a main thoroughfare (Merrill Road), rather than having to improve and extend a lightly used and incomplete right-of-way (ii, above).

Utilizing the existing easement will also will not substantially diminish property values in, nor alter the existing character of the surrounding area and will not substantially interfere with or injure the rights of others (iii, above). Instead, the waiver will allow use of the existing easement through an established development with direct connection to Merrill Road, rather than having to improve and extend a small right-of-way that currently serves a limited number of somewhat remote single-family residences.

The proposed waiver will not be detrimental to public health, safety or welfare, result in additional expense, the creation of nuisances or conflicts or conflict with any other applicable law v, above). Instead, the existing waiver provides access to a major thoroughfare through an established development. Further, the intended use of the Property will only require occasional and light access traffic being that the Owner intends to use the Property for personal recreational use.

ACCESS EASEMENT

THIS ACCESS EASEMENT (this “**Agreement**”) is made as of the 31st day of January, 2022 (the “**Effective Date**”), by and between **Lakeview Christian Fellowship, Inc., a Florida not for profit corporation** (the “**Grantor**”) and **LAKEFRONT CHURCH PROPERTY LLC**, a Florida limited liability company (the “**Grantee**”).

RECITALS:

A. On even date herewith, Grantor is selling to the Grantee the Property legally described on Exhibit “A” attached hereto and incorporated herein by reference (the “**Benefitted Property**”).

B. Grantee requires access to the Benefitted Property from Grantor’s remaining parcel and Grantor has agreed to grant to Grantee access over and across the Parcel legally described on Exhibit “B” attached hereto and incorporated herein by referend to Grantee (the “Easement Parcel”) to access Merrill Road subject to the conditions of this Agreement.

NOW THEREFORE, in consideration of Ten and No/100 Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which are acknowledged, the parties agree as follows:

1. **Grant of Easement.** Grantor hereby grants and conveys to Grantee, for the use, enjoyment and benefit of the Benefitted Property, a perpetual non-exclusive easement, to, over and across the Easement Parcel for the sole purpose of (i) providing Grantee access to and from the Benefitted Property and Merrill Road and (ii) installing and maintaining the utilities and a residential driveway described in Section 2 below. Grantee shall not permit traffic from more than six vehicles per day (“**Restricted Uses**”), or permit utility uses for more than two separate cabins. Grantee may not park any vehicles on the Easement Parcel.
2. **Restrictions on Use of Benefitted Property.** As consideration for this Grant of Easement, Grantee agrees to the following restrictions against the Benefitted Property:
 - a. Grantee shall not use the lake property for fossil fuel powered vessels; and

- c. Grantee shall not pave more than twenty-five feet in width of the Easement Parcel.

3. **Insurance and Indemnity.** Prior to any use of the Easement Parcel, Grantee shall provide Grantor with evidence of liability insurance coverage, naming Grantor as an additional insured, and Grantee shall maintain such insurance in effect during any use of the Easement Parcel under this instrument. Such insurance shall have minimum limits of \$1,000,000 for bodily injury or death for any one occurrence or accident and \$1,000,000 for property damage for any one occurrence or accident. Grantee shall also maintain comprehensive automobile liability insurance (owned, non-owned, hired) of not less than \$500,000, naming Grantor as an additional insured, and evidence of such insurance shall be provided to Grantor prior to any use of the Easement Parcel by Grantee. Grantee uses the Easement Parcel at its sole risk. Grantee shall indemnify, defend and hold Grantor and Grantor's members, shareholders, officers, directors, agents, employees and independent contractors, harmless from and against any and all damage, cost, liability and expense, including reasonable attorneys' fees, arising out (i) the use of the Easement Parcel, and any acts and omissions occurring therein, by Grantee and its agents, contractors, subcontractors, invitees and any others using the Easement Parcel by, through or under Grantee, including, without limitation, any personal injury or death, property damage or release of hazardous substance on the Easement Parcel or any adjacent property or other violation of any environmental law; and (ii) and breach of this instrument by Grantee, including, without limitation, promptly repairing and restoring any damage to the Easement Parcel caused by Grantee's use. The foregoing indemnity shall survive any termination of this instrument or termination of Grantee's rights under this instrument.

4. **Condition of Easement Property.** The Easement Property is delivered to and accepted by Grantee in "as is" "where is" "with all faults" condition. The easement granted by this Agreement is subject to any and all prior covenants, restrictions, easements, liens, encumbrances, and recorded instruments affecting the Easement Property.

**whose address is 8300 Merrill Rd., Jacksonville, FL 32277*

TO HAVE AND TO HOLD the easement and right-of-way hereby granted unto Grantee, upon and subject to the following terms, conditions and reservations:

1. **Purpose of Easement.** The easement granted above shall be for the sole purpose of (i) providing Grantee access to and from the Property and any public roadway constructed adjacent to the south boundary of the Easement Parcel, and (ii) installing and maintaining the utilities described in Section 2 below. For purposes of clarity, until a public road is built and dedicated adjacent to the Easement Parcel, Grantee shall not have the right to enter the Easement Parcel. Grantee shall not use the easement over the Easement Parcel for any construction activities on the Property (such as any timber removal) or any other purpose other than occasional access to the Property and such utility use, and Grantee may not park any vehicles on the Easement Parcel.

2. **Construction.** Grantee shall not be authorized to construct any roadway or other improvements within the Easement Parcel, except that upon obtaining Grantor's written approval of Grantee's plans and specifications, Grantee may install utilities within the Easement Parcel connecting to the Property, as described in this paragraph. Grantor agrees that in connection with its construction of the public road adjacent to the Easement Parcel, Grantor shall, in accordance with its subdivision development plans, install electric lines within such right-of-way and install water and sewer line stub outs in the Easement Parcel. Subject to this paragraph, Grantee may connect to such utilities and install and maintain underground utility lines within the Easement Parcel to the Property; provided that Grantee shall (i) obtain and comply with all necessary permits and approvals from the City of Jacksonville and the applicable utility provider to connect to, install and operate all such utilities and with the plans and specifications approved by Grantor, the City and such utility company, (ii) maintain all such utilities in good condition and repair, at Grantee's cost and expense, and (iii) promptly repair all damage to the Easement Parcel in connection with any such work and perform such work in a good and workmanlike and lien free manner (and satisfy or bond off any liens within 10 days of notice thereof).

3. **Reservation to Grantor.** Grantor reserves unto itself, its successors and assigns, all rights and privileges which Grantor has in and to the Easement Parcel, including, without limitation, the right to install landscaping and other improvements that do not unreasonably interfere with Grantee's rights of access.

4. **Insurance and Indemnity.** Prior to any use of the Easement Parcel, Grantee shall provide Grantor with evidence of liability insurance coverage, naming Grantor as an additional insured, and Grantee shall maintain such insurance in effect during any use of the Easement Parcel under this instrument. Such insurance shall have minimum limits of \$1,000,000 for bodily injury or death for any one occurrence or accident and \$1,000,000 for property damage for any one occurrence or accident. Grantee shall also maintain comprehensive automobile liability insurance (owned, non-owned, hired) of not less than \$500,000, naming Grantor as an additional insured, and evidence of such insurance shall be provided to Grantor prior to any use of the Easement Parcel by Grantee. Grantee uses the Easement Parcel at its sole risk. Grantee shall indemnify, defend and hold Grantor and Grantor's members, shareholders, officers, directors, agents, employees and independent contractors, harmless from and against any and all damage, cost, liability and expense, including reasonable attorneys fees, arising out (i) the use of the Easement Parcel, and any acts and omissions occurring therein, by Grantee and its agents, contractors, subcontractors, invitees and any others using the Easement Parcel by, through or under Grantee, including, without limitation, any personal injury or death, property damage or release of hazardous substance on the Easement Parcel or any adjacent property or other violation of any environmental law; and (ii) and breach of this instrument by Grantee, including, without limitation, promptly repairing and restoring any damage to the Easement Parcel caused by Grantee's use. The foregoing indemnity shall survive any termination of this instrument or termination of Grantee's rights under this instrument.

5. **Dedications.** Grantor or its successors or assigns shall have the sole and absolute right at any time to dedicate to the public all or any part of the Easement Parcel. In the event that the Easement Parcel or any portion thereof shall be dedicated to or otherwise acquired by the public, including, without limitation, any plat dedicating the Easement Parcel or any part thereof to the City of Jacksonville, then this instrument shall automatically terminate and be of no further force or effect as to the land dedicated. In addition, Grantor may (at its option) convey to Grantee the Easement Parcel or any part thereof, and if such conveyance results in Grantee having direct access to a publicly dedicated road serving the Property, then this instrument shall terminate in its entirety. Without limiting the automatic nature of the termination of this instrument, if this instrument has terminated in whole or in part, Grantee agrees to execute any termination documentation requested by Grantor confirming such termination, within five (5) days of request by Grantor. In addition, Grantee shall cooperate with Grantor in connection with any plats including any part of the Easement Parcel, including, without limitation, executing any documents that may be required by the City of Jacksonville or Grantor, within five (5) days of any request by Grantor.

may take title to the Easement Parcel). Grantee's rights and obligations under this instrument do not run with title to the Property, and Grantee's rights under this instrument shall cease and be of no further force or effect if at any time Grantee conveys any portion of the Property, voluntarily or by operation of law. Grantee may use its easement rights under this instrument only in connection with the church operations of the Property, and in no event may Grantee delegate or assign, or allow any persons or entities to utilize (other than church staff and church members), any of Grantee's rights under this instrument (and any attempts to do so shall be null and void *ab initio*). Grantor, in its sole and absolute discretion, may elect to deed the Easement Parcel to Grantee and Grantee agrees to accept.
