Jacksonville, FL 32202

Bill Type and Number: Ordinance 2025-0465

Introducer/Sponsor(s): Council Member Amaro

Date of Introduction: June 24, 2025

Committee(s) of Reference: F, R, TEU

Date of Analysis: June 23, 2025

Type of Action: Amend Sections 804.406 and 804.407, *Ordinance Code*, to modify the required payment timeline

Bill Summary: This bill modifies the required payment timelines provided in Section 804.406, *Ordinance Code*, which deals with speed limit reductions by application. It also makes similar modifications to Section 804.407, *Ordinance Code*, which deals with traffic calming measures by application.

Background Information: The purpose of this bill is to amend the timelines for payment of speed limit reductions and traffic calming measures requested via application. The amendments change the payment timelines by informing affected property owners at the beginning of the process. Applicants are then invoiced for the costs associated with mailing notices. Applicants have 60 days to pay this amount. Notified residents have 60 days to state their objection, and agreement among 75 percent of impacted property owners is required to begin speed reduction or traffic calming measures. If consent is established, another invoice for costs related to the requested measures is sent to the applicant, who has another 60 days to remit payment.

Policy Impact Area: Traffic regulations, *Ordinance Code* amendment

Fiscal Impact: No direct cost to the City
