LUZ COMMITTEE ZOOM MEETING PASSWORD: 607266

COMMENTS: CCMEETING10272020@COJ.NET

During the term of the Emergency, the Council President or a Committee Chair may limit public hearings that are required to remain open for items that are being deferred to a later date, so long as the public hearing is held immediately prior to City Council or Committee final action. Evidence and testimony may be submitted any time through the public participation/public hearing email address provided for each Council cycle.

Findings regarding Quasi-Judicial hearings. Applicants may request deferral of quasi-judicial matters until the conclusion of the Emergency. If an applicant chooses to proceed with a quasi-judicial matter using the emergency procedures provided herein, the applicant acknowledges that these procedures may be subject to legal challenge by an affected party. Such acknowledgment shall appear on the face of the Land Use and Zoning Committee Agenda throughout the term of the Emergency. Council Members may request deferrals of specific applications due to the emergency.

Pursuant to Council Rule 2.201, Committee Chairs are authorized to schedule separate CMT meetings for any items on their agendas, as often as the Chair, at his or her discretion, desires. Notices for such special meetings shall comply with the language herein regarding notices.

For matters which have state-mandated public hearings pursuant to Chapter 166, Florida Statutes, and the Jacksonville Ordinance Code, including quasi-judicial matters and those items which fall under the public participation requirements of Section 286.0114, Florida Statutes, the Council must allow for the public to provide their comments by participation in the CMT meeting or by electronic mail, written comment, or other stated method, as applicable. Instructions for the public as to the methods of communication should be provided in the notice.

Email address created for comments is ccmeeting10272020@coj.net

All evidence, testimony and argument presented to the Council shall be afforded equal consideration regardless of the method of communication.

Amendment:

1. Revised Written Description dated 10/16/20

Proposed:

1. Uses located in the northern 2.5 acres, fronting Glen Kernan Parkway, shall be reviewed at Verification of Substantial Compliance to be consistent with the RPI land use category.

2. A minimum of 184,858 square feet of non-residential uses is required in order to comply with the CGC land use category description.

3. There shall be no new median openings on Hodges Blvd. unless otherwise approved by the Planning and Development Department.

5. A traffic study, as requested by Traffic Engineering, must be provided to the City of Jacksonville Planning and Development Department prior to the final 10-set review. The traffic study, which will also analyze impacts to adjacent roadways, will be conducted by a professional traffic engineer, and a methodology meeting shall be held with the Transportation Planning Division, FDOT, and the City Traffic Engineer prior to the commencement of the study. The traffic study will include existing volumes increased by a growth factor calculated to represent background traffic growth.

6. All comments or conditions made by Transportation Planning Division or Traffic Engineering Division are required PUD/Zoning conditions of the Transportation Planning Division unless otherwise waived in writing by the Chief of Transportation Planning Division or waived by Planning Commission, LUZ Committee, or City Council.

7. Driveways on Glen Kernan Parkway will require a left turn lane on Glen Kernan Parkway. The deceleration length of the left turn lanes will meet the minimums shown in the FDOT Design Manual for the posted speed limit. The queue length will be determined by the traffic study but shall be a minimum of 50'. The entire limits of the turn lane construction will be milled and resurfaced with asphalt.

8. A minimum 10 foot wide paved multiuse path serving both pedestrians and bicyclists shall be constructed along the west side of existing Hodges Boulevard and offsite under J. Turner Butler Boulevard (SR 202).

10. Pursuant to Policy 4.1.5 of the Transportation Element of the 2030 Comprehensive Plan, the applicant must provide for the convenient and safe access by and securing of bicycles on site. The bicycle parking must be consistent with the requirements outlined in Part 6 of the Zoning Code.

11. Prior to the first final inspection within any phase of development, the owner or their agent shall submit to the Planning and Development Department for its review and approval either: (a) an affidavit documenting that all conditions to the development order have been satisfied, or (b) a detailed agreement for the completion of all conditions to the development order.

Original:

1. Uses located in the northern 2.5 acres, fronting Glen Kernan Parkway, shall be reviewed at Verification of Substantial Compliance to be consistent with the RPI land use category.

2. A minimum of 184,858 square feet of non-residential uses is required in order to comply with the CGC land use category description.

3. There shall be no new median openings on Hodges Blvd.

4. Provide a traffic study to determine the impacts to the existing signal at Hodges Blvd and Glen Kernan Parkway. Any needed improvements to the intersection or the signal, such as an increase in the queue length on any approach or a dedicated eastbound right turn lane will be the responsibility of the developer. A traffic signal warrant analysis will be performed at the proposed driveway at the existing median opening. This study will use the existing traffic on Hodges Blvd and Windsor Commons Shopping Center and proposed traffic and distribution for the parcels in this PUD. If a signal is warranted, the construction will be the responsibility of the developer. Sight distance shall be examined for any possible legal driving maneuvers into and out of the proposed driveways.

5. A traffic study, as requested by Traffic Engineering, must be provided to the City of Jacksonville Planning and Development Department prior to the final 10-set review. The traffic study, which will also analyze impacts to adjacent roadways, will be conducted by a professional traffic engineer, and a methodology meeting shall be held with the Transportation Planning Division, FDOT, and the City Traffic Engineer prior to the commencement of the study. Amendment:

1. Revised Site Plan dated October 9, 2020.

Proposed:

1. A traffic study must be provided for the proposed development. The traffic study shall determine the need for left and right turn lanes on Braddock Road at the proposed entrance roads and the need for left turn lanes on the entrance road at the proposed internal intersections. The traffic study shall also include a traffic signal warrant analysis for the intersection of Braddock Road and the proposed entrance road. The traffic study shall also include a traffic impact analysis/traffic signal warrant analysis for the Braddock Road/Dunn Avenue intersection as well as the Braddock Road/Lem Turner Road intersection. Any required turn lane shall be built to FDOT standards.
2. Prior to the first final inspection within any phase of development, the owner or their agent shall submit to the Planning and Development Department for its review and approval either (a) an affidavit documenting that all conditions to the development order have been satisfied, or (b) a detailed agreement for the completion of all conditions to the development order.

1. Revised Written Description September 3, 2020.

Amendment:

Proposed:

1. All development phases shall be reviewed for internal and external compatibility and approved through the minor modification process.
4. The gross density of multi-family shall not be calculated cumulatively in the PUD.
5. Residential development shall comply with Section 656.410, Zoning Code.
6. A traffic operational analysis of the adjacent roadway network shall be conducted by a licensed professional traffic engineer, to determine the impact to the external trips as a result of the land use change. A methodology meeting with the Florida Department of Transportation and Transportation Planning Division shall be held prior to commencement of the study.

Coordination with Florida Department of Transportation. The applicant has submitted a traffic analysis report to the Florida Department of Transportation (FDOT) indicating the need for signal optimization at the San Pablo Road/Beach Boulevard intersection. The applicant has agreed to the signal optimization project at this intersection and to coordinate the signal optimization project with a future FDOT Beach Boulevard corridor study. Upon submittal of an application to the City for Substantial Verification of the PUD, the applicant will provide the City with confirmation from FDOT that they have been notified of the intent to proceed with the development subject to this agreement.

Original:

1. All development phases shall be reviewed for internal and external compatibility and approved through the minor modification process.
2. The maximum lot coverage for single family residential shall be 50%.
3. The minimum front, side and rear setbacks for multi-family shall be 20 feet.
4. The gross density of multi-family shall not be calculated cumulatively in the PUD.
5. Residential development shall comply with Section 656.410, Zoning Code.
6. A traffic operational analysis of the adjacent roadway network shall be conducted by a licensed professional traffic engineer, to determine the impact to the external trips as a result of the land use change. A methodology meeting with the Florida Department of Transportation and Transportation Planning Division shall be held prior to commencement of the study.
