CRITERIA
<p>Section 656.101(l), Ordinance Code, defines a waiver as "a relaxation of the Zoning Code minimum street frontage, pursuant to Section 656.407, Ordinance Code."</p> <p>Section 656.133(d)1 through 5, Ordinance Code, provides that, with respect to action upon Applications for Waivers, the City Council shall grant a waiver for reduction of the minimum requirements for road frontage, if the Council makes a positive finding based upon substantial, competent evidence that the application meets all of the following five (5) criteria:</p> <ul style="list-style-type: none"> i. <i>There are practical or economic difficulties in carrying out the strict letter of the regulation;</i> ii. <i>The request is not based exclusively upon the desire to reduce the cost of developing the site or to circumvent the requirements of Chapter 654 (Code of Subdivision Regulations);</i> iii. <i>The proposed waiver will not substantially diminish property values in, nor alter the essential character of the area surrounding the site and will not substantially interfere with or injure the rights of others whose property would be affected by the waiver;</i> iv. <i>There is a valid and effective easement for adequate vehicular access connected to a public street which is maintained by the City or approved private street;</i> v. <i>The proposed waiver will not be detrimental to the public health, safety or welfare, result in additional expense, the creation of nuisances or conflict with any other applicable law.</i>

17. Given the above definition of a "waiver" and the aforementioned criteria by which the request will be reviewed against, please describe the reason that the waiver is being sought. Provide as much information as you can; you may attach a separate sheet if necessary. Please note that failure by the applicant to adequately substantiate the need for the request and to meet the criteria set forth may result in a denial.

To whom it may concern,

I am seeking this waiver in order to build a single family home on the property. We have purchased this lot with the reasonable expectation for it to be our families new home. After studying the criteria, I believe the property qualifies under all 5 bullet points.

- i. If the waiver is granted, it will keep us from financial difficulties as we would not be able to afford the payment on this construction perm loan and another home.
- ii. We are not trying to circumvent any requirement but follow all laws, as we are law abiding citizens. Normally it would cost us to apply for the waiver from my understanding
- iii. There is already a driveway on the property that my neighbor at 3737 Aladdin Terrace is using to access their adjoining property. Their gate is close to ours but neither interferes with the other.
- iv. As stated above, there is already an existing driveway that intersects with Aladdin Terrace.
- v. It shouldn't have a negative impact on anyone. In fact, it should make hearts happy as we intend to be great neighbors. It will also improve property, so it should create more revenue for the city through taxes in order to assist our community.

Thank you for your consideration

Michael,

Please see attached review comments. I've attached the waiver of road frontage application for the property ownership affidavit form. The scanned email application copy submitted is not legible and will probably get kicked back by Current Planning and the Office of General Counsel. The LUZAP portal is not an option to file as it will only accept applications for AD's and Exceptions. Disregard my last comment about filing on LUZAP. If you want to send me cleaner versions of the required application and attachments You can mail them directly to me at the below address, or you can email them to me a PDF documents also.

Kind regards,
