CRITERIA

Section 656.1310, Ordinance Code, sets forth procedures and criteria for evaluating waivers of the Part 13 sign regulations. Section 656.1302 of the Ordinance Code defines a sign as "a painting, structure, projected image or device which is placed, erected, constructed or maintained on or in the ground or water, or on or outside of an enclosed building, boat, ship, vessel or other object or structure or affixed or painted on or inside an exterior window of a building for the purpose of display, information, advertisement or attraction of the attention of persons, including posters, pictures, pictorial or reading matter and a letter, word, model, device or representation used in the nature of an advertisement, announcement, attraction or direction."

Section 656.133(c)1 through 10, Ordinance Code, provides that, with respect to action upon Applications for Sign Waivers, the City Council shall grant a waiver only if substantial competent evidence exists to support a positive finding based on each of the following criteria as applicable:

- Will the effect of the sign waiver be compatible with the existing contiguous signage or zoning and consistent with the general character of the area considering population, density, scale, and orientation of the structures in the area?
- 2. Would the result detract from the specific intent of the zoning ordinance by promoting the continued existence of nonconforming signs that exist in the vicinity?
- 3. Could the effect of the proposed waiver diminish property values in, or negatively alter the aesthetic character of the area surrounding the site, and could such waiver substantially interfere with or injure the rights of others whose property would be affected by the same?
- 4. Would the waiver have a detrimental effect on vehicular traffic or parking conditions, or result in the creation of objectionable or excessive light, glare, shadows or other effects, taking into account existing uses and zoning in the vicinity?
- 5. Is the proposed waiver detrimental to the public health, safety or welfare, or could such waiver result in additional public expense, creation of nuisances, or cause conflict with any other applicable law?
- 6. Does the subject property exhibit specific physical limitations or characteristics, which would be unique to the site and which would make imposition of the strict letter of the regulation unduly burdensome?
- 7. Is the request based exclusively upon a desire to reduce the costs associated with compliance and is the request the minimum necessary to obtain a reasonable communication of one's message?
- 8. Is the request the result of a violation that has existed for a considerable length of time without receiving a citation and if so, is the violation that exists a result of construction that occurred prior to the applicant's acquiring the property, not being a direct result of the actions of the current owner?
- 9. Does the request accomplish a compelling public interest such as, for example, furthering the preservation of natural resources by saving a tree or trees?
- 10. Would strict compliance with the regulation create a substantial financial burden when considering the cost of compliance?

18. Given the above definition of a "sign" and the aforementioned criteria by which the request will be reviewed against, please describe the reason that the waiver is being sought. Provide as much information as you can; you may attach a separate sheet if necessary. Please note that failure by the applicant to adequately substantiate the need for the request and to meet the criteria set forth may result in a denial.

Dr. E. Howard Acree, DVM, purchased the subject property in October 1989 and has continuously since that time operated the Cedar Hills Animal Hospital. Dr. Acree, through his operation of the Cedar Hills Animal Hospital has for decades provided valued care for animals to pet owners throughout the Cedar Hills community and many other parts of Jacksonville. Prior to Dr. Acree's purchase of the property, it existed as an animal hospital under the former owner, Dr. A. Ralph Chambers, DVM. The marquee sign that is the subject of Citation Number 59002 has existed in the same spot on the property since it was constructed by Dr. Chambers in the early 1980's.

What has changed to cause the sign to allegedly be in technical violation of the set back requirement from Blanding Blvd.? In 2019, the governing authority widened Blanding Blvd. - essentially moved the road closer to the sign that has been in place for approximately 40 years. For the sign to now be moved to what is deemed an appropriate set back would place it in the center of Dr. Acree's small parking area (rendering it almost unusable) and would cause a substantial financial burden (as reflected on the enclosed estimates).

For these reasons, Dr. Acree respectfully requests the issuance of a waiver to allow his marquee sign to remain in place as such a waiver would: a) be consistent with the general character of the area and orientation of the structures in the area; b) not detract from the intent of City ordinances because any supposed non-conformance was a result of the road widening and not anything done by Dr. Acree; c) not diminish property values or harm the aesthetic character of the area surrounding the site nor interfere with the rights of others; d) not affect or impair traffic flow at Wilson and Blanding; e) not cause the expenditure of taxpayer monies or harm public welfare; f) allow the continued use of Dr. Acree's parking area for the animal owners who rely on him for the care of their pets; g) avoid the imposition of a substantial financial burden on Dr. Acree.
