Attachment 1 - Project Description

This action approves funding in the amount of \$196,000.00, under the Inflation Reduction Act (IRA) to the City of Jacksonville, Florida for the expansion and enhancement of their air monitoring activities. Specifically, the recipient will conduct mobile monitoring to identify Volatile Organic Compounds (VOC) plumes and VOC/air toxic hotspots and to identify industrial sources of odor complaints. The activities include collecting quality assured VOC/air toxic measurements in support of (1) monthly mobile surveys in the disadvantaged communities of Jacksonville's Health Zone 1 and (2) attribution of odor complaints. The anticipated deliverables include one new equipment deployed in a mobile vehicle to measure air pollution and development of quality assurance/quality control documentation. The expected outcomes include problem identification, information about air quality in previously unmonitored areas, informed policy and decision making by air agencies, mitigation actions from parties responsible for certain air pollution, and change in behavior of public based on new air quality information. There will be increased disadvantaged communities monitored for air quality, public awareness of ambient air quality, and access to information and tools that increase understanding and reduction of environmental and human health risks. There will also be reductions of ambient concentrations of certain air pollutant(s) and human exposure to certain air pollutant(s). The intended beneficiaries include Duval County residents. No subawards are included in this assistance agreement.

Administrative Conditions

General Terms and Conditions

The recipient agrees to comply with the current EPA general terms and conditions available at: <https://www.epa.gov/grants/epa-general-terms-and-conditions-effective-october-1-2023-or-later>.

These terms and conditions are in addition to the assurances and certifications made as a part of the award and the terms, conditions, or restrictions cited throughout the award.

The EPA repository for the general terms and conditions by year can be found at: <https://www.epa.gov/grants/grant-terms-and-conditions#general>.

A. Correspondence Condition

The terms and conditions of this agreement require the submittal of reports, specific requests for approval, or notifications to EPA. Unless otherwise noted, all such correspondence should be sent to the following email addresses:

- Federal Financial Reports (SF-425): rtfrc-grants@epa.gov and Latoria Davis-Reed, (404)562-9782, Davis.Latoria@epa.gov
- MBE/WBE reports (EPA Form 5700-52A): Latoria Davis-Reed, (404)562-9782, Davis.Latoria@epa.gov
- All other forms/certifications/assurances, Indirect Cost Rate Agreements, Requests for Extensions of the Budget and Project Period, Amendment Requests, Requests for other Prior Approvals, updates to recipient information (including email addresses, changes in contact information or changes in authorized representatives) and other notifications: Project Officer: Angela Stampley, Stampley.Angela@epa.gov, (404)562-9092
- Payment requests (if applicable): Angela Stampley, Stampley.Angela@epa.gov, (404)562-9092
- Quality Assurance documents, workplan revisions, equipment lists, programmatic reports and deliverables: Angela Stampley, Stampley.Angela@epa.gov, (404)562-9092

Programmatic Conditions

A. PERFORMANCE REPORTING AND FINAL PERFORMANCE REPORT

Performance Reports – Content

In accordance with 2 CFR 200.329, the recipient agrees to submit performance reports that include brief information on each of the following areas: 1) A comparison of actual accomplishments to the outputs/outcomes established in the assistance agreement work plan for the period; 2) The reasons why established outputs/outcomes were not met; and 3) Additional pertinent information, including, when appropriate, analysis and explanation of cost overruns or high-unit costs.

Additionally, the recipient agrees to inform EPA as soon as problems, delays, or adverse conditions which will materially impair the ability to meet the outputs/outcomes specified in the assistance agreement work plan are known.

Interim performance and final progress reports must prominently display the three Essential Elements for state work plans: 1) Strategic Plan Goal; (2) Strategic Plan Objective; and (3) Workplan Commitments plus time frame.

(See Grants Policy Issuance 11-03 State Grant Workplans and Progress Reports for more information)

Performance Reports - Frequency

The recipient agrees to submit semi-annual performance reports electronically to the EPA Project Officer within 30 days after the semi-annual reporting period ends on **March 31 and September 30**. The recipient must submit the final performance report no later than 120 calendar days after the end date of the period of performance (**March 28, 2029**).

1. If semi-annual performance reports are required, they are to be submitted electronically to the EPA Project Officer within 30 days after the reporting period (every six-month period). The reporting periods are **April 30 and October 30**.

B. Cybersecurity Condition

State Grant Cybersecurity

(a) The recipient agrees that when collecting and managing environmental data under this assistance agreement, it will protect the data by following all applicable State law cybersecurity requirements.

(b) (1) EPA must ensure that any connections between the recipient's network or information system and EPA networks used by the recipient to transfer data under this agreement, are secure.

For purposes of this Section, a connection is defined as a dedicated persistent interface between an Agency IT system and an external IT system for the purpose of transferring

information. Transitory, user-controlled connections such as website browsing are excluded from this definition.

If the recipient's connections as defined above do not go through the Environmental Information Exchange Network or EPA's Central Data Exchange, the recipient agrees to contact the EPA Project Officer (PO) and work with the designated Regional/Headquarters Information Security Officer to ensure that the connections meet EPA security requirements, including entering into Interconnection Service Agreements as appropriate. This condition does not apply to manual entry of data by the recipient into systems operated and used by EPA's regulatory programs for the submission of reporting and/or compliance data.

(2) The recipient agrees that any subawards it makes under this agreement will require the subrecipient to comply with the requirements in (b)(1) if the subrecipient's network or information system is connected to EPA networks to transfer data to the Agency using systems other than the Environmental Information Exchange Network or EPA's Central Data Exchange. The recipient will be in compliance with this condition: by including this requirement in subaward agreements; and during subrecipient monitoring deemed necessary by the recipient under 2 CFR 200.332(d), by inquiring whether the subrecipient has contacted the EPA Project Officer. Nothing in this condition requires the recipient to contact the EPA Project Officer on behalf of a subrecipient or to be involved in the negotiation of an Interconnection Service Agreement between the subrecipient and EPA.

C. Data Reporting

Data and/or related observations must be shared publicly and in a practicable amount of time throughout the lifetime of the project and not only after the project is at or near completion.

D. Quality Assurance

Authority: Quality Assurance applies to all assistance agreements involving environmental information as defined in 2 C.F.R. § 1500.12 Quality Assurance.

The recipient shall ensure that subawards involving environmental information issued under this agreement include appropriate quality requirements for the work. The recipient shall ensure sub-award recipients develop and implement a Quality Assurance (QA) planning document in accordance with this term and condition; and/or ensure sub-award recipients implement all applicable approved QA planning documents.

1. Quality Management Plan (QMP)

- a. Prior to beginning environmental information operations, the recipient must:
 - i. Submit a previously EPA-approved and current QMP,
 - ii. The EPA Quality Assurance Manager or designee (hereafter referred to as QAM) will notify the recipient and EPA Project Officer (PO) in writing if the QMP is acceptable for this agreement.

- b. The recipient must submit the QMP within 90 days after grant award, and/or no more than 120 days after grant award.
- c. The recipient must review their approved QMP at least annually. These documented reviews shall be made available to the sponsoring EPA organization if requested. When necessary, the recipient shall revise its QMP to incorporate minor changes and notify the EPA PO and QAM of the changes. If significant changes have been made to the Quality Program that affect the performance of environmental information operations, it may be necessary to re-submit the entire QMP for re-approval. In general, a copy of any QMP revision(s) made during the year should be submitted to the EPA PO and QAM in writing when such changes occur. Conditions requiring the revision and resubmittal of an approved QMP can be found in section 6 of EPA's Quality Management Plan (QMP) Standard.

2. Quality Assurance Project Plan (QAPP)

- a. Prior to beginning environmental information operations, the recipient must:
- i. Submit a previously EPA-approved QAPP proposed to ensure the collected, produced, evaluated, or used environmental information is of known and documented quality for the intended use(s).
 - ii. The EPA Quality Assurance Manager or designee (hereafter referred to as QAM) will notify the recipient and EPA Project Officer (PO) in writing if the previously EPA-approved QAPP is acceptable for this agreement.
- b. The recipient must submit the QAPP 90 days after grant award, and/or no more than 120 days after grant award.
- c. The recipient shall notify the PO and QAM when substantive changes are needed to the QAPP. EPA may require the QAPP be updated and re-submitted for approval.
- d. The recipient must review their approved QAPP at least annually. The results of the QAPP review and any revisions must be submitted to the PO and the QAM at least annually and may also be submitted when changes occur.

For Reference:

- Quality Management Plan (QMP) Standard and EPA's Quality Assurance Project Plan (QAPP) Standard; contain quality specifications for EPA and non-EPA organizations and definitions applicable to these terms and conditions.
- EPA QA/G-5: Guidance for Quality Assurance Project Plans.
- (QAM and/or PO may insert QA references that inform or assist the recipient here).
- EPA's Quality Program website has a list of QA managers, and Non-EPA Organizations Quality Specifications.
- The Office of Grants and Debarment Implementation of Quality Assurance Requirements for Organizations Receiving EPA Financial Assistance.

E. Use of Logos

If the EPA logo is appearing along with logos from other participating entities on websites, outreach materials, or reports, it must **not** be prominently displayed to imply that any of the recipient or subrecipient's activities are being conducted by the EPA. Instead, the EPA logo should be accompanied with a statement indicating that the City of Jacksonville, Florida received financial support from the EPA under an Assistance Agreement. More information is available at: <https://www.epa.gov/stylebook/using-epa-seal-and-logo#policy>

F. Competency Policy

Competency of Organizations Generating Environmental Measurement Data

In accordance with Agency Policy Directive Number FEM-2012-02, Policy to Assure the Competency of Organizations Generating Environmental Measurement Data under Agency-Funded Assistance Agreements, Recipient agrees, by entering into this agreement, that it has demonstrated competency prior to award, or alternatively, where a pre-award demonstration of competency is not practicable, Recipient agrees to demonstrate competency prior to carrying out any activities under the award involving the generation or use of environmental data. Recipient shall maintain competency for the duration of the project period of this agreement and this will be documented during the annual reporting process. A copy of the Policy is available online at <https://www.epa.gov/sites/production/files/2015-03/documents/competency-policy-aaianew.pdf> or a copy may also be requested by contacting the EPA Project Officer for this award.

G. Public or Media Events

The Recipient agrees to notify the EPA Project Officer listed in this award document of public or media events publicizing the accomplishment of significant events related to construction projects as a result of this agreement and provide the opportunity for attendance and participation by federal representatives with at least ten (10) working days' notice.

H. Geospatial Data Standards

All geospatial data created must be consistent with Federal Geographic Data Committee (FGDC) endorsed standards Information on these standards may be found at <https://www.fgdc.gov/>.

Attachment 1 - Project Description

This action approves funding in the amount of \$104,000.00, under the Inflation Reduction Act (IRA) to the City of Jacksonville, Florida for the expansion and enhancement of their air monitoring activities. Specifically, the recipient will conduct mobile monitoring to identify Volatile Organic Compounds (VOC) plumes and VOC/air toxic hotspots and to identify industrial sources of odor complaints. The activities include collecting quality assured Volatile Organic Compounds (VOC)/air toxic measurements in support of (1) monthly mobile surveys in the disadvantaged communities of Jacksonville's Health Zone 1 and (2) attribution of odor complaints. The anticipated deliverables include one new equipment deployed in a mobile vehicle to measure air pollution and development of quality assurance/quality control documentation. The expected outcomes include problem identification, information about air quality in previously unmonitored areas, informed policy and decision making by air agencies, mitigation actions from parties responsible for certain air pollution, and change in behavior of public based on new air quality information. There will be increased disadvantaged communities monitored for air quality, public awareness of ambient air quality, and access to information and tools that increase understanding and reduction of environmental and human health risks. There will also be reductions of ambient concentrations of certain air pollutant(s) and human exposure to certain air pollutant(s). The intended beneficiaries include Duval County residents. No subawards are included in this assistance agreement.

Administrative Conditions

The Following Administrative Terms and Conditions Have Been Updated:

General Terms and Conditions

The General Terms and Conditions of this agreement are updated in accordance with the link below. However, these updated conditions apply solely to the funds added with this amendment and any previously awarded funds not yet disbursed by the recipient as of the award date of this amendment. The General Terms and Conditions cited in the original award or prior funded amendments remain in effect for funds disbursed by the recipient prior to the award date of this amendment.

The recipient agrees to comply with the current EPA general terms and conditions available at: https://www.epa.gov/system/files/documents/2024-10/fy_2025_epa_general_terms_and_conditions_effective_october_1_2024_or_later.pdf

These terms and conditions are binding for disbursements and are in addition to or modify the assurances and certifications made as a part of the award and the terms, conditions, or restrictions cited throughout the award.

The EPA repository for the general terms and conditions by year can be found at: <https://www.epa.gov/grants/grant-terms-and-conditions#general>.
