The Façade Renovation Grant Program is designed to provide commercial or retail façade renovation funding assistance for existing businesses in economically distressed areas. Ordinance 2016-522-E authorized the initial funding of \$200,000 for the Program. Ordinance 2018-370-E amended the Program, matching two dollars of City funding for every one dollar of eligible facade renovation costs by the business owner or tenant. Ordinance 2019-021-E authorized an additional \$200,000 for the Program. Ordinance 2021-444 authorized an additional \$200,000 for the program funding. The current balance for the Façade Grant Program is \$81,604.48. These figures reflect 85 completed facade projects and 1 underway. The façade renovation projects approved to-date include extensive painting and pressure washing projects; new and improved signage to increase visibility; upgrading windows and doors for energy efficiency and enhanced security/safety measures; repairing or replacing fencing; masonry repairs; and upgrading landscaping. This funding would allow the Office of Economic Development to prepare for an influx of applications precipitated by the mailout of program brochures to potential grantees.

This request has been submitted to appropriate \$200,000 for funding for the Façade Matching Renovation Grant Program. The Façade Renovation Matching Grant. The purpose of the façade grant is to provide commercial or retail façade renovation funding assistance for existing businesses in targeted areas (economically distressed areas). The public investment in the facades of these structures can provide a value increase to obtain traditional financing for upgrades. The public investment in facade of structures can help reduce blight and create positive momentum towards community. This reappropriation will replenish program funding to allow Jacksonville business owners to make improvements to their properties and benefit their surrounding communities. The Façade Grant funding is being increased from \$5,000 to \$7,500 for properties in an Economically Distressed Area Level 1, and increased from \$10,000 to \$15,000 for properties located in Economically Distressed Area Level 2. The Office of Economic Development will continue to provide oversight for the Façade Renovation Grant Program.
