FY 23-24 VEHICLE REPLACEMENTS

This schedule contains the vehicles that will be replaced in FY24 as approved by Council. In order to receive the replacement vehicle the "old vehicle" as stated here by vehicle number must be turned in. Fleet Management has the option to keep turned in patrol vehicles on the City cap to be used exclusively for JSO wreck replacements, to keep JFRD and Solid Waste apparatus on the City cap for two fiscal year for various purposes. Any changes to this schedule will have a financial impact in FY24. Fleet Management maintains all related documentation pursuant to section 106.216.

	Capital	Payment

## Health Department Programs

FY 2023-2024 Total Program Funding: \$1,005,535

### Sexually Transmitted Disease Prevention Program

\$147,000

The Sexually Transmitted Disease (STD) Program in Duval County processed nearly 100,000 records in 2018. DOH-Duval, through the STD program is required to enforce Sexually Transmissible Diseases, Chapter 384, Florida Statutes. This includes ensuring all providers and laboratories that diagnose and treat an individual for a sexually transmissible disease also report the information in an appropriate and timely manner. Education and consultation are available for providers to make certain that they are treating individuals according to current CDC STD treatment guidelines. Investigation of the infected individuals and their partners is conducted by Disease Intervention Specialists (DIS) to ensure pregnant females are screened for STDs, education and counseling are provided to the community on safe sexual health practices in accordance with the law. More specifically, the department is required, per Section 384.26, F.S., to investigate the source and spread of disease in our community. Our division of communicable disease control tasks DIS to perform investigations that determine the source and spread of disease. These DIS take steps to then intervene and prevent additional individuals in our community from becoming infected with a STD or HIV. The current organizational structure for the Duval County STD Program is not sufficient to support the current workload. Typically, for a metropolitan statistical area (MSA) an STD program has several key roles that carry out the tasks that are associated with enforcing F.S. 384, such as a program manager, two DIS supervisors, eight to ten disease intervention specialist (DIS), a surveillance supervisor, and surveillance clerks. Looking at counties that are comparable to Duval, like Hillsborough and Orange, these key roles are in place but in Duval several of these key positions go unfilled. The population growth of Duval County is expected to continue and with it, the expected volume of records and reported morbidity will also grow. The current STD structure is not adequate to meet the existing and projected needs of the community. Additional funding for the STD program is an investment in the Duval County community. Increased resources will expand our ability to provide timely initiation of services to ensure appropriate treatment has been given, investigate the source of disease, provide education and outreach to some of the most vulnerable individuals in our expanding community.

### Immunization Program

\$308,292

In 2016, after Agape Community Health Center, Inc. became independent, DOH-Duval with the support of the City of Jacksonville established the South Jacksonville Immunization Center. This gave us the opportunity to ensure continued access to immunizations for children and adults in the area. The diverse population receiving immunizations at our center are offered services on a scheduled and walk-in basis. The South Jacksonville Immunization Center continues to be a valuable source of immunizations, information, and education. This site is particularly vital as we see an increase in the number of medical providers who either no longer offer immunizations or do so only in a limited capacity. In 2017, we launched a campaign to increase awareness on the importance of vaccines. Our marketing included billboards, buses, bus shelters, local magazines, and radio ads. We have managed to increase our 2-year-old immunization rates from 93% in 2017 to 98.7% in 2018. We have exceeded the goal of 95%. Our Kindergarten immunization rate stands at 94.7% and our 7th grade rate is 96.9%. South Jacksonville Immunization Center served 5,140 clients in 2018 and provided over 29,000 services. The team has increased outreach efforts to the community by making reminder calls and participating in events throughout the community. It is important to maintain high immunization rates to guard against vaccine preventable diseases.

Primary Care Program

\$350,000

Due to the Covid-19 pandemic many of our resources have shifted to better combat what lies ahead. As a result, more resources are needed to ensure DOH-Duval can continue to provide the same level of service to our primarycare clients who we serve day in and day out. DOH-Duval operates a number of health centers and clinics at community-based sites. DOH-Duval provides pediatrics and women's health, dentistry, maternity care and family planning services to our underserved. Our pediatricians, nurses, dentists, and dental assistants provide comprehensive care to infants and children in our centers, including being on call 24 hours a day for emergencies. With the appropriation of these funds, DOH-Duval will be able to continue to provide these much-needed services to our community in the same manner as before. Cutting or reducing these services would have a negative impact on public health. The FY23 budget includes one-time funding of \$200,000 for Pediatric Dental services.

Hospital Emergency Room Alternative Program

\$200,243

This is a clinic-based case management and education program designed to improve health outcomes for uninsured, underinsured, and low-income residents of our community. This program provides case management and education services to HIV clients. Nutritional counseling is also provided for these clients. Self-Management workshops (diabetes and chronic disease aka Living Healthy Workshops) are taught by our qualified staff in conjunction with our community partner AHEC in the community. Additional services provided by this program includes: Nutrition counseling for diabetes, hypertension, hyperlipidemia and obesity; Case management services; Outreach events (B/P and diabetes screenings); and a New DEAL Diabetes Program of the Florida Department of Health in Duval County provides diabetes self- management education workshops that are accredited by the American Association of Diabetes Educators.
