PURPOSE: White Paper (Explain Why this legislation is necessary? Provide; Who, What, When, Where, How and the Impact.) Council Research will complete this form for Council introduced legislation and the Administration is responsible for all other legislation. (Minimum of 350 words - Maximum of 1 page.)

This BT is to transfer funds from the countywide Traffic Calming Construction project to a specific project, Southside Estates Traffic Calming. Due to a traffic study, it has been determined that speed tables need to be installed on both Peach Drive and Forest Boulevard in the Southside Estates area. Based on the length of the corridors and suggested spacing, Peach Drive/Live Oak Drive between Beach Boulevard and Atlantic Boulevard is estimated to need 22 speed tables and Forest Boulevard between Beach Boulevard and Peach Drive is estimated to need 13 speed tables. Deferral of this amendment of the CIP until the next annual budget and CIP review will be detrimental to the best interest of the community because such deferral will result in the unnecessary delay of the installation of the needed speed tables.
