The Honorable Samuel Newby  
City Council President and Members of the City Council  
117 West Duval Street, Suite 425  
Jacksonville, Florida 32202

**RE: Application for Non-Residential Solid Waste Collection and Transportation  
Franchise Application from Maco Partners, Inc. DBA Frog Hauling & Demolition**

Dear President Newby and Members of City Council:

In accordance with Jacksonville Municipal Code, Sections 380.605 transmitted herewith is an application for a Non-Residential Solid Waste Collection and Transportation Franchise application from Maco Partners, Inc. DBA Frog Hauling & Demolition.

The Department of Public Works, Solid Waste Division has coordinated a review of the information submitted by the applicant, inspection of its facility and Jacksonville office location in addition to conducting telephone interviews with the applicant to discuss its existing and proposed operations and maintenance plan for expansion into Duval County and their business plan and marketing strategies to accomplish this expansion. The application was submitted with the appropriate fee of \$1,500.

### **Experience and Potential Significant Amount of Duval County Business**

Maco Partners, Inc. DBA Frog Hauling & Demolition has been hauling construction and demolition debris since June 2018 in Duval and surrounding counties. The company has two roll off trucks and 30 containers. In addition, the company has secured the opportunity to expand business with organizations in Duval County pending approval of this application.

### **Financial Resources**

Along with existing customers the applicant has the potential opportunity to sign three significant contracts with local warehouses. Since opening in 2018 the applicant has tripled its sales. The approval of this application will enhance their growth.

### **Disposal Methods, Quantities, and Facilities**

The applicant proposes to landfill all Class I franchised waste it collects at the City's Trail Ridge Landfill and estimates it will collect approximately 100 tons per month or 1,200 tons per year of solid waste.

The Honorable Samuel Newby  
City Council President and Members of the City Council  
Page 2 of 2

The applicant's corporate headquarters and local office is located at 216 McCargo Street North, Jacksonville, FL 32220 where their Duval County records can be examined.

**Evidence of Safety and Reliability and Sanitation**

The applicant has a safety plan in place for transportation and set up of containers. This plan ensures loads are completely covered to transport waste safely. A maintenance schedule requires containers to be checked daily to ensure no holes for debris to escape.

**Background Information**

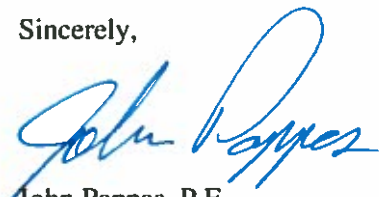

The applicant has certified that it has not been adjudicated in default on any government contracts or bids and that there are no unsatisfied final money judgments against it. Limited background checks have been completed by JSO's Interagency Special Investigator who found no records of public entity crimes, felony and/or misdemeanor charges.

Based upon the information received and reviewed, the Department recommends that the Council grant a franchise for Non-Residential Solid Waste Collection and Transportation Franchise to Maco Partners, Inc. DBA Frog Hauling & Demolition based upon the following conditions:

1. execution of a franchise agreement as specified in Section 380.605(a) (6)
2. submission of a payment bond, as specified in Section 380.608(f)
3. execution of an indemnification agreement, as specified in Section 380.608(h)

If there are any questions regarding this matter, please contact Will Williams at 904-255-7512.

Sincerely,

John Pappas, P.E.  
Director of Public Works
