## INTRODUCTION

~~Pursuant to the requirements of Chapter 163, Part II, Florida Statutes (F.S.) and Chapter 9J-5, Florida Administrative Code (FAC), the City of Jacksonville adopted the 2010 Comprehensive Plan, which included a Housing Element, on September 1990. Section 163.3191, F.S. requires that the plan be updated periodically. Prior to the update of the plan, the local governments are required to prepare an Evaluation and Appraisal Report (EAR) on the adopted plan. The City of Jacksonville's first EAR was submitted to the Florida Department of Community Affairs (DCA) for review on September 1, 1997 and determined to be sufficient on October 31, 1997. The City of Jacksonville's second EAR was submitted to the DCA on October 1, 2008.~~

~~The first EAR for the 2010 Comprehensive Plan comprises the 1990-1995 period and the second EAR comprises the 2000-2007 period. The second EAR identifies major issues of concern to Jacksonville residents, reviews implementation of the plan since the last EAR, assesses achievements, successes and shortcomings of the Plan, identifies necessary changes and provides updated population projections.~~

~~The update of the Housing Element, presented in the following pages, reflects changes recommended in the second EAR. New policies have been added as recommended in the EAR and mandated by updates to the Florida Statutes and Florida Administrative Code, including extending the planning time frame to 2030 and renaming the plan the 2030 Comprehensive Plan. Issue statements have been removed in an effort to streamline the element and to remove text not belonging in the Goals, Objectives and Policies Section of this document. Various editorial, organizational and other appropriate agency or reference name changes have been made as well.~~

~~In addition to the aforementioned revisions, the Background Report of this document has also been updated to support the amended Goals, Objectives and Policies.~~

~~This element was prepared with the assistance of the staff of the Housing and Neighborhoods Department.~~

Objective 1.1 The City shall assist the private sector in providing an adequate supply of new dwelling units of various types, sizes and costs. ~~According to the Shimberg Center for Affordable Housing, the estimated total units by 2030 is 486,500 and the current number of units as of 2000 is 309,000. The estimated supply for additional dwelling units needed in 2030 is 177,500. The City needs to add an estimated 92,282 units between 2020 and 2045 in order~~ This estimate will allow the City of Jacksonville to keep pace with population growth and/or fluctuations in market forces and migration patterns.

#### Policies 1.1.1
