FY 2025-2026 Total Program Funding: \$1,205,535

Sexually Transmitted Disease Prevention Program \$147,000

DOH-Duval, through the STD program is required to enforce Sexually Transmissible Diseases, Chapter 384, Florida Statutes. This includes ensuring all providers and laboratories that diagnose and treat an individual for a sexually transmissible disease also report the information in an appropriate and timely manner. Education and consultation are available for providers to make certain that they are treating individuals according to current CDC STD treatment guidelines. Investigation of the infected individuals and their partners is conducted by Disease Intervention Specialists (DIS) to ensure pregnant females are screened for STDs, education and counseling are provided to the community on safe sexual health practices in accordance with the law. More specifically, the department is required, per Section 384.26, F.S., to investigate the source and spread of disease in our community. Our division of communicable disease control tasks DIS to perform investigations that determine the source and spread of disease. These DIS take steps to then intervene and prevent additional individuals in our community from becoming infected with a STD or HIV. The current organizational structure for the Duval County STD Program is not sufficient to support the current workload. Typically, for a metropolitan statistical area (MSA) an STD program has several key roles that carry out the tasks that are associated with enforcing F.S. 384, such as a program manager, two DIS supervisors, eight to ten disease intervention specialist (DIS), a surveillance supervisor, and surveillance clerks. Looking at counties that are comparable to Duval, like Hillsborough and Orange, these key roles are in place but in Duval several of these key positions go unfilled. The population growth of Duval County is expected to continue and with it, the expected volume of records and reported morbidity will also grow. The current STD structure is not adequate to meet the existing and projected needs of the community. Additional funding for the STD program is an investment in the Duval County community. Increased resources will expand our ability to provide timely initiation of services to ensure appropriate treatment has been given, investigate the source of disease, provide education and outreach to some of the most vulnerable individuals in our expanding community.

Immunization Program \$308,292

DOH-Duval supported by the City of Jacksonville established the South Jacksonville Immunization Center at 3225 University Boulevard. This expansion allowed us to broaden access to immunizations for a diverse population of both children and adults. Alongside our primary Immunization Center at 515 W 6th Street, the South Jacksonville location continues to serve as a vital resource for immunizations, education, and outreach particularly as more healthcare providers scale back or discontinue immunization services. In 2017, DOH-Duval launched a public awareness campaign to emphasize the importance of vaccines. Marketing efforts included billboards, buses, bus shelters, local magazines, and radio ads. This campaign contributed to a notable increase in 2-year-old immunization rates, rising from 98.7% in 2018 to 100% in 2020 surpassing the state goal of 95%. That same year, the South Jacksonville location served 5,029 clients and provided over 25,000 services, supporting a kindergarten immunization rate of 93.8% and a 7th-grade rate of 96.6%. However, since the pandemic, immunization rates have declined both locally and statewide. Despite these challenges, our team remains committed to community outreach continuing reminder calls, participating in local events, and providing education to encourage timely vaccinations. Maintaining high immunization coverage is essential to protect against vaccine-preventable diseases and ensure the health of our community.

- 2023/2024 School Year (SY) and 2023 Calendar Year (CY) Immunization Rates
- Duval 2-year-old Immunization Rate: 67.5% (CY)
 - State 2-year-old Immunization Rate: 76.9% (CY)
 - Duval Kindergarten Immunization Rate: 88.4% (SY)
 - State Kindergarten Immunization Rate: 89.8% (SY)
 - Duval 7th Grade Immunization Rate: 93.9% (SY)
 - State 7th Grade Immunization Rate: 93.4% (SY)

Health Department Programs

Primary Care Program	\$550,000
Due to limited resources in this area DOH-Duval needs partnerships to ensure we are better equipped to combat what lies ahead. As a result, more resources are needed to ensure DOH-Duval can continue to provide the same level of service to our primary care clients who we serve day in and day out. DOH-Duval operates a number of health centers and clinics at community-based sites. DOH-Duval provides pediatrics and women's health, dentistry, maternity care and family planning services to our underserved. Our pediatricians, nurses, dentists, and dental assistants provide comprehensive care to infants and children in our centers, including being on call 24 hours a day for emergencies. With the appropriation of these funds, DOH-Duval will be able to continue to provide these much-needed services to our community in the same manner as before. Cutting or reducing these services would have a negative impact on public health.	

Hospital Emergency Room Alternative Program	\$200,243
This is a clinical based care, case management and education program designed to improve health outcomes for persons living with HIV/AIDS in our community and assist those individuals with finding a medical home and divert from usage of the ER for their HIV Care. Clients of this program will receive clinical care for the HIV/AIDS diagnosis. Our focus is serving HIV-infected people and people at risk for HIV infection, linking them to care and treatment, and providing interventions to improve medication adherence and risk reduction. Additional services provided by this program includes: Case management services; Outreach events, On-site lab and x-ray exams, mental health and substance abuse counseling for patients and nutritional counseling.

*The Current Revised Budget - Debt Funded amount represents the remaining balances as of 10/1/23 previously authorized by Council, plus any additional changes authorized through separate legislation to be funded with debt. This amount has not been reduced by expenditures within FY 23/24 since they will still be able to be switched to BJP Infrastructure Surtax funding.

Overall Notes:

1. The shaded projects are the projects from Ordinance 2022-416-E that will be moved back to being funded by the Better Jacksonville Infrastructure Surtax.
2. The potential swap does not impact the previously approved timing of projects.
3. Ord. 2025-337-E removed the Hodges Blvd. Improvements project from the work program at an amount of \$355,000
4. The FY 25/26 Budget removed the Halsema Road Extension project (\$200,000) and the Mandarin Road Sidewalk project (\$250,000) from the work program. The budget also reduced the Sidewalk Construction - New project by \$250,000 and then applied those funds along with the Halsema project funds to the Chaffee Road project for an increase of \$450,000. The budget also reduced funding for the Cahoon Rd & Normandy Blvd to Beaver St. project by \$10,750,000 and added those funds to the Old Middleburg 103rd-Branan Field-01 project of which \$4,653,454 is reflected above.
