

October 10, 2022, Regular Board Meeting

Title

9. SELECTION OF REPRESENTATIVE FOR THE CIVIL SERVICE BOARD

Recommendation

That the School Board of Duval County, Florida, select its representative, Wendy Norfleet, to serve on the Civil Service Board, and authorize the filing of legislation for confirmation of the appointment by the City Council of the City of Jacksonville, Florida.

Description

Article 17 of the City Charter grants the School Board of Duval County, Florida, the authority to appoint one member to the Civil Service Board. A full term of the appointment is three years, with a two-term limit. Once the School Board selects its representative to the Civil Service Board, then legislation will be prepared and filed requesting the City Council confirm the appointment.

Gap Analysis

If no action is taken, then the School Board will not have a representative on the Civil Service Board to represent the interests of the District.

Previous Outcomes

The School Board has previously appointed persons to fill the position on the Civil Service Board, in order to represent the interests of the District. The School Board's position is vacant.

Expected Outcomes

Approval of this appointment will fill the current vacancy on the Civil Service Board and will facilitate the operations of the Civil Service Board.

Strategic Plan Goals and Principles

Guiding Principle Assurance I: DCPS will recruit and retain highly effective educators.

Financial Impact

There is no financial impact for this item because the Civil Service Board appointment is an uncompensated volunteer position.
