Dear Council Members,

Enclosed is a copy of the letter I sent to Mayor Curry expressing my concern regarding his decision to host the Republican National Convention in Jacksonville in August 2020.

I am alarmed at the potential consequences of having this large assembly of people in Jacksonville during the covid-19 pandemic.

Thank you for your service to our community and for your consideration of my concerns.

Respectfully,

Dear Mayor Curry,

I cannot begin to express the extent of my disappointment in you and your decision to host the upcoming Republican National Convention in Jacksonville, Florida. In my opinion, you sold out and have placed your city at risk for increased infection at what is currently the height of the covid-19 pandemic. The pandemic will only get worse, with more economic impact, disruption to lives, sickness and deaths in Jacksonville.

As a registered member of the Republican Party I have admired and supported you and your goals in Jacksonville, FL. I can no longer do that. And I can no longer be a member of the Republican party.

It is my hope and prayer that you will reconsider your decision and inform the Republican Party that, based on the changing statistics regarding the coronavirus, Jacksonville will withdraw its offer to host the Republican National Convention in August.

I pray you will make the right decision for Jacksonville.

Respectfully,

Bonnie Vanderberg
