- **Revises the quorum for the Public Service Grant Council to a majority of the current membership, excluding vacant seats**
- **Establishes a minimum annual funding level of \$5,500,000 for public service grants, subject to the availability of funding**
- **Allows public service grant funding to be carried over and used in the immediately following fiscal year**
- **Revises public service grants application contents to include additional financial and programmatic information**

CONCERN

If not spent by fiscal year end, dollars appropriated for public service grants fall to General Fund fund balance. Language in this bill would allow for the perpetual carryover of funding appropriated for public service grants. This could set a precedent for other General Fund funded programs.
