I. PROJECT DESCRIPTION

Applicant proposes to rezone approximately 587.25 acres of property from PUD to PUD. The parcel is located on the east side of Yellow Water Road, north of Normandy Boulevard. The property shall be divided into three separate parcels, Parcel "A" being developed as single family, Parcel "B" being developed as townhomes and Parcel "C" being developed as commercial general.

Parcel "A" is currently subject to the provisions of Ordinance 2006-1156-E and is approximately 566 acres in size. Parcel "A" shall not exceed two dwelling units per acre (1132du/566). The density of two dwelling units per acre is consistent with the proposed overall Comprehensive Plan designation of RR, which is controlling on the site. The current PUD on the site authorizes 1139 units.

Parcel "B" shall contain approximately 7.5 acres to be developed for up to 90 townhomes. Parcel "C" shall contain approximately 10 acres to be developed for commercial uses. Parcels "B" and "C" are subject to a pending application for a Future Land Use Map (FLUM) amendment from AGR to CGC.

Parcel "A" is currently owned by the Yellow Water Land Holdings, LLC and is more particularly described in the legal description attached as Exhibit 1 to this application. Parcel "A" currently has a land use designation of RR and is zoned as a PUD. The property is currently vacant. Surrounding uses include: AGR-III/AGR & AGR-IV/AGR to the north; RR/PUD to the south; and AGR-IV/AGR & PBF/PBF-1 to the East and RR/AGR, AGR-III/AGR & AGR-IV/AGR to the West.

Parcels "B" and "C" are currently owned by Edward Elias and Rima Elias and are more particularly described in Exhibit 1 to this application. The property has current land use and zoning designation of AGR-III/AGR. The property is currently vacant. Surrounding uses are the same as noted above. As noted, Parcels "B" and "C" are the subject of a pending FLUM amendment from AGR to CGC.

IX. DEVELOPMENT PLAN APPROVAL

With each request for verification of substantial compliance with this PUD, a preliminary development plan shall be submitted to the City of Jacksonville Planning and Development Department identifying all then existing and proposed uses within the Property, and showing the general layout of the overall Property.

X. STATEMENTS

A. How does the proposed PUD differ from the usual application of the Zoning Code?

The PUD site plan provides for a mix of uses and a mix of housing options not otherwise available through usual application of the Zoning Code.

B. Describe the intent for the continued operation and maintenance of those areas and functions described herein and facilities which are not to be provided, operated or maintained by the City.

The facilities will be operated and maintained by an HOA.

XI. JUSTIFICATION FOR PLANNED UNIT DEVELOPMENT CLASSIFICATION FOR THIS PROJECT

The proposed project is consistent with the general purpose and intent of the City of Jacksonville 2030 Comprehensive Plan and Land Use Regulations. The proposed project will be beneficial to the surrounding neighborhood and community, as the use is allowable in the land use category.

A. Is more efficient than would be possible through strict application of the Zoning Code, as the PUD allows for clustering and the larger buffers and saved wetlands;

B. Is compatible with surrounding land uses which are similar uses or supporting uses;

C. Allows for phased use to meet market demand for housing as it arises.
