4 **Section 3. Approval and Authorization to Execute Agreement**
5 **with Ability Housing, Inc.** The Mayor, or her designee, and the
6 Corporation Secretary are hereby authorized to execute and deliver
7 an agreement between the City of Jacksonville and Ability Housing,
8 Inc. ("Ability Housing") in a not-to-exceed amount of \$1,000,000 for
9 development by Ability Housing of a 90 unit apartment community known
10 as "Village at Cedar Hills", subject to the terms and conditions of
11 the Term Sheet attached hereto as **Exhibit 3** and incorporated herein
12 by this reference. The agreement may include such additions, deletions
13 and changes as may be reasonable, necessary and incidental for
14 carrying out the purposes thereof, as may be acceptable to the Mayor,
15 or her designee, with such inclusion and acceptance being evidenced

17 however, no modifications to the agreement may increase the financial
18 obligations of the City to an amount in excess of the amount stated

25 is defined as those changes having no financial impact to the City,
26 changes required for compliance with the terms and conditions of the
27 ERAP2 grant and/or applicable federal rules, regulations or policies,
28 and any other non-substantive changes that do not substantively
29 increase the duties and responsibilities of the City under the

5 Chapter 118 (City Grants), *Ordinance Code*, are hereby waived to allow
6 for a direct contract between the City of Jacksonville and Ability
7 Housing, Inc. The City finds that the direct contract approved herein
8 is justified because there is an extreme need for affordable housing
9 in Duval County. Ability Housing is a well-established non-profit
10 with a proven record of building quality affordable housing, including
11 apartment communities such as the project to be funded through this
12 legislation.

19 owned by JHA, subject to the terms and conditions of the Term Sheet
20 attached hereto as **Exhibit 4** and incorporated herein by this
21 reference. The agreement may include such additions, deletions and
22 changes as may be reasonable, necessary and incidental for carrying
23 out the purposes thereof, as may be acceptable to the Mayor, or her
24 designee, with such inclusion and acceptance being evidenced by
25 execution of the agreement by the Mayor, or her designee; provided
26 however, no modifications to the agreement may increase the financial
27 obligations of the City to an amount in excess of the amount stated
28 in the agreement or decrease the duties and obligations of JHA, and
29 any such modifications shall be technical only and shall be subject
30 to appropriate legal review and approval by the Office of General
31 Counsel and the Office of Risk Management for appropriate insurance

1 and indemnification terms.

2 For the purposes of this Ordinance, the term "technical changes"
3 is defined as those changes having no financial impact to the City,
4 changes required for compliance with the terms and conditions of the

6 and any other non-substantive changes that do not substantively
7 increase the duties and responsibilities of the City under the
8 provisions of the agreement.

9 **Section 6. Approval and Authorization to Execute Agreement**
10 **with Jacksonville Community Land Trust, Inc.** The Mayor, or her
11 designee, and the Corporation Secretary are hereby authorized to
12 execute and deliver an agreement between the City of Jacksonville and
13 Jacksonville Community Land Trust, Inc., in a not-to-exceed amount
14 of \$329,309.57 for construction of two new single-family homes,
15 subject to the terms and conditions of the Term Sheet attached hereto
16 as **Exhibit 5** and incorporated herein by this reference. The agreement
17 may include such additions, deletions and changes as may be
18 reasonable, necessary and incidental for carrying out the purposes
19 thereof, as may be acceptable to the Mayor, or her designee, with
20 such inclusion and acceptance being evidenced by execution of the
21 agreement by the Mayor, or her designee; provided however, no
22 modifications to the agreement may increase the financial obligations
23 of the City to an amount in excess of the amount stated in the
24 agreement or decrease the duties and obligations of JCLT, and any

26 appropriate legal review and approval by the Office of General Counsel
27 and the Office of Risk Management for appropriate insurance and
28 indemnification terms.

29 For the purposes of this Ordinance, the term "technical changes"
30 is defined as those changes having no financial impact to the City,
31 changes required for compliance with the terms and conditions of the

1 ERAP2 grant and/or applicable federal rules, regulations or policies,
2 and any other non-substantive changes that do not substantively
3 increase the duties and responsibilities of the City under the
4 provisions of the agreement.

5 **Section 7. Waiver of Section 118.107 (Nonprofits to receive**
6 **funding through a competitive evaluated award process), Part 1**
7 **(General Provisions), Chapter 118 (City Grants), Ordinance Code.** The
8 provisions of Section 118.107 (Nonprofits to receive funding through
9 a competitive evaluated award process), Part 1 (General Provisions),
10 Chapter 118 (City Grants), *Ordinance Code*, are hereby waived to allow
11 for a direct contract between the City of Jacksonville and
12 Jacksonville Community Land Trust, Inc. The City finds that the
13 direct contract approved herein is justified because there is an
14 extreme need for affordable housing in Duval County. JCLT is a non-
15 profit whose mission is to create home ownership options for low- and
16 moderate-income individuals and families in Jacksonville. Since the
17 creation of the JCLT, the City and JCLT have worked together to
18 identify and assist with projects that will increase the affordable
19 housing stock in Duval County and the addition of the project
20 contemplated herein will further this mutual goal.

21 **Section 8. Invoking the Exemption in Section 126.107(g),**
22 **Ordinance Code.** The City is hereby authorized to procure the use of
23 the professional services of Ability Housing and JCLT for development
24 of affordable housing in Duval County, subject to the terms and
25 conditions outlined in this legislation and any and all federal terms,
26 conditions, policies, or rules applicable to receipt and expenditure
27 of the ERAP2 Funds. Pursuant to Section 126.107(g) (Exemptions), Part
28 1 (General Regulations), Chapter 126 (Procurement Code), *Ordinance*
29 *Code*, such procurement is exempted from competitive solicitation
30 because the supplies or services are to be provided by those
31 specifically prescribed within authorizing legislation that

1 appropriates the same. With the exception of the foregoing, all other
2 provisions of Chapter 126, *Ordinance Code*, shall remain in full force
3 and effect.

4 **Section 9. Oversight Department.** The Housing and Community
5 Development Division of the Neighborhoods Department shall oversee
6 the administration and distribution of ERAP2 Funds appropriated
7 herein in accordance with the Act.

8 **Section 10. Effective Date.** This Ordinance shall become
9 effective upon signature by the Mayor or upon becoming effective
10 without the Mayor's signature.

Amended Terms and Scope of Work

Recipient: Florida Small Business Development Center at University of North Florida

City Funding Request: Increase the agreement amount by \$100,000, for a total maximum indebtedness not exceeding \$208,000

Fiscal Year: Fiscal Year 2023-2024

City Contract Term: October 1, 2023 - September 30, 2024

Contract Amendment and Revised Scope of Work:

Small business is BIG business in Duval County and around the nation. According to the U.S. Small Business Administration (SBA), close to 99% of all businesses in Florida qualify as “small” business and create more than 41% of all jobs. Yet, an estimated 50% of all new businesses close in the first four years. The most common reasons for business failure are undercapitalization and an inability to manage the “business” side of the business. Here’s where the Florida Small Business Development Center (FSBDC) at the University of North Florida (UNF) comes in. Part of the statewide Florida SBDC Network, designated as “Florida’s principle provider of small business assistance” in Florida Statute and a member of the National Association of SBDCs, the FSBDC at UNF helps small and growing business owners access the proper consulting, training, and professional and government resources, thus increasing their chances of long-term success.

The FSBDC at UNF has been providing entrepreneurial training, business technical assistance, and access to professional resources to potential and existing business owners for almost 50 years. One of the primary strengths of the FSBDC and its special programs is their partnerships with many other small business service providers, thereby collaborating rather than duplicating. Since its beginning in 1976, the FSBDC at UNF has grown to a staff of more than 25, serving 18 counties in northeast and north central Florida. The FSBDC at UNF conducts more than 100 nominally priced group training programs each year in its region to educate and train more than 1,800 new and established business owners on the business side of running a business and individually provides consulting to nearly 2,100 clients.

In Duval County, funding from the City of Jacksonville leverages annual funding from the SBA, Department of Defense, State of Florida, UNF, and other public- and private-sector sources, and program income generated by workshops and special programs. With this funding, the FSBDC offers no-cost, individual business consulting to 900 clients each year in locations at UNF, on-site at client businesses and virtually. The FSBDC trains more than 1,000 participants on the basics of starting and growing a business. The FSBDC has connections to small business resource partners for existing and prospective small business owners in Duval County, providing them with access to the private sector professionals and nonprofit organizations they need to grow. The state funded Export Marketing Plan program enables the FSBDC to assist manufacturing firms with strategic plans for international expansion. The DOD funded APEX government contracting assistance program assists small businesses in selling their products and

services to federal, state and local government agencies and to prime government contractors. Training and consulting assists with certification of minority-owned firms (including JSEB recertification), identification of contracting opportunities, bidding, bonding, contract administration and more. In addition to a focus on export assistance and government contracting, growth acceleration services are a top Florida SBDC Network priority and are available to second-stage companies with the best potential to create jobs.

The FSBDC at UNF achieves its mission by bringing together a team of certified professionals dedicated to providing management advice and training to pre-ventures, startups, and small and medium enterprises (SMEs) in North Florida. With this assistance, clients can become more successful and, in turn, contribute positively to the area's economic growth and stability. Through economic impact and its advocacy efforts on behalf of small business, the Florida SBDC Network provides its funding sources with a positive return on investment. In 2022, in the FSBDC at UNF region assisted clients in assessing over \$79 million in capital, in starting 129 new businesses, in creating or retaining 778 direct jobs, in winning \$60 million in contracts, and increasing sales by more than \$61 million.

In FY 21/22, the FSBDC at UNF assisted Duval County clients in accessing over \$68 million in capital, starting 47 new businesses, in creating or retaining 778 direct jobs, in winning \$70 million in contracts, and in increasing sales by more than \$19 million.

Success for the FSBDC at UNF program is measured in large part by economic impact of those receiving assistance services. Impact generated from assisted businesses results in business starts, direct jobs created or retained, access to capital, general sales increases, contracts awarded, certifications achieved, and more. Clients report this impact through an annual survey and in real time to consultants, verifying and attributing the impact in part to assistance provided by the SBDC. Through the FSBDC existing and prospective business owners receive accessible training in their neighborhoods and obtain information they need from qualified resource providers.

Recipient: United Way of Northeast Florida, Inc.

City Funding Request: \$200,000

Fiscal Year: Fiscal Year 2023-2024

City Contract Term: Effective Date of Ordinance – September 30, 2024

Background/Purpose:

In the United States, 1 in 5 children and adults suffer with mental illness. The need is there. One of our goals should be to increase awareness of the “988” call center and helping people with mental/behavioral health concerns. A robust digital and social media campaign to increase the awareness of and educate the public about the utility of 988 is essential. As we educate the community and promote this call-in number, the number of calls to the United Way of Northeast Florida is expected to increase substantially. With their current staffing (12 crisis managers) we will likely see an increased percentage of calls going to the national call center instead of being handled locally. The local crisis managers have seen a 98.7% success rate at deescalating the crisis and keeping folks out of the emergency room or from being Baker Acted while setting-up appropriate follow up through a collaboration of mental health resources, locally (such as Child Guidance Center, National Alliance on Mental Illness (NAMI), Gateway, Mental Health Resource Center, Northwest Behavioral Health and Angel Kids Pediatric Foundation just to name a few). The United Way of Jacksonville currently answers from 600 to 800 mental health crisis calls from Duval County per month. This is a 75% increase in crisis calls over the last year. The United Way has a success rate of 98.7% in terms of avoiding Baker Act outcomes and/or having to call 911 when engaged in responding to these crisis calls. At present, they are able to answer 82% of all local crisis calls placed in the Northeast Florida area. The other 18% are answered by the national call center who are unfortunately less effective in avoiding Baker Act or 911 responses. At present, the United Way of Northeast Florida provides these crises call services with 12 crisis managers. The funds provided by this grant will enable the United Way to hire an additional 2 crisis managers to respond to the increase in local calls and reduce the number of crisis calls directed to the national call center.

Scope of Work:

Funding will be used to support two additional staff to assist with answering crisis calls at the call center.

Payment Terms:

Recipient shall be paid on a reimbursement basis.

Approved Budget and Reporting:

Recipient shall submit a budget reflecting allocated uses of City funds to be approved by City Council. Recipient shall also submit reporting as required by City Council.

Additional Grant Requirements and Restrictions:

City Funds for the Program shall be subject to Parts 1 through 5 of Chapter 118, Jacksonville Municipal Code, as applicable.

Records shall be retained for longer periods when any retention period required by law exceeds the time frames required in this paragraph.
3. Upon demand, at no additional cost to the City, the grant recipient shall facilitate the duplication and transfer of any Records during the applicable retention period.

8. The grant recipient shall permit the City to interview any of the grant recipient's employees, contractors, and subcontractors' employees to assure the City of the satisfactory performance pursuant to any agreement between the grant recipient and the City. Following such review, if the grant recipient's performance is, in the opinion of the City, deficient, the City will deliver to the grant recipient a written report of the deficiencies and request for the grant recipient's

10. If the grant recipient uses any contractors or subcontractors in utilization of the City funds, Recipient shall include the audit, inspections, investigations, and record-keeping requirements providing herein in all such subcontracts and assignments. The grant recipient shall also ensure any subrecipients of City funds, if any, are subject to the audit, inspections, investigations, reporting and record-keeping requirements provided herein and said requirements shall be included in any contract with any subrecipient.

11. The grant recipient shall comply with all American Rescue Plan Act requirements, including but not limited to 2 Code of Federal Regulations 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards), as applicable. The grant recipient acknowledges the City must comply with the sub-recipient monitoring requirements of 2 CFR 200.331 and at the request of the City agrees to provide such additional information and documentation to the City as required to comply with such requirements. 22 the Community Conversations, the Mayor proposed funding to support
23 the Mayor's programs and initiatives in the fiscal year 2023-2024
24 annual budget; and

25 **WHEREAS**, the City Council appropriated funding for fiscal year
26 2023-2024 through the annual budget Ordinance 2023-504-E and
27 Ordinance 2023-513-E to fund the Mayor's programs and initiatives;
28 and

29 **WHEREAS**, with respect to this particular bill, which is the
30 second of the two bills comprising the Mayor's Task Force
31 Appropriation Legislation, the Mayor's programs and initiatives

9 **BE IT ORDAINED** by the Council of the City of Jacksonville:

10 **Section 1. Appropriation.** For the 2023-2024 fiscal year,
11 within the City's budget, there is hereby appropriated the indicated
12 sum(s) from the account(s) listed in subsection (a) to the account(s)
13 listed in subsection (b):

14 (B.T. 24-018, attached hereto as **Exhibit 1** and incorporated herein
15 by this reference)

16 (a) Appropriated from:

17 See B.T. 24-018 \$1,250,000.00

18 (b) Appropriated to:

19 See B.T. 24-018 \$1,250,000.00

20 (c) Explanation of Appropriation:

21 The funding above represents an appropriation of \$1,250,000
22 within the American Rescue Plan Local Fiscal Recovery Fund
23 from the Mayor's Task Force Contingency Fund, with
24 \$1,000,000 appropriated to Countywide Parks - Pool
25 Maintenance and Upgrades and \$250,000 appropriated to
26 Veteran's Community Center at the recommendation of the
27 Mayor's transition committees.

28 **Section 2. Purpose.** The purpose of the appropriation in
29 Section 1 is to allocate funds from the Mayor's Task Force Contingency
30 Fund for two purposes: (i) to supplement current funding to refresh
31 and renovate the City's pool properties, improving safety systems and

1 physical appearance of City pools throughout Duval County, and (ii)
2 to provide funding to support initial costs to research, procure, and
3 renovate either a new building or existing structure for the future
4 Veterans Community Center. Potential uses of the Veterans Community
5 Center funding include site survey, engineering drawings, build-out
6 design and similar uses. The city pool renovation and initial Veterans

8 **Section 3. Capital Improvement Plan Amendment.** Ordinance
9 2023-505-E, adopting the 2024-2028 Five-Year Capital Improvement Plan

11 hereby amended to reflect this reallocation of funds from the Mayor's
12 Task Force Contingency Fund to the Projects as more fully described
13 in the Project Information Sheets attached hereto as **Exhibit 2** and
14 incorporated herein by this reference. The City Council finds that
15 the deferral of this amendment of the CIP until the next annual budget
16 and CIP review will be detrimental to the best interests of the
17 community because such deferral will unnecessarily delay completion
18 of the Projects.

19 Pursuant to Section 122.605(c), *Ordinance Code*, enactment of
20 this Ordinance requires the affirmative vote of two-thirds of the
21 City Council members present at the meeting because of the CIP
22 amendment set forth in this section. This Ordinance shall constitute
23 an amendment to Ordinance 2023-505-E. In all other respects, the
24 Five-Year Capital Improvement Plan approved by Ordinance 2023-505-E
25 shall remain unchanged and continue in full force and effect.

26 **Section 4. Compliance with applicable American Rescue Plan**
27 **Act grant funding requirements.** All ARP Act funds appropriated and
28 expended in accordance with this Ordinance, including but not limited
29 to the agreements with Cultural Council and United Way authorized in
30 Sections shall comply with all applicable ARP Act grant requirements
31 in their respective use and expenditure of the ARP Act funds provided

1 pursuant to this Ordinance including, but not limited to, the audit
2 requirements attached hereto as **Exhibit 3**.

3 **Section 5. Effective Date.** This Ordinance shall become
4 effective upon signature by the Mayor or upon becoming effective
5 without the Mayor's signature.
