F/A - Functional Activity

Carrie M. Bailey

Senior Vice President of Development
Rimrock Companies
1301 Riverplace Blvd., Suite 2150
Jacksonville, FL 32205
(386) 623-7354
carrie@rimrockcompanies.com

CURRENT: Senior Vice President of Development
Rimrock Companies, Jacksonville, FL

In her role as senior vice president of development for Rimrock Companies and its subsidiaries, Carrie is involved in all aspects of real estate development from site selection to project disposition, with a heavy focus on legal and contract negotiation, feasibility analysis, due diligence, entitlements, and strategic project, asset, and investment management.

In her ten years of development experience, she has personally overseen more than \$750 million in development projects across the US, in a variety of asset classes, including retail, senior housing, hospitality, multi-family, student housing, medical office space, and self-storage, with a stellar record of projects completed on-time and on-budget.

Local to Jacksonville, Carrie's development resume includes the recent student housing complex and medical science projects at Jacksonville University's campus in Arlington, the LECOM medical school at Jacksonville University (expected to open in 2026), The Canopy at Duval Station assisted living community in north Jacksonville, and multiple retail and multi-family projects.

She also single-handedly developed the operating framework for Rimrock Property Management, which currently manages a portfolio of nearly \$100 million in commercial, retail and multi-family properties across the southeastern US.

PRIOR: Vice President of Operations
United Fundraising, Inc., Lake City, FL

Prior to joining Rimrock Companies in 2014, she spent four years as Vice President of Operations for United Fundraising Solutions, Inc., and during her tenure there, guided the company from a single employee to a multi-million-dollar sales organization with a presence spanning the continental US.

Operations Manager

Hub Industrial Supply, Lake City, FL

She began her career at age 12, helping with accounting and warehouse work at Hub Industrial Supply, her family's North Florida industrial distribution business. By her mid-teens, she was helping run operations, and over the course of her 15 years at the company, she directed the transition from hand-written order slips to automated accounting and inventory management, and gained a deep understanding of systems, processes, strategy and management.

In every phase of her career, Carrie has earned a reputation for honesty, integrity and straight shooting. She is married to Dusty, a fourth-grade teacher, and is the proud step-mother of two daughters.

She has served on the boards of multiple property owner associations and has served as a student mentor with Take Stock in Children. She and her husband are active supporters of Habitat for Humanity, Partnership for Strong Families, and their community's Pregnancy Care Center and Working Food program, which provides resources, education and support for local youth and small business entrepreneurs.
