Subject: Citizen comments on JSO: WE NEED YOUR HELP

Hello,

I am writing as a concerned citizen and taxpayer within Jacksonville's District 6 regarding the conduct and organization of Jacksonville Sheriff's Office as well as the handling of cases by District Attorney Melissa Nelson. Please, consider these words and discuss tomorrow!

Failure to properly investigate officer involved shootings and deaths is an abhorrent miscarriage of justice and shows that these structures do not truly serve their citizens. I have the following demands to be considered by the Jacksonville City Council:

- Immediate release of all body cam footage of officer-involved shootings being held up by DA Nelson's office. This includes Body cam footage from Officer Garriga responsible for the unjust killing of Jameee Johnson as well as the footage of the killing of Kwamae Jones, Deaira Alston, Leah Baker, Brittany Williams and the MANY other cases still pending review and closure.
- End the involvement of JSO Cold Case Squad to investigate officer involved shootings as this in no way allows for an impartial investigation. Instead these incidents should be investigated by a fair outside party such as a citizens review board
- The immediate release without charges of all incarcerated protesters who were arrested for nonviolent offenses or "resisting arrest" while defending themselves or their loved ones from unlawful use of excessive force by JSO from the historic march on Jacksonville
- Prosecute and convict killer cops: Disciplinary action and termination be taken against all police officers who violently attacked peaceful protesters. As well as those involved with the murders of Keegan Roberts and DJ Broadus

This city is not safe until all lives are safe. The lives of all your citizens don't matter until Black Lives Matter. This Council is elected to represent the people of Jacksonville, that means it is meant to stand

for all people of Jacksonville. I, as a citizen, demand that this duty is upheld and this council moves to be actively anti-racist. Otherwise, you are just upholding white supremacy.
Thank you for taking the time to read, I hope you will do the right thing.
Best,
Sarah N Hart

Subject: Urban core authority

To members of the city council my statement is that their approval of the recommendations from the charter revision commission should be approved because of the current situation as the city has countless times tried to provide needed resources for the old city limits there have been limitations on funding and to set up a organization or independent authority that can provide services 4 communities that have been on the serve would be a gain and helping redevelop those community I was there when the DIA was created and I know how helpful they were develop in the downtown area I think the same opportunity should be put in place for the urban core creating a special taxing district is a Leg up and it gives them the opportunity for affordable housing for maintaining street right aways to providing training program an infrastructure improvement

Subject: Please protect the Jacksonville HRO

Dear Mayor Curry and Council Members,
I urge you to support Ordinance 2020-0244, re-enacting LGBTQ protections in Jacksonville's Human Rights Ordinance.
In 2017 a broad coalition of citizens, faith leaders, and business leaders came together in support of adding these critical protections to Jacksonville's City Code. Support has only grown since then, and re-enacting the protections now will keep Jacksonville moving forward.
No one should face discrimination because of who they love or who they are. Three years' experience with these protections has shown that ensuring nondiscrimination makes Jacksonville a more welcoming place for residents, visitors, and business. Please support Ordinance 2020-0244.

Subject: Please support Ordinance 2020-244 and keep Jacksonville moving forward!

Dear All Jacksonville Committee Members Committee Members,
Please support Ordinance 2020-0244 and keep Jackonsville moving forward!
This ordinance will re-enact the critical LGBT protections added to Jacksonville's Human Rights Ordinance with overwhelming public support in 2017. These protections have been working as intended for three years, and they are making Jacksonville a welcoming place for everyone to live, work, and visit. Support for these protections has only grown. We've already heard from numerous Jacksonville residents, small and large business owners, and faith leaders calling on the City Council to pass Ordinance 2020-0244 and keep Jacksonville on the right path.
Please keep Jacksonville an open and welcoming place for everyone to live, work, and visit. Vote in support of re-enacting LGBTQ protections in the Jacksonville Human Rights Ordinance.

Subject: inquiry about public comments policy

Please submit to record (re HRO BILL, 2020-247, 2020-201)

RE: Public Comments during COVID19

Dear Council Members,

I am constituent seeking a better understanding of the council's handling of public comments during COVID19.

Since the start of COVID19, the City Council's website has stated members of the public would no longer be able to make public comments during city council ZOOM meetings. The website instructs members of the public to email their remarks into the city council's general e-mailbox.

On 4/28/2020, I called the council office, expressing concern about the timing of this new policy. I explicitly stated the need for the council to work under full transparency as they are dispersing nearly \$160M in federal relief aid—the needs of the public need to be heard during this pandemic. I told the staff member I did not believe the public or council members would read my comments if I emailed them in. I was told council members could read the emailed comments on their own accord, and the public can submit a public record request to view the emailed comments.

I was delighted to learn this rule altogether changed during the 5/26/2020 council meeting when the council asked their staff to read aloud every single public comment that was emailed in pertaining to the HRO bill.

As a member of the public, I needed to hear those HRO comments.

Before the 5/26 meeting, I also sent in public comment about bills 2020-247/ 2020-201, but my comment was not read aloud. Neither were the comments I sent in on 5/8 or 5/12.

The council really should continue to read all future public comments out loud. This is the only way to assure fairness that every voice is heard. This also avoids unnecessary misunderstandings.

If the council chooses not to continue reading public comments aloud, can the council please specify on their website which bills will have their public comments read aloud and which will not?

Thank you,
Brandi Hill

Dear Council Members,

I watched the Tuesday, June 2, meeting.

I urge you together and individually to continue to press for change that will bring equality to the city of Jacksonville. Please use your voice together to pledge publicly as loud as possible that you are working to bring change to the issues of inequality in its many facets.

The louder you are the more we can involve the people in ways and efforts to bring change.

Please consider the options of police alternative responses to non-emergency and non-violent calls.

THANK YOU,

<https://ktrh.iheart.com/featured/michael-berry/content/2020-06-02-virginia-police-chief-rioters-blocked-firefighters-from-responding-to-fire/>

While this Nation burns and coronavirus instills fear, agitators take advantage of a hurting people. In Jacksonville, Florida though, we see proponents of flawed HRO, taking advantage of a grieving hurting people. With NO VOTE allowed...and under the guise of "equality" ...these leaders are forcing our people...to change our very way of life! "The People" are not allowed a vote, and are VERY limited in response and disagreement with HRO. "THE PEOPLE " are NOT in agreement with "fluid genders" in children's bathrooms and lockers, but are being handcuffed from making their voices known! "The People " of Jacksonville are being shackled by an oligarchy, and all of this, is a breach of Ethics!

We've asked that HRO be tabled, and that a "Human Protection Bill" be enacted...protecting ALL people! We've sent emails, voiced our opinions. We've tried to work through this issue since 2012. Black pastors and leaders have repeatedly warned that gay (LGBTQ) rights and Civil Rights are NOT the same. They've warned us, that HRO is wrong morally, Biblically, and that it needs to be discarded. Additionally, thousands of Jacksonville citizens have sent emails, pleading, asking...even demanding to be listened to! So far VERY little has been done to assist Christians in Jacksonville. During 2012 Christians started receiving genuine persecution in Jackson. (I've attached verification below) While pro-HRO persons literally cursed and screamed at Believers, shouting "You have no LOVE, Jesus told you to LOVE you hypocrites!) The attached articles verify "the love" shown to the Christian Community of Jacksonville. We contend that it is a Breach of Ethics to continue battering the Citizens of Jacksonville with HRO. The proposed legislation is now outdated, antiquated, a Pandora's box of danger. Coronavirus has

changed life, economics, and with the addition of stress, anxiety, fear...now riots...it is TOO much for our citizens. Pro HRO leaders are taking advantage of our City, denying a vote to our people, and trying to silence dissenters.

Many of us have been in Communist held territory, and they rule through intimidation reprisal, retaliation, threats, media control and the extensive use of propaganda. Jacksonville HRO leaders, are using many of these same tactics. "We the people" ARE the City of Jacksonville. Many of us ...myself included...were born here. We remember well, living in abhorrent times of segregation. We remember all too clearly, Colored and White bathrooms and eater fountains. We REMEMBER discrimination from ALL sides, so we've TRIED diligently tried, to change society, in a positive, Christ-like way. Black and White clergy are Family. We preach on each other's churches. We hold church activities together, eat together fellowship together. We've come a LONG way in Jacksonville regarding Civil Rights and care for one another!

Regarding HRO, Reverend R.L.Gunday from Southern Christian Leadership Conference said, "I told them that this was wrong, on the first day they were considering it. They have no idea how much harm this will do, and what they're getting themselves into."

Reverend Dr. Gary Williams stressed, "Its being made to sound the same as the Civil Rights struggle, but it isn't."

Jap has come LONG way since segregation. We no longer have separate facilities, or churches. Our City had tremendous progress, and great leaders like Congresswoman Tillie Fowler Congressman Charlie Bennett, Mayor Hans Tanzler and City Councilman Johnny Gaffney. We've come a LONG way in "equality and care" and the Lord has blessed greatly! What we DON'T need now, us an aloof oligarchy, screaming at us "to love and accept!" We will NEVER accept the idea of legalizing "gender fluid peoples into our children's bathrooms and shower! We will never agree to the philosophy "gender fluid boys" must be allowed in girls bathrooms and showers." God forbid!

This philosophy was enacted in Georgia community, and a precious FIVE year old girl, was assaulted in the bathroom, by a

"gender fluid boy." THAT community still reels from this hideous incident. That little FIVE year old girl, simply went to use the bathroom. While in there, she looked up terrorized, as HE molested her. That is SIN against God, against her, against her family against the Black community, and it happened...because of flawed HRO...and we DON'T want it here!

Please consider this letter, as a VERY serious Ethics Request. There is a genuine bias against Christian values, and in favor of HRO economics in this City, and we are lodging a request to table HRO, and to write a new "Human Protection Bill" protecting ALL peoples. That's NOT too much to ask, particularly in light of the abuse the Christian Community has put up with, since 2012. We are asking for a fair impartial investigation to be completed, in order that "Jacksonville Human Protection Bill" can be fairly written, then implemented. We ask that continuance of flawed HRO in Jacksonville be stopped immediately, so that ALL will be treated fairly and without discrimination. Working together, with government protection for all, we can see "Jacksonville Human Protection Bill " become reality.

Thank you for praying, and for your leadership and care. Bless you as you protect our citizens, and as you allow us to live in FREEDOM not tyranny!

Very Respectfully Yours in King Jesus name,

No doubt you have sincere intentions regarding bill 2020-244. But, please remember
that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the
men's restroom, and those who are or look like women to use the women's restroom. This is, however,
an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum
of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at
them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man
(who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use
women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and
expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they
tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of
intentions)

(if you want to understand both sides of this issue watch this short video

and Locker Room Policies")

Freedom: Personal Religious FREEDOM SHOULD NOT JUST BE LIMITED TO A BUILDING. You may have

REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from
a global pandemic. Input from the public was already blocked at the first Council meeting. Is this
openness to the people? If you feel that you can't wait until we can share our concerns about this bill
with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a
voice via referendum for a JEA sale, the people most certainly should have a voice on the most
controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out
of this important conversation.

Again, please oppose Bill 2020-244.

Freedom: Personal Religious FREEDOM SHOULD NOT JUST BE LIMITED TO A BUILDING. You may have
heard about Barronelle Stutzman, Jack Phillips, Blaine Adamson, and many others who have been sued
because they wanted to honor God with their businesses. You probably have heard about them, but you

REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from
a global pandemic. Input from the public was already blocked at the first Council meeting. Is this
openness to the people? If you feel that you can't wait until we can share our concerns about this bill
with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a
voice via referendum for a JEA sale, the people most certainly should have a voice on the most
controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out
of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

My name is Monica Jakes,
In this unprecedented time in history,
I ask you to carefully examine what Bill 2020-244 is...
not just was people say it is.
I respectfully ask you to OPPOSE Bill 2020-244
Please consider my perspective as you decide this important
issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember
that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

Please consider my perspective as you decide this important
issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember
that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the
men's restroom, and those who are or look like women to use the women's restroom. This is, however,
an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum
of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at
them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man
(who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use
women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and
expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they
tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of
intentions)

(if you want to understand both sides of this issue watch this short video

<https://m.youtube.com/watch?v=tg-MAMvklPE> or search "The Unintended Victims of Bathroom Bills
and Locker Room Policies")

Freedom: Personal Religious FREEDOM SHOULD NOT JUST BE LIMITED TO A BUILDING. You may have
heard about Barronelle Stutzman, Jack Phillips, Blaine Adamson, and many others who have been sued
because they wanted to honor God with their businesses. You probably have heard about them, but you
probably don't know WHY anyone would "turn away money". Please watch this short video of one
grandmother sharing her story for herself... if you want to understand both sides

<https://m.youtube.com/watch?v=44jgKXnkJhU>

REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from
a global pandemic. Input from the public was already blocked at the first Council meeting. Is this
openness to the people? If you feel that you can't wait until we can share our concerns about this bill
with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a
voice via referendum for a JEA sale, the people most certainly should have a voice on the most
controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out
of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

Subject: RE: Bill 2020-247 and 2020-201

Enter the public comments below into the record. Re: bills: 2020-247 and 2020-201

Good afternoon,

I am a member of Brandi Hill's small business group and own a small business in Jacksonville, FL.

I want to thank you for the \$9M you distributed in \$2000 small business grants.

However, 9M will provide 4500 business grants. This is not nearly enough.

According to the 2016 Census Jacksonville has 100,000 small businesses. 80,000 are Sole-Props, Self-Employed, Freelancers (home-based businesses)

75% of Jacksonville's businesses "do not qualify" to access the \$27M in Federal Relief funds currently sitting unused in the Vystar/ COJ loan program. As of May 20th, only \$1.2M has been given to small businesses.

I appreciate your time and consideration in this matter and look forward to your response.

Sincerely,

Jennifer Lash

My name is Robert and Sharon Tispn,

In this unprecedented time in history,

I ask you to carefully examine what Bill 2020-244 is...

not just was people say it is.

I respectfully ask you to OPPOSE Bill 2020-244

Please consider my perspective as you decide this important issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

Subject: please read at council meeting Scheryl Fazan

My name is Scheryl Fazan,

In this unprecedented time in history,

I ask you to carefully examine what Bill 2020-244 is...

not just what people say it is.

I respectfully ask you to OPPOSE Bill 2020-244

Please consider my perspective as you decide this important issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

(if you want to understand both sides of this issue watch this short video

<https://m.youtube.com/watch?v=tg-MAMvklPE> or search "The Unintended Victims of Bathroom Bills and Locker Room Policies")

Freedom: Personal Religious FREEDOM SHOULD NOT JUST BE LIMITED TO A BUILDING. You may have heard about Barronelle Stutzman, Jack Phillips, Blaine Adamson, and many others who have been sued because they wanted to honor God with their businesses. You probably have heard about them, but you probably don't know WHY anyone would "turn away money". Please watch this short video of one grandmother sharing her story for herself... if you want to understand both sides

REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill

with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

Scheryl Fazan

My name is Robert Olson,

I respectfully ask you to OPPOSE Bill 2020-244

Please consider my perspective as you decide this important issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown

that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

(if you want to understand both sides of this issue watch this short video

<https://m.youtube.com/watch?v=tg-MAMvklPE> or search "The Unintended Victims of Bathroom Bills and Locker Room Policies")

Freedom: Personal Religious FREEDOM SHOULD NOT JUST BE LIMITED TO A BUILDING. You may have heard about Barronelle Stutzman, Jack Phillips, Blaine Adamson, and many others who have been sued because they wanted to honor God with their businesses. You probably have heard about them, but you probably don't know WHY anyone would "turn away money". Please watch this short video of one grandmother sharing her story for herself... if you want to understand both sides

<https://m.youtube.com/watch?v=44jgKXnkJhU>

REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

Please DO NOT pass this bill you will be opening up a situation you want have control over. IT has been cases where people have been SEXUAL ASSULT in both male and female restaurants and now you're trying to give predators a larger range of access to commit this awful crime. The governor officials are supposed to PROTECT the people NOT just appease the people. It's not about transgenders it's about PROTECTING ALL PEOPLE.

My name is Cheryl Herndon,

I respectfully ask you to OPPOSE Bill 2020-244

Please consider my perspective as you decide this important issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

(if you want to understand both sides of this issue watch this short video

<https://m.youtube.com/watch?v=tg-MAMvklPE> or search "The Unintended Victims of Bathroom Bills and Locker Room Policies")

Freedom: Personal Religious FREEDOM SHOULD NOT JUST BE LIMITED TO A BUILDING. You may have heard about Barronelle Stutzman, Jack Phillips, Blaine Adamson, and many others who have been sued because they wanted to honor God with their businesses. You probably have heard about them, but you probably don't know WHY anyone would "turn away money". Please watch this short video of one grandmother sharing her story for herself... if you want to understand both sides

<https://m.youtube.com/watch?v=44jgKXnkJhU>

REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

(if you want to understand both sides of this issue watch this short video

Freedom: Personal Religious FREEDOM SHOULD NOT JUST BE LIMITED TO A BUILDING. You may have heard about Barronelle Stutzman, Jack Phillips, Blaine Adamson, and many others who have been sued because they wanted to honor God with their businesses. You probably have heard about them, but you probably don't know WHY anyone would "turn away money". REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

Freedom: Personal Religious FREEDOM SHOULD NOT JUST BE LIMITED TO A BUILDING. REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

My name is Sharon C. Smith,

I respectfully ask you to OPPOSE Bill 2020-244

Please consider my perspective as you decide this important issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most

controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

My name is Sharon Smith,

I respectfully ask you to OPPOSE Bill 2020-244

Please consider my perspective as you decide this important issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

My name is Richard Matthews,

I respectfully ask you to OPPOSE Bill 2020-244

Please consider my perspective as you decide this important issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

My name is Lynda Driskell,

I respectfully ask you to OPPOSE Bill 2020-244

Please consider my perspective as you decide this important issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

My name is Jessica peffer,

I respectfully ask you to OPPOSE Bill 2020-244

Please consider my perspective as you decide this important issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

(if you want to understand both sides of this issue watch this short video

Freedom: Personal Religious FREEDOM SHOULD NOT JUST BE LIMITED TO A BUILDING. You may have heard about Barronelle Stutzman, Jack Phillips, Blaine Adamson, and many others who have been sued because they wanted to honor God with their businesses. You probably have heard about them, but you probably don't know WHY anyone would "turn away money". Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

My name is Cindy Lackey,

I respectfully ask you to OPPOSE Bill 2020-244

Please consider my perspective as you decide this important issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

(if you want to understand both sides of this issue watch this short video

<https://m.youtube.com/watch?v=tg-MAMvklPE> or search "The Unintended Victims of Bathroom Bills and Locker Room Policies")

Freedom: Personal Religious FREEDOM SHOULD NOT JUST BE LIMITED TO A BUILDING. You may have heard about Barronelle Stutzman, Jack Phillips, Blaine Adamson, and many others who have been sued because they wanted to honor God with their businesses. You probably have heard about them, but you probably don't know WHY anyone would "turn away money". Please watch this short video of one grandmother sharing her story for herself... if you want to understand both sides

REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

My name is H Christopher Hebda,

I respectfully ask you to OPPOSE Bill 2020-244

Please consider my perspective as you decide this important issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

(if you want to understand both sides of this issue watch this short video

<https://m.youtube.com/watch?v=tg-MAMvklPE> or search "The Unintended Victims of Bathroom Bills and Locker Room Policies")

Freedom: Personal Religious FREEDOM SHOULD NOT JUST BE LIMITED TO A BUILDING. You may have heard about Barronelle Stutzman, Jack Phillips, Blaine Adamson, and many others who have been sued because they wanted to honor God with their businesses. You probably have heard about them, but you probably don't know WHY anyone would "turn away money". Please watch this short video of one grandmother sharing her story for herself... if you want to understand both sides

<https://m.youtube.com/watch?v=44jgKXnkJhU>

REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term “gender identity” covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of “sex-change” surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

Freedom: Personal Religious FREEDOM SHOULD NOT JUST BE LIMITED TO A BUILDING. You may have heard about Barronelle Stutzman, Jack Phillips, Blaine Adamson, and many others who have been sued because they wanted to honor God with their businesses. You probably have heard about them, but you probably don't know WHY anyone would “turn away money”. REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term “gender identity” covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of “sex-change” surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

Freedom: Personal Religious FREEDOM SHOULD NOT JUST BE LIMITED TO A BUILDING. You may have heard about Barronelle Stutzman, Jack Phillips, Blaine Adamson, and many others who have been sued because they wanted to honor God with their businesses. REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville? Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

This is, however, an idea based on stereotypes rather than Bill 244. The term “gender identity” covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of “sex-change” surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

Freedom: Personal Religious FREEDOM SHOULD NOT JUST BE LIMITED TO A BUILDING. REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville? Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

My name is Vicki Johnston,

I respectfully ask you to OPPOSE Bill 2020-244

Please consider my perspective as you decide this important issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term “gender identity” covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

My name is James Joyce,

I respectfully ask you to OPPOSE Bill 2020-244

Please consider my perspective as you decide this important issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term “gender identity” covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of “sex-change” surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

My name is Kathie Barousse,

I respectfully ask you to OPPOSE Bill 2020-244

Please consider my perspective as you decide this important issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual

orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

I respectfully ask you to OPPOSE Bill 2020-244

Please consider my perspective as you decide this important issue.

No doubt you have sincere intentions regarding bill 2020-244.

But remember . . . SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS, the majority of Jacksonville residents are being left out of this important conversation.

Do not force a MINORITY to force the rest of us to approved of a dangerous precedent.

VOTE NO!

Again, please oppose Bill 2020-244.

Please consider my perspective as you decide this important issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they

tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term “gender identity” covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of “sex-change” surgery/hormones) to HAVE LEGAL PROTECTION to use

women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

Dear Folks,

I have no problem with treating everyone equally, but I do take exception to letting letting men in women's rooms and women in men's rooms. You are opening yourself up to serious sexual abusive issues verses letting a very few trans gender folks go to a bathroom where their gender choice lies. It's interesting that such a small percentage of our population can push us to this point. If someone is dressed in their chosen gender, who would know or care where they use the restroom. It's taking these broad measures that adversely affect us all, that is wrong.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

Freedom: Personal Religious FREEDOM SHOULD NOT JUST BE LIMITED TO A BUILDING. You may have heard about Barronelle Stutzman, Jack Phillips, Blaine Adamson, and many others who have been sued because they wanted to honor God with their businesses. You probably have heard about them, but you probably don't know WHY anyone would "turn away money". REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

My name is Tonda Fox,

I respectfully ask you to OPPOSE Bill 2020-244

Please consider my perspective as you decide this important issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

My name is Jennifer Batchelor,

I respectfully ask you to OPPOSE Bill 2020-244

Please consider my perspective as you decide this important issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

My name is William Horsley,

I respectfully ask you to OPPOSE Bill 2020-244

Please consider my perspective as you decide this important issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

(if you want to understand both sides of this issue watch this short video

Freedom: Personal Religious FREEDOM SHOULD NOT JUST BE LIMITED TO A BUILDING. You may have heard about Barronelle Stutzman, Jack Phillips, Blaine Adamson, and many others who have been sued because they wanted to honor God with their businesses. You probably have heard about them, but you probably don't know WHY anyone would "turn away money". Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

My name is Jim Mallory,

I respectfully ask you to OPPOSE Bill 2020-244

Please consider my perspective as you decide this important issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

(if you want to understand both sides of this issue watch this short video

<https://m.youtube.com/watch?v=tg-MAMvklPE> or search "The Unintended Victims of Bathroom Bills and Locker Room Policies")

Freedom: Personal Religious FREEDOM SHOULD NOT JUST BE LIMITED TO A BUILDING. You may have heard about Barronelle Stutzman, Jack Phillips, Blaine Adamson, and many others who have been sued because they wanted to honor God with their businesses. You probably have heard about them, but you probably don't know WHY anyone would "turn away money". Please watch this short video of one grandmother sharing her story for herself... if you want to understand both sides

REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

My name is Sandra Jones,

I respectfully ask you to OPPOSE Bill 2020-244

Please consider my perspective as you decide this important issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

(if you want to understand both sides of this issue watch this short video

<https://m.youtube.com/watch?v=tg-MAMvklPE> or search "The Unintended Victims of Bathroom Bills and Locker Room Policies")

Freedom: Personal Religious FREEDOM SHOULD NOT JUST BE LIMITED TO A BUILDING. You may have heard about Barronelle Stutzman, Jack Phillips, Blaine Adamson, and many others who have been sued because they wanted to honor God with their businesses. You probably have heard about them, but you probably don't know WHY anyone would "turn away money". Please watch this short video of one grandmother sharing her story for herself... if you want to understand both sides

<https://m.youtube.com/watch?v=44jgKXnkJhU>

REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

(if you want to understand both sides of this issue watch this short video

Freedom: Personal Religious FREEDOM SHOULD NOT JUST BE LIMITED TO A BUILDING. You may have heard about Barronelle Stutzman, Jack Phillips, Blaine Adamson, and many others who have been sued because they wanted to honor God with their businesses. You probably have heard about them, but you probably don't know WHY anyone would "turn away money". REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most

controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

I support the passage of HRO. Jacksonville needs to show we understand the need for greater protections for victims of hate crimes. Currently, there are no legally guaranteed protections for victims of hate crimes based on gender identity or expression in the state of Florida, leaving a large portion of the LGBT community unprotected. Let's show the rest of Florida and the US that we understand the need that all people no matter their sexual orientation or gender identity are safe in our community.

Subject: HRO repair bill

Members of the Council,

We were one of the last cities in the country to adopt protections for our LGBT taxpayers. These were sane measures taken by the body to address a real issue in our community. The struggle to get to this point has cost Council members and many Jacksonville citizens countless long nights of discussion. I promise this city is willing to go through it all over again if common sense does not prevail. There has already been more than enough evidence entered into this debate and the Council made the right decision in 2017 by including LGBT citizens as a group which should have some protections and recourse against discrimination in our city. There is no reason to look backward. There is no reason to raise this as a referendum as human rights are not up for a vote. We have already seen enough stall tactics on this issue. If this body does not pass this Repair Bill to the HRO, it will be a stain on this city which will not be removed quickly. There is no bathroom boogeyman. There are no local businesses shutting their doors over this. Keep Jacksonville in the 21st century and keep the door shut on outside agitators like Roger Gannam and Liberty Counsel as they look for the last playgrounds in America to play their stupid and dangerous game. We are a better city than we were in 2017. Keep it that way. Pass the HRO Repair Bill.

Respectfully,

Paul Cordova

Representative DEMOCRACY: Bill 2020-244 is being hastily pushed through as our city is recovering from a global pandemic. Input from the public was already blocked at the first Council meeting. Is this openness to the people? If you feel that you can't wait until we can share our concerns about this bill with you face-to-face, put it on a referendum to let the whole city have a voice. If the people deserve a voice via referendum for a JEA sale, the people most certainly should have a voice on the most controversial bill in our city's history. REGARDLESS OF SINCERE INTENTIONS, Jacksonville is being left out of this important conversation.

Again, please oppose Bill 2020-244.

I hope you will take what I have shared to heart.

My name is David Ball,

I respectfully ask you to OPPOSE Bill 2020-244

Please consider my perspective as you decide this important issue.

No doubt you have sincere intentions regarding bill 2020-244. But, please remember that SINCERE INTENTIONS DON'T CHANGE WHAT A LAW MANDATES.

REGARDLESS OF SINCERE INTENTIONS

here is how Bill 2020-244 will harm Jacksonville... if it becomes law.

FACT: there has not been EVEN ONE public accommodation complaint made under the fraudulent 2017 bill. In other words, the bill has not even been used as intended. So, I ask you to remove sexual orientation and gender identity from the public accommodation section. The last few years have shown that it is TOTALLY UNNECESSARY. Remove it to make clear that you believe male sexual predators are not be welcome into the women's restrooms.

DID YOU KNOW? Some think Bill 2020-244 simply allows those who are or look like men to use the men's restroom, and those who are or look like women to use the women's restroom. This is, however, an idea based on stereotypes rather than Bill 244. The term "gender identity" covers a broad spectrum of expressions; in reality, there's no objective way to tell what a person's gender identity is by looking at them. REGARDLESS OF SINCERE INTENTIONS, Bill 2020-244 would allow even a bearded, biological man (who has never had any kind of "sex-change" surgery/hormones) to HAVE LEGAL PROTECTION to use women's and girl's restrooms, locker rooms, and even shower rooms if he says his identity and expression is feminine. Because of bill 244, a business would be threatened with fines or a lawsuit if they tried to stop that man. THIS IS WHAT THE BILL WOULD ENACT IN JACKSONVILLE (regardless of intentions)

(if you want to understand both sides of this issue watch this short video

Freedom: Personal Religious FREEDOM SHOULD NOT JUST BE LIMITED TO A BUILDING. You may have heard about Barronelle Stutzman, Jack Phillips, Blaine Adamson, and many others who have been sued because they wanted to honor God with their businesses. You probably have heard about them, but you probably don't know WHY anyone would "turn away money". REGARDLESS OF SINCERE INTENTIONS, should we expect anything different in Jacksonville?
