CRITERIA	
Section 656.101(l), Ordinance Code, defines a waiver as "a relaxation of the Zoning Code minimum street frontage, pursuant to Section 656.407, Ordinance Code."	
Section 656.133(d)1 through 5, Ordinance Code, provides that, with respect to action upon Applications for Waivers, the City Council shall grant a waiver for reduction of the minimum requirements for road frontage, if the Council makes a positive finding based upon substantial, competent evidence that the application meets all of the following five (5) criteria:	
i.	There are practical or economic difficulties in carrying out the strict letter of the regulation;
ii.	The request is not based exclusively upon the desire to reduce the cost of developing the site or to circumvent the requirements of Chapter 654 (Code of Subdivision Regulations);
iii.	The proposed waiver will not substantially diminish property values in, nor alter the essential character of the area surrounding the site and will not substantially interfere with or injure the rights of others whose property would be affected by the waiver;
iv.	There is a valid and effective easement for adequate vehicular access connected to a public street which is maintained by the City or approved private street;
v.	The proposed waiver will not be detrimental to the public health, safety or welfare, result in additional expense, the creation of nuisances or conflict with any other applicable law.

17. Given the above definition of a "waiver" and the aforementioned criteria by which the request will be reviewed against, please describe the reason that the waiver is being sought. Provide as much information as you can; you may attach a separate sheet if necessary. Please note that failure by the applicant to adequately substantiate the need for the request and to meet the criteria set forth may result in a denial.

I would like to hood over the
frontage from 60 to 50'.
All we are trying to do is build a Single
Family home, within limits.
See Attached Site plans, 1600 sqft home.
