Section 2. Purpose. The purpose of the appropriation in Section 1 is to complete the construction of Fire Station #64 at Dunn Avenue and Harts Road. Land has been purchased for Fire Station #64 and the remaining funds in the land account are necessary to complete construction of the station.

Section 3. CIP Amendment. Ordinance 2021-505-E, being the 2021-2025 Five-Year Capital Improvement Program for the City and certain of its independent agencies, is hereby amended to provide additional funding for the project entitled "Fire Station #64 (New).". The project is more fully described in the Project Information Sheet, attached hereto as **Exhibit 2** and incorporated herein by this reference. The Council finds that the deferral of this amendment of the CIP until the next annual budget and CIP review will be detrimental to the best interests of the community because such deferral will delay the urgent need to complete construction of the fire station and provide necessary services in this area. Pursuant to Section 122.605(c), *Ordinance Code*, enactment of this ordinance requires the affirmative vote of two-thirds of the Council members present at the meeting because of the CIP amendment set forth in this section. This ordinance shall constitute an amendment to Ordinance 2019-505-E. In all other respects, the Five-Year Capital Improvement Program approved by Ordinance 2021-505-E shall continue in full force and effect.

1 **Section 4. Requesting one cycle emergency passage pursuant**
2 **to Council Rule 4.901 Emergency.** One cycle emergency passage of
3 this legislation is requested. The nature of the emergency is that a
4 delay would be detrimental to the best interests of the community
5 because there is an urgent need to complete the construction in order
6 to reduce response times and provide necessary emergency services in
7 this area.

8 **Section 5. Effective Date.** This ordinance shall become
9 effective upon signature by the Mayor or upon becoming effective
10 without the Mayor's signature.
