BE IT ORDAINED by the Council of the City of Jacksonville:

Section 1. Appropriation. For the 2021-2022 fiscal year,
within the City's budget, there is hereby appropriated the
indicated sum(s) from the account(s) listed in subsection (a) to
the account(s) listed in subsection (b):
(B.T. 22-110, attached hereto as **Exhibit 1** and incorporated herein
by this reference)

-----------------	-------------

(b) Appropriated to:

See B.T. 22-110	\$1,369,117
-----------------	-------------

(c) Explanation of Appropriation:

The funding above represents an appropriation of grant
funding in the amount of \$1,369,117 from the State of
Florida Department of Environmental Protection (FDEP) for
the Wills Branch Creek Dredge Project.

1 **Section 2. Purpose.** The purpose of the appropriation in
2 Section 1 is to provide funding to dredge approximately 42,213
3 cubic yards of sediment and vegetation from the bottom of Wills
4 Branch Creek and an additional 1,156 cubic yards from the creek
5 embankment (the "Project"). The dredging will occur from Old
6 Middleburg Road to approximately 2000 feet east of Lane Avenue.
7 The Project will also include the addition of rip rap reinforcement
8 and plantings along the creek embankment. This area is one of the
9 main drainage pathways along the St. Johns River and has
10 historically been prone to flooding. The Project will provide
11 crucial flood relief and increased resilience for the residential
12 properties along Wills Branch Creek. A copy of the State of
13 Florida Department of Environmental Protection Standard Grant
14 Agreement (Agreement Number: 22FRP101) providing the terms and
15 conditions relative to receipt and expenditure of the grant funds
16 has been placed **On File** with the Office of Legislative Services.

17 **Section 3. Capital Improvement Plan Amendment.** Ordinance
18 2021-505-E, adopting the 2022-2026 Five-Year Capital Improvement
19 Plan (the "CIP") for the City and certain of its independent
20 agencies, is hereby amended to reflect additional funding for the
21 Project as more fully described in the Project Information Sheet
22 attached hereto as **Exhibit 2** and incorporated herein by this
23 reference. The City Council finds that the deferral of this
24 amendment of the CIP until the next annual budget and CIP review
25 will be detrimental to the best interests of the community because
26 such deferral will result in unnecessary delay of the Project and
27 loss of grant funding for the Project.

28 Pursuant to Section 122.605(c), *Ordinance Code*, enactment of
29 this Ordinance requires the affirmative vote of two-thirds of the
30 City Council members present at the meeting because of the CIP
31 amendment set forth in this section. This Ordinance shall

1 constitute an amendment to Ordinance 2021-505-E. In all other
2 respects, the Five-Year Capital Improvement Plan approved by
3 Ordinance 2021-505-E shall remain unchanged and continue in full
4 force and effect.

5 **Section 4. Oversight.** The Public Works Department shall
6 oversee administration of the grant and the Project described
7 herein.

8 **Section 5. Effective Date.** This Ordinance shall become
9 effective upon signature by the Mayor or upon becoming effective
10 without the Mayor's signature.
