The funding above is a grant from the State of Florida Department of Economic Opportunity through the Florida Defense Support Task Force ("FDSTF") and administered by Enterprise Florida, Inc. These funds will be used to support the City's Encroachment Protection/Compatiable Land Use Program for the procurement of restrictive use easements on properties within the Military Influence Zone surrounding Naval bases and airfields in Duval County. The grant period commences on July 1, 2022 and continues through June 30, 2023. No local match is required.

Section 2. Purpose. The purpose of the appropriation in Section 1 is to allocate grant funds from the State of Florida Department of Economic Opportunity through FDSTF for the City's Encroachment Protection/Compatible Land Use Program (the "Program"). The Program was established in partnership with the United States Department of the Navy to protect naval bases and airfields in Duval County from encroachment by incompatible land uses and development within the Military Influence Zones through the procurement of restrictive use easements. These grant funds will be utilized along with funding from the Department of Defense in furtherance of the Program's objective by purchasing additional restrictive use easements on properties surrounding NS Mayort, NAS Jacksonville and
