In accordance with Ordinance 2023-67, which designates a 6,174-acre MU land use category on the Future Land Map, the owner or authorized agent shall develop a conceptual long-term master plan addressing the entire 6,174-acre site. The conceptual master plan shall be subject to review and approval by the City Council prior to submittal of land development reviews and approvals. Development within the site shall be consistent with the conceptual master plan, and development shall not be permitted until such time as a conceptual master plan is approved by the City Council.

More specifically, uses consistent with the following land use categories are permitted: Low Density Residential (LDR), Medium Density Residential (MDR), Residential-Professional-Institutional (RPI), Community/General Commercial (CGC), Recreation and Open Space (ROS) and Conservation (CSV), all consistent with the Multi-Use Land Use Category.

The following specific densities and intensities are permitted consistent with the Multi-Use Land Use Category:
