**CRITERIA**

Section 656.101(l), Ordinance Code, defines a waiver as "a relaxation of the Zoning Code minimum street frontage, pursuant to Section 656.407, Ordinance Code."

Section 656.133(d)1 through 5, Ordinance Code, provides that, with respect to action upon Applications for Waivers, the City Council shall grant a waiver for reduction of the minimum requirements for road frontage, if the Council makes a positive finding based upon substantial, competent evidence that the application meets all of the following five (5) criteria:

- i. *There are practical or economic difficulties in carrying out the strict letter of the regulation;*
- ii. *The request is not based exclusively upon the desire to reduce the cost of developing the site or to circumvent the requirements of Chapter 654 (Code of Subdivision Regulations);*
- iii. *The proposed waiver will not substantially diminish property values in, nor alter the essential character of the area surrounding the site and will not substantially interfere with or injure the rights of others whose property would be affected by the waiver;*
- iv. *There is a valid and effective easement for adequate vehicular access connected to a public street which is maintained by the City or approved private street;*
- v. *The proposed waiver will not be detrimental to the public health, safety or welfare, result in additional expense, the creation of nuisances or conflict with any other applicable law.*

17. Given the above definition of a "waiver" and the aforementioned criteria by which the request will be reviewed against, please describe the reason that the waiver is being sought. Provide as much information as you can; you may attach a separate sheet if necessary. Please note that failure by the applicant to adequately substantiate the need for the request and to meet the criteria set forth may result in a denial.

To Whom it May Concern:

Germantown Annex property lots 5, 12, 13, 14, & 15 were purchased by my parents in the 50's. Unfortunately, only a small road frontage was given to my parents to access the property. They have now deceased, so the property was given to their children, of which I am their daughter.

We have all raised our families on this land and appreciate our family influences in this wonderful environment. Now, my husband and I would like to share part of our land with our children.

The purpose for this waiver is to enable my daughter/son-in-law, (Chelsey and David Shirey), to build a house on this property in the future. We have not divided the property for them yet, since we learned they cannot build a house unless we have a waiver for frontage approval.

Thank you for considering our request.

Holly and Joel Reinhardt
