PURPOSE: White Paper (Explain why this legislation is necessary. Provide, who, what, when where, how and the impact.) Council Research will complete this form for Council introduced legislation and the Administration is responsible for all other legislation. (Minimum of 350 words – Maximum of 1 page)

The Cosentino Group is a global Spanish family-owned company that produces and distributes high value innovative and sustainable surfaces for the world of design and architecture.

The City intends to sell approximately 350 acres for over \$20 million (with an option for an additional 150 acres) of the Mega Site at Cecil Commerce Center to Cosentino. All funds from the sale of the land will be deposited into the Cecil Commerce Center Trust Fund. Cosentino intends to develop the land with the first phase of their multi-phased manufacturing operations. The development of the Mega Site is complex with the need for the City to provide roadway improvement to access the site; install utilities to the site; construct rail to the site (utilizing the State’s Job Growth Grant Fund); ensure the property is predominantly free of wetlands; and ensure stormwater drainage on site is adequate.

OED has been working with Cosentino, the Office of General Counsel, and others in drafting and Economic Development Agreement that establishes the roles, responsibilities and obligations of each party. The legislation will include the EDA which establishes the funding needed for the necessary improvements listed above and a 50 percent REV Grant over 10 years, capped at \$12 million.

Cosentino has stated continuously throughout the drafting of the EDA, that the City of Jacksonville incentives are a material factor in its decision to establish its new manufacturing operation in Jacksonville, as opposed to another location.

The Office of Economic Development proposes to provide a Recapture Enhanced Value (REV) Grant of 50% of the increased assessed value for a duration of 10 years not to exceed \$12 million. Furthermore, this legislation will allocate funding from the Debt Management Fund to 1) extend Logistics Lane (\$3 million); and 2) provide up to \$2.5 million to JEA (to match JEA funds) to extend utilities to the site. The Debt Management Fund is being utilized as a vehicle for this legislation to move forward; however, it is expected that the estimated \$20.5 million proceeds from the sale of the land will be utilized to fund the above referenced improvements upon the closing of the land sale. Thus, relieving the Debt Management Fund obligation in this legislation.
