In coordination with the Florida Department of Emergency Management, Jacksonville Fire and Rescue Department (JFRD) was able to acquire five (5) 100 HP CAT skid steers that each have multiple attachments. These pieces of equipment are part of the JFRD Heavy Equipment Team (HET) that supports JFRD's FLTF-5 Urban Search and Rescue (USAR) team, Emergency Road Access Teams (ERAT), while also performing wildland mitigation work to prevent the spread of forest fires. In the very short time JFRD has owned the skid steers, the equipment has been used to respond to several local and statewide disasters. Currently, JFRD has to piecemeal undersized trucks and trailers to move this equipment. JFRD needs dedicated transport equipment to rapidly move JFRD HET skid steers.
