It would be an honor to serve Jacksonville through the **Historic Preservation Commission**.

PROFESSIONAL

2010 – PRESENT

LICENSED CLINICAL SOCIAL WORKER (LCSW-QS), DEPT OF VETERAN AFFIARS

Provides mental health counseling, crisis intervention, and practical care management to military Veterans who are homeless and/or at-risk in Northeast Florida through HUD-VASH. Collaborates with organizations in the community and local governments to provide the best possible services to our Veterans. Engaged in various committees and activities regarding homelessness and mental health. Qualified Supervisor for private practice.

COMMUNITY / VOLUNTEER

Have led or been significantly involved in many organizations with missions to improve Jacksonville, most notably Springfield Preservation & Revitalization (SPAR), Scenic Jacksonville, Greenscape of Jacksonville, Groundwork Jacksonville, Riverfront Parks Now, Changing Homelessness, Springfield Area Merchant & Business Association (SAMBA), COJ Urban Core CPAC, COJ Special Committee on Resiliency, JSO Sheriffs Watch, LISC Jacksonville's EPIC Communities, American Legion, JAX Chamber Hightower Fellowship, and Leadership Jacksonville. My two main buckets of community work are:

2009 – PRESENT

HISTORIC PRESERVATION AND BUILT ENVIRONMENT

I have served in various leadership roles regarding Historic Preservation and improving our Built Environment over the past the past 15 years. While in leadership with Springfield Preservation and Revitalization (SPAR), I assisted in establishing Groundwork Jacksonville and Jacksonville PorchFest, two entities which support historic preservation. I also resurrected the design/preservation committee, which I currently chair, and which advises on both preservation and new infill projects. Outside of Springfield, I currently serve as Vice President of Scenic Jacksonville, who also advises on historic preservation and adaptive reuse projects, mostly in Downtown Jacksonville, as well as placemaking and beautification principles. I currently serve on the board of Greenscape of Jacksonville, whose mission is to plant, protect and promote our invaluable tree canopy. I currently serve on the Riverfront Parks Now steering committee, which has led the way in pushing for world class riverfront public spaces to be a key art of Downtown Jacksonville's near-term future. I currently participate in the Blue Zones Built Environment working group, pushing for healthier, safer urban environments. I received recognition from Mayor Alvin Brown for local environmental work in Springfield in 2015, and later participated in the City Council Special Committee on Resiliency in 2020. In May 2023, I was a featured panelist speaking about local historic preservation efforts at the American Planning Association (APA) First Coast Chapter panel event, and in September 2023 I co-led a tour of the Historic Eastside and Springfield communities for the annual APA State of Florida conference held in Downtown Jacksonville. I have written guest columns in The Jaxson promoting various related causes, as well. Of course, I would avoid any conflicts moving forward, should I be selected to serve.

2020 – PRESENT

STRATEGIC LEADERSHIP

I currently serve in leadership positions at the JAX Chamber Hightower Fellowship, which empowers the next generation of leaders via influence development, as well as Leadership Jacksonville, the longest tenured civic leadership program in our region, now serving on the 2023 program leadership team. I participate on Changing Homelessness's grant selection committee, and I will be starting the WJCT Community Advisory Board later this year, as well.
