Criteria for Exception:

Yes, there are several other restaurants operating with 4COP/SFS licenses in the area. This particular location has been licensed as a 4COP SFS in the past as well.

(iii) Will not have an environmental impact inconsistent with the health, safety and welfare of the community;

This exception will not have an environmental impact inconsistent with the health, safety and welfare of the community as all zoning requirements will be followed.

(iv) Will not have a detrimental effect on vehicular or pedestrian traffic or parking conditions, and will not result in the generation or creation of traffic inconsistent with health, safety and welfare of the community;

There will be no detrimental effect on vehicular or pedestrian traffic or parking conditions as the property has been continuously used as a restaurant with 4COP SFS license for the past several years.

(v) Will not have a detrimental effect on the future development of contiguous properties or the general area, according to the Comprehensive Plan, including any subsequent plan adopted by the Council pursuant thereto;

There will be no detrimental effect on future development of contiguous properties or the general area as the property is consistent with the Comprehensive Plan, including any subsequent plan adopted by Council.

(vi) Will not result in the creation of objectionable or excessive noise, lights, vibrations, fumes, odors, dust or physical activities taking into account existing uses or zoning in the vicinity;

This exception will not create excessive noise, lights, vibrations, fumes, odors, dust or physical activities as the 4COP SFS license is meant to offer a more diverse menu to our guests and not add additional capacity.

Public services and facilities will not be overburdened by the 4COP SFS license for this establishment.

(viii) Will be sufficiently accessible to permit entry onto the property by fire, police, rescue and other services;
