RE: Denial of 2024-0153 at 10786 Craig Boulevard (RE# 162105-0000)

The Greater Arlington/ Beaches CPAC voted to deny LUZ request 2024-0153, a PUD application located at 10786 Craig Blvd to permit the development of an Amazon Warehouse for the following reasons:

- The proposed ingress and egress from the proposed development will significantly affect the community directly south of the proposed intersection by restricting access to westbound Atlantic Blvd and adding two additional traffic lights within 50 yards of the current intersection. This addition of signals will have a devastating effect on the traffic to and from a well-established community.
- The addition of 100's of semi-tractor trailer traffic, plus a fleet of smaller delivery trucks and vans to the already heavy traffic load of Atlantic Boulevard will have a devastating effect on all the communities along the Atlantic Boulevard corridor from I-295 to the Intercoastal waterway. The development of at least 12 car dealerships along this portion of the north side of Atlantic Boulevard has already adversely impacted local traffic, the access to and from local communities and serenity of these quiet communities.

The Greater Arlington/Beaches CPAC recommends DENIAL.

Sincerely,
