

# **Dames Point Crossing PUD**

## **Written Description**

**Date: November 1, 2023**

### **I. SUMMARY DESCRIPTION OF THE PROPERTY**

- A. Current Land Use Designation: Community/General Commercial
- B. Current Zoning District: Planned Unit Development (PUD) Ordinance 2003-192-E
- C. Requested Zoning District: PUD
- D. RE #: 112897-1545
- E. Project Planner: N/A
- F. Project Engineer: N/A
- G. Project Developer: Autozim, LLC.

### **II. SUMMARY DESCRIPTION OF THE PLAN**

The Applicant proposes to rezone approximately 0.52± acres of property from PUD to PUD. The previous PUD encompassed approximately 37 acres and was intended to permit commercial retail, office, and multi-family uses. More specifically, the subject parcel lies within what was identified as Parcel A of the 2003 PUD. This property lies east of the former Crest Chevrolet that was the intended user of Parcel C in the previous zoning. In 2013, the auto dealer parcel was again rezoned to permit recreational vehicle sales, and the servicing of the same.

The proposed PUD is required to permit one additional use (small scale warehousing). The size of the property does not lend itself to numerous uses that were permitted in the 2003 ordinance and as such the list of permitted uses is being reduced. Furthermore, the location of the property, abutting the service road of SR-9A (I-295) and lying east of the existing RV sales lot, the proposed use is both appropriate and would not serve to negatively impact any surrounding property. This PUD would retain most of the original limitations of the 2003 PUD, and further reduce the list of permitted uses. The PUD would support a logical development pattern, considering the original PUD and the development trends near this interchange.

The surrounding uses include the RV Sales and service establishment to the west, across Dames Point Crossing Boulevard, and a hotel (Woodsprings Suites) both developed under the same 2003 PUD.

The subject Property is vacant, not within any designated flood zone, and the property has no unique features or topography. Development is intended commence immediately upon approval of the entitlements and required permitting. It should also be noted that the developer understands and will

- G. **Parking and Loading Requirements.** The proposed PUD will provide the required parking facilities to support the proposed use. Parking within the PUD will be provided in accordance with the City's off-street parking and loading requirements as set forth in Part 6 of the City of Jacksonville Zoning Code as well as applicable parking standards outlined in Section 656.399.62(E).
- H. **Landscaping/Fencing/Screening.** The development will comply with all provisions of Part 12 of the Zoning Code, including the appropriate perimeter landscaping.
- I. **Stormwater Retention.** Stormwater retention/detention systems will be developed in accordance with the requirements of the City of Jacksonville and the St. Johns River Water Management District.
- J. **Utilities.** JEA will provide all electric power in addition to water and sewer services.
- K. **Modifications.** Amendments to this approved PUD district may be accomplished through either an administrative modification, minor modification, or by filing an application for rezoning as authorized by Section 656.341 of the Zoning Code.
- L. **Conceptual Site Plan.** The configuration of the development as depicted in the Site Plan (Exhibit 4 dated 4/24/2023) is conceptual and revisions to the Site Plan, may be required as the proposed development proceeds through final permitting, subject to the review and approval of the Planning and Development Department and RA CRA Design Review as applicable.

### III. PUD REVIEW CRITERIA

- A. **Consistency with Comprehensive Plan.** The Property is currently designated CGC, which permits all uses intended by the developer. The proposed development is consistent with the following components of the 2045 Comprehensive Plan:

**Goal 3, Objective 3.2, Polices 3.2.2, 3.2.6, 3.2.11.**

**Roadways / Consistency with the Concurrency Management/ Mobility System.** The development of the Property will comply with the requirements of the Concurrency Management System. An application for concurrency and Mobility will be submitted concurrently to the Concurrency Management System Office.

- B. **Allocation of Residential Land Use.** This proposed development does not include residential use and would therefore not exceed the projected holding capacity reflected in Table L20 of the Future Land Use Element of the 2045 Comprehensive Plan.
